Quantico Meeting To See New Cofs

The new Army Chief of Staff will at-
tend the annual work-and-play Defense
Department Secretary's Conference at
Quantico, Va., on 14-17 July.

That's a full month before General
Matthew B. Ridgway's "tour" expires on
16 August.

Defense Secretary Charles E. Wilson
said this week that the new Chief is just
about selected.

Here's the transcript of his remarks
(Please turn to Next Page)

NEW DEFENSE BUDGET

Here is the box score on new funds approved for the Armed Services for the
coming fiscal year by the House Appropriations Committee:

	Approved This Year	Requested For Next Year	Approved For Next Year
Office, SecDef	\$ 12,750,000	\$ 12,750,000	\$ 12,400,000
Interservice	527,500,000	682,250,000	672,250,000
Army	7,619,066,986	7,573,980,000	7,329,818,000
Navy	9,712,823,500	9,180,157,000	9,071,834,000
Air Force	10,927,930,000	14,783,678,000	14,401,904,000
Total	\$28,800,070,486	32,232,815,000	31,488,206,000

Funds approved by the Committee are \$744,609,000 less than the amount
asked by the President. The biggest reduction (\$381,774,000) was made in the
Air Force request; the Army request was reduced \$244 million; the Navy re-
quest, \$108 million; interservice activities were cut \$10 million, and \$350 thou-
sand was sliced from funds requested to operate the office of the Secretary of
Defense.

House OKs Higher Tag for Family Quarters; Pentagon Urges Increased Floor Space

The maximum amount that may be
spent for family quarters of Service fam-
ilies has been boosted from \$14,040 to
\$20,000 in the new Defense budget.

In separate legislation, the Defense
Department also is asking that the max-
imum net floor area be increased for on-
base housing.

As reported by the House Appropria-
tions Committee, the fiscal '56 budget per-
mits the Services to construct homes
costing up to \$20,000 for general and flag
officers; \$18,000 for colonels and Navy
captains; \$16,000 for lieutenant colonels/
commanders and majors/lieutenant com-
manders; \$14,000 for all other officers and
\$12,000 for enlisted personnel.

At present, no home may cost more
than \$14,040.

The new ceilings will be utilized in the
construction of almost 30,000 homes dur-
ing fiscal '56 if Congress approves the
Pentagon's housing plan.

Included in the housing program is an
increase in the square footage allowance
which will authorize 2,100 square feet for
the homes of general officers, 1,760 square
feet for colonels, 1,400 for lieutenant col-
onels and majors, 1,250 for other commis-
sioned officers and warrant officers and
1,080 for enlisted personnel.

Present law, although it provides the
above ceilings, also limits construction to
a maximum of 1,250 square feet re-
gardless of rank and to an average of
1,080 square feet. The Defense De-
partment is asking that the higher authori-
zations be re-established.

CONFIRM ARMY COLS.

The Senate has confirmed the nomi-
nations of 270 Army officers for pro-
motion to the permanent rank of
Colonel.

The names of those confirmed are
listed on page 1074, THE JOURNAL,
7 May.

AF Tells Housing Need, Asks Funds For New Bases, B-52 Pavement Work

The Air Force has asked Congress to
vote authorization for \$118 new family
housing units and to approve construc-
tion of two new bases in the U. S. "to
satisfy urgent requirements."

Testifying be-
fore the House
Armed Services
Committee this
week on a \$1-
173,790,000 Air
Force public
works authoriza-
tion request,
Maj. Gen. Lee
B. Washbourne,
USAF, said that
family housing
will account for
\$110,612,000, or
9.4 per cent of
the total.

Biggest single
category is for
airfield pavement
improvement which
will cost \$237,596,000.

Maj. Gen. Washbourne

Noting that SAC will get 19.1 per cent
of the entire program, General Wash-
bourne, who is Assistant Chief of Staff,
Installations, said that almost one third
of SAC's \$224,576,000 slice "is for airfield
pavements, principally wider and longer
runways and wider taxiways to provide
capability for operation of the B-52 heavy
bomber and safe sustained operation of
the B-47 medium bombers of the SAC
striking forces."

General Washbourne said that the Air
Defense Command will get 16.7 per cent
of the Air Force funds, with \$100,409,000
to be used for the aircraft control and
warning system and \$95,830,000 for ADC,
of which one fourth will be for family
housing.

The ADC program will initiate con-
struction at two new bases—Buck-
ingham Weapons Center, Fla., which would
augment the Yuma AFB, Ariz., Weapons
Employment Center, where fighter inter-
ceptor squadrons are trained, and a site
in the Greater Milwaukee area, Wisc., to

MILITARY OFFICIALS from Caribbean Command greet observers from the U. S.
as they arrive at Albrook AFB for the joint Army-Navy-Air Force operation "Bar-
racuda I." Left to right: Col. John W. Oberdorf, Commander, Albrook AFB; Maj.
Gen. Wayne C. Smith, Commanding General, 11th Airborne Division, Ft. Camp-
bell, Ky., whose paratroopers played a key role in the exercise; Brig. Gen. Hoyt L.
Prindle, Chief of Staff, 18th Air Force, which furnished all the air movement sup-
port of the operation; Maj. Gen. Reuben C. Hood, Commander, Caribbean Air Com-
mand, and Maj. Gen. Lionel C. McGarr, Commanding General, U. S. Army Carib-
bean, and Task Force McGarr, which carried out the operation of Barracuda I.

Navy Moves To Train More Officers & EM In Nuclear Power; Will Open A-School

The Navy soon will go into the business
of training officers and enlisted men in
the basic theory of nuclear power.

The first class of students is expected
to convene in January, 1956, at the U. S.
Naval Submarine School, Submarine
Base, New London, Conn.

At present, all training of Naval per-
sonnel for duty in the nuclear power

program is conducted by private con-
tractors in conjunction with the Atomic
Energy Commission.

Institution of the new basic course does
not mean that the Navy plans to abandon
the training programs now in effect at
West Milton, N. Y., and at Idaho Falls,
Ida. On the contrary, the New London
(Please turn to Next Page)

Navy To Train In Nuclear Power

(Continued from First Page)

course will precede operator training at these two sites.

The new course is being set up in a move to qualify more officers and EM to fill billets in the Navy's expanding nuclear power program.

This is the way the Navy envisions the new program will operate.

Students will first attend a basic nuclear power course of instruction at the Submarine School in January 1956. Thereafter, new courses will meet every six months. Upon completion of the basic course, students will be reassigned to the appropriate land prototype reactor for practical operator training.

The Navy's existing programs at Idaho Falls and West Milton draw only upon men who have qualified in conventional submarine operations. As the new program advances, the Navy may be able to take men directly out of basic Subma-

rine School and place them in the nuclear submarine training program. This direct assignment, however, is not anticipated for several years.

At present, the civilian plants are training officers and EM as replacements for the Nautilus and Sea Wolf crews. Some of those now assigned to existing training courses will be reassigned as staff members to presently planned Nuclear Power Training Units at the sites of the land prototype reactors and to the U. S. Naval Submarine School.

In another move to broaden its nuclear power program, Navy Secretary Charles S. Thomas recently directed that a commanding officer be assigned to the Idaho Falls and West Milton plants. The first commanding officer, Lt. E. G. Hanson, USN, reported to assume duties as head of the U. S. Naval Nuclear Training Unit, National Reactor Test Station, Idaho Falls, on 1 May. A commanding officer of the West Milton site, Schenectady, New York, will move into the new billet on 1 Sept.

The mission of both officers is to provide training to Naval personnel in the operation and maintenance of nuclear power plants and to furnish personnel to

operate the land prototype reactors.

The crew of the Nautilus, which was trained at Idaho Falls for about three years, and has been assigned to the ship since January, is now engaged in a shake-down cruise aboard the world's first nuclear powered submarine. The revolutionary sub is slated to return to New London sometime in June. She was to be in San Juan, P. R., this week-end.

The second nuclear powered submarine, the Sea Wolf, is scheduled for commissioning this summer. An exact date has not yet been set. Her crew is now in a training status at the civilian plant at West Milton. Funds for two more nuclear powered submarines have already been appropriated and funds for an additional three vessels are now under consideration by Congress.

AF Housing

(Continued from First Page)

relieve congestion at O'Hare International Airport, Ill.

Emphasizing the need for new housing, General Washbourne said the program proposed to Congress "constitutes a milestone of tremendous importance to the Air Force."

Here is a breakdown of the family housing by units for the various commands:

ADC-1664	R&D-85
AMC-178	SAC-3384
ATC-825	TAC-1187
ConAC-113	MATS overseas-60
MATS-622	

In addition to the family housing, the Air Force asks \$40,169,000 for personnel facilities to provide adequate recreation for forces around the world and \$84,146,000 for improvements of troop housing and messing facilities.

General Washbourne told the Committee that the Air Force public works program affects construction at 255 principal bases out of a total of 346 expected to be in operation by the end of 1957.

The Air Force would spend \$703,390,000 for projects in the U. S., with \$465,000,000 for overseas and \$5,000,000 listed for "unforeseen construction."

Changing Station? Notify the Army Navy Air Force Journal promptly to avoid missing any issues.

"New" CofS To Attend Quantico Meeting

(Continued from First Page)

at a news conference on this subject:

Press: Mr. Secretary, it is expected that the new Army Chief of Staff will be at the next Quantico meeting?

Secretary: Yes.

Press: That is usually held before August, isn't it?

Secretary: I was just thinking how I could answer that for you.

Press: It has in previous years.

Secretary: I think it will be before August.

Aide: July 14 to 17.

Press: Who is he, Mr. Secretary?

Secretary: Well, let's be a little patient on that.

Press: Have you already selected him?

Secretary: I think the answer to that would be about, you know, like Ivory soap, about 98 per cent.

Press: 99.

After a few other questions, newsmen returned to the Chief of Staff development.

Press: Mr. Secretary, is this new Chief of Staff in the country at this time?

Secretary: I don't want to start that parlor game of "Twenty Questions."

Press: May we just ask this one more? It's not General Ridgway, is that a correct inference?

Secretary: I would rather not comment.

Maj. S. L. Forster Logs 100 Hrs. in Turbo-prop

The first pilot of the Military Air Transport Service to log 100 hours' flying time in a turbo-prop aircraft is Maj. Stanley L. Forster, chief of operations for the MATS 1700th Test Squadron (Turbo-Prop) at Kelly AFB, Tex.

The primary mission of the test squadron is to put the maximum amount of flying hours on the new power plants in the minimum time to obtain operational data on the serviceability of the turbine-propeller engine. The YC-131C is powered by two Allison YT-56 turbo-prop engines driving Aero product propellers.

Major Forster began flying the YC-131C on 5 January 1955 at Edwards Air Force Base, Calif. On 20 January he delivered the first of two YC-131Cs to Kelly from Edwards, making the 1200-mile flight in three hours and 20 minutes.

Since then he has made cross-country flights to Washington, D. C., and to Travis AFB, Calif., in the Convair Turbo-Prop.

Navy Officers Sport Shorts Overseas, Little Hope Seen For D. C. Heat Relief

A little hot under the collar with the approach of Summer, many U. S. based Naval officers are turning envious eyes at overseas officers who are wearing the new tropical white uniform.

The open-necked shirt, with shoulder boards, and long trousers or shorts already are in use at five overseas areas.

The dashing new tropical whites are being sported in the Canal Zone, the Philippines, the Marianas, the Middle Eastern Force, and Service Squadron Three in the Far Western Pacific.

Changes to Navy Uniform Regulation, which will permit the optional wear of tropical white long or shorts by officers and CPO's — at the discretion of Naval District commanders—are expected to be distributed throughout the Navy in June. It is probable that some Southern Naval Districts will adopt the whites; there seems little hope, however, that such a

move will be made in humid Washington, D. C. It is known that top-ranking Naval officers view the idea with disfavor.

The idea was first considered on 30 March 1954, following a recommendation by Commander, Middle Eastern Force. In the Summer of 1954, a three-month wear test was conducted by personnel of Service Squadron Three and the Philippines. It was reported that the majority of officers who wore the whites, or who have seen them worn, approve of the idea.

In addition to comfort, another factor considered was cost. Since all items of clothing which comprise the tropical white uniform are already prescribed items in a Naval officer's wardrobe, excluding the open-necked shirt and the shorts, the added expense would be minimum.

The shirt costs approximately \$2.50 and the shorts, if desired, runs from about \$2.75 to \$3.00.

RAdm. Riebe Assumes Duties as Dental IG

RAdm. Herman P. Riebe, DC, USN, has assumed the duties of Inspector General, Dental, Navy Department.

He reports to his new post from duty as Inspector, Naval Dental Activities, Pacific Coast, with additional duty on the staff of Commander, Western Sea Frontier, and as District Commander, 12th Naval District.

The Admiral occupies the position vacated by RAdm. Ralph W. Malone, DC, USN, who is now serving as Assistant Chief for Dentistry and Chief of the Dental Division, Bureau of Medicine and Surgery.

Commissioned in 1926, he rose to the rank of Captain during WWII and was picked for flag rank in 1951. He is married to the former Dorothy Edna Osborn of Berkeley, Calif.

Legal Training Restrictions Retained In Budget; Navy "Very Much Concerned"

Present restrictions on the legal training of Service personnel have been continued by the House Appropriations Committee in the new military budget.

The limitation prohibits the Services from spending funds to train officers in the legal profession and from paying for their tuition for law training in civilian colleges and universities.

Officers already attending law courses may continue their work under the provisions of the Appropriation Act, and the Services also may pay up to 75 percent of the off-duty training and tuition expenses of officers studying law.

Admiral Robert B. Carney, Chief of Naval Operations, had told the group that he is "very much concerned," that the Navy and Marine Corps are unable to

educate "a few officers of these services each year in law."

He said the restrictions contained in the appropriations act "have tended to deprive the command element of the Navy of its authoritative interest in legal matters and has removed from the Navy and Marine Corps a right to have, in the ranks of those qualified to command at sea or in the field, a proper leaven of legal experience and qualification."

In retaining the restriction, the Committee said it "does not feel that all avenues of approach to the solution of the problem have been sufficiently explored." It suggested that "consideration be given to seeking legislative sanction for recruiting lawyers in a manner similar to recruitment of doctors and dentists."

Retention Of 11,000 Lb. Household Goods Limit Works "Hardship" On Top Officers

The current 11,000 pound limitation on the shipment of household goods of military families has been continued in next year's budget.

The action was taken by the House Appropriations Committee despite a strong plea from Defense Secretary Wilson to erase the restriction.

Mr. Wilson said the 11,000 pound limitation "creates a hardship on all officers in the general and flag grades." He had proposed, if the Committee would drop the restriction, to set an administrative limit of 15,000 pounds on the household goods shipments of three- and four-star officers.

These senior officers, the Defense Secretary said, "have had long years of faithful service. The representation of their

services, and, in many cases, of the United States Government, especially in foreign areas where their responsibilities are both professional and diplomatic, dictates a standard of living adequate thereto."

If the limitation had been dropped, major generals and rear admirals of the upper half would have been authorized to ship 14,500 pounds; brigadier generals and rear admirals of the lower half would have been authorized 12,000 pounds.

Not affected by the restriction are officers in grades of colonel and below. They are limited as follows: Col., 11,000; LCol., 10,000; Maj./W-4, 9,500; Capt./W-3, 7,500; 1st Lt., 7,500; 2d Lt., 7,000; E-7, 6,000; E-6, 5,500; E-5, 5,000; E-4, 4,500 or 3,000.

Dozen SAC Bases Get Sentry Dog Teams by Aug.

Twelve Strategic Air Command bases will be assigned sentry dog teams by the end of July.

Five SAC bases already have the dog teams. They are Barksdale, Ramey, MacDill, Castle, and March. Other bases which will be included in the program this fiscal year are Sedalia, Smoky Hill, Mountain Home, Lincoln, Briggs, Hunter and Davis-Monthan. Each base will be assigned 10 to 25 sentry dog teams.

The program may ultimately include all SAC bases. However, at the end of the current fiscal period, the program will be taken over by Headquarters, USAF, and the assignment of sentry teams will then be made on an Air Force-wide basis.

You'll get special attention from Journal advertisers—they cater to Service personnel.

MAJ. GEN. G. B. BARTH (right), Chief of the Joint U. S. Military Aid Group, Greece, recently presented 500 Army pyramidal tents as a gift of the U. S. Government for the relief of the victims of the recent earthquake that practically destroyed the city of Volos, Greece. The tents were speeded to the stricken city from Leghorn, Italy, aboard the cruiser USS Albany. Shown above, during the ceremony, are (left to right) Lt. General Messinopoulos, Greek National Army, Government Coordinator; the Most Reverend Ioakim, Bishop of Volos; Lt. Col. Voyatzis, JUSMAGG, and General Barth.

600 Army Co. Grade Officers Due Out

The Army, putting into effect a new policy, has revealed that 525 captains and 75 first lieutenants have twice failed of selection for higher temporary rank and face elimination from active duty.

The intention to use this procedure was announced last December.

It was explained that the seemingly disproportionate number of captains to be released from active duty results from the fact that the zone of consideration for temporary major contained a "far greater number" of previous pass-overs than did the zone of consideration to captain.

According to an Army statement, "the separation aspect of the Long Range Vitalization Program is essential to the maintenance of the high standards required for the officer corps under modern peacetime conditions, and will enhance the value of an Army career to those highly capable Reserve officers who can meet the requirements."

In the past, the two pass-overs and out policy has affected only permanent promotions in the Regular Army.

Reserve officers now are released from active duty if they are not selected for temporary advancement to the same grade by two separate selection boards, provided that the reports of these boards are made more than a year apart.

Regular officers who fall into this category are referred to a Screening Board to determine whether these officers should show cause for retention on active duty.

Maj. Gen. Booth Is New Army G-1

Maj. Gen. Donald P. Booth, USA, has succeeded Maj. Gen. Robert N. Young, USA, as Army G-1.

General Booth, 52, a 1926 West Point graduate was commissioned in the Corps of Engineers and transferred to the Infantry in late 1951 when he went to Europe to become assistant commander of the 4th Infantry Division and then commander of the 9th Infantry Division.

He left the latter assignment in December 1954 to replace Maj. Gen. H. B. Powell, U S A.

now 25th Infantry Division commander in Hawaii, as Deputy G-1.

Previous Pentagon service for General Booth has included duty from 1945-1951 with the Legislative and Liaison Branch, as special assistant and executive officer to the Under Secretary of War, with the office of the Chief of Staff, as deputy director of the Joint Logistics Plans Group in the Office of the JCS, and as Assistant for Planning Coordination in the Office of the Deputy Chief of Staff for Plans.

General Young, 55, was graduated from the University of Maryland in 1922 and was commissioned in the Regular Army the next year.

He was made G-1 in January 1953 after prior service as Commanding General of the Infantry Center at Ft. Benning, Ga., to which post he was assigned in May 1952 after commanding the 2d Infantry Division in Korea.

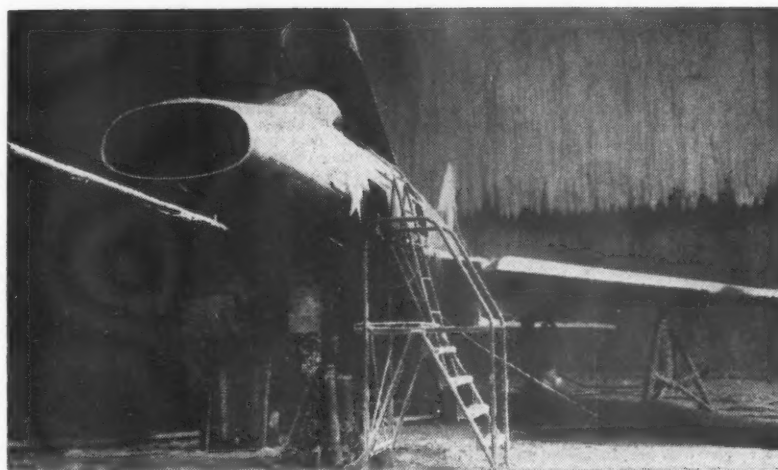

The Army said only that General Young would work on special projects in the Office of the Chief of Staff.

Maj. Gen. Booth

Maj. Gen. Young

COLD SUPER-SABRE—Recently tested at 65 degrees below zero in the Air Proving Ground Command's Climatic Hangar was this ice-covered North American F-100, first operational aircraft to exceed the speed of sound in normal level flight. The "Super Sabre" was tested in the hangar at temperatures representative of any point on the earth's surface, from minus 65 degrees to plus 165 degrees.

Stratofortress Takes Key Billing At Eglin, Toss Bombing Displayed; Thousands Attend

More than 6000 spectators, including the Prime Minister of Thailand, say the Air Force pull out the jet stops on 9 May at Eglin AFB, Fla., in a Firepower Demonstration which included sonic booms—prohibited publicly elsewhere—, new bombing techniques seemingly adaptable to atomic weapons and a flyby of the mighty B-52 Stratofortress.

Important government officials and 75 members of the Defense Department's 20th Joint Civilian Orientation Conference, as well as thousands of officers from all Services and 200 representatives of foreign nations, saw the fast-moving show.

They witnessed demonstrations which displayed Air Force techniques and capabilities in air defense, tactical attack, and strategic bombardment.

The top-flight audience, which included General Edwin W. Rawlings, USAF, head of the Air Materiel Command, and Lt. Gen. Laurence S. Kuter, USAF, getting set to leave the Air University for Command of FEAFF, was welcomed by Brig. Gen. Daniel S. Campbell, USAF, commander of the Air Proving Ground Command.

They saw the Firepower Demonstration kicked off by the 135th performance of the famed jet precision flying team Thunderbirds, led by Capt. Jacksel M. Broughton, USAF, performing publicly for the first time in red, white and blue F-48F Thunderstreaks.

For almost two hours, the Air Force staged typical missions to show what its planes and men can do.

Many had been demonstrated in previous Firepower Demonstrations at Eglin. Others were new.

After Lt. L. C. Viel, USAF, of England AFB, La., led a flight of four Thunderstreaks in a supersonic dive from 45,000 feet, Lt. Col. Henry W. Brown, USAF, and Lt. Col. Harry H. Moreland, USAF, pierced the sonic barrier in level flight.

To show the performance qualities of the North American Super Sabres, Colonels Brown and Moreland eased by the grandstand at 700 miles per hour.

Taking the wraps off a technique that holds special interest in an era of nuclear weapons, Lt. Col. Oscar L. Watson, USAF, demonstrated how a Martin B-57 night intruder can "toss" a 1000 pound general purpose bomb.

Newsmen attending the Firepower Demonstration noted the extended time interval and space separation between the moment the bomb left the plane in

Brig. Gen. Campbell

an upward and outward arc until its impact.

The B-57 came across at low-level, then started a rapid climb releasing the bomb near the top. Then the highly maneuverable aircraft looped quickly away in the opposite direction.

The technique, it was plain for all to see, would help safeguard the plane from antiaircraft fire and from bomb explosion damage.

The "toss bombing" technique was shown also by Lt. Col. Robert L. Scott, USAF, in an F-84F Thunderstreak. Colonel Scott recently led a flight of four Thunderstreaks to a new transcontinental speed record.

Narrator Lt. Col. John H. Washington, USAF, of Eglin stimulated interest by disclosing at the outset of the show that a B-52 would flyby en route from the Boeing plant in Seattle, Wash., for start of 18 months of exhaustive tests at Eglin.

As the show neared its close, the eight jet Stratofortress, soon headed for operational service, swung by at low level, accompanied by two minuscule jet fighters.

JOURNAL JOTTINGS

None at Eglin could have been more interested in the B-52 flyby than Brig. Gen. William E. Eubank, jr., USAF. As commander of the 93d Bomb Wing at Castle AFB, Calif., he'll head the first operational Stratofortress unit of SAC

... Loudest crowd applause went to Maj. Edward R. Johnston, USAF, a veteran of 117 missions in Korea. Flying an F86-F, he set out to show in four passes how a command post can be napalmed, hit by 5" high-velocity air rockets, blasted by two 100 pound bombs, and then be strafed by six .50 caliber machine guns. The major's strikes were so successful that by the fourth run, he had used up his target; so he switched his attention to a parked aircraft target and strafed it on the button.

The versatile B-57 was used, with Capt. Arthur E. Beaird, USAF at the controls, to show for the first time how this aircraft can employ five 500 pound incendiary bombs with parachutes. . . . For the show's finale, Lt. Col. Louis J. DeSandro, USAF commanded a B-36 which blanketed an area of over 8000 feet with 500 pounds bombs.

Among the Air Force speedsters who won plaudits was Capt. Eugene P. Sonnenberg, who led a flight of F-86H Sabrejets in a fiery napalm attack against a simulated factory. He won the Thompson Trophy at the National Air Show last September. . . . Pointing up Air Force progress over the years was the dive-bomb and rocket attacks of a Thunderstreak flight led by Capt. Claire Chennault, jr., son of Major General Chennault of Flying Tiger fame.

Forces Told To Cut Personnel Shifts

There will be fewer permanent changes of station for personnel of all Services during the coming fiscal year.

Steps to slow-down PCS moves have been taken by the House Appropriations Committee. The group whacked \$22 million off funds earmarked for travel of military personnel and movement of household effects.

The Committee said also it is "ordering an investigation of this particular matter in the interest of both morale and economy."

The two steps are aimed at reducing the frequency of permanent changes of station. If the problem isn't improved within the next 12 months, the Committee said it "will consider placing a specific limitation on this type of expenditure."

Army PCS funds were cut \$9,505,000; Navy funds \$4,310,600; Marine Corps \$1,280,000 and Air Force \$7,178,000.

The Committee said "there is altogether too much and too frequent moving of personnel and their personal effects," and the Services "can and must make decided improvements in the field of travel and transportation."

Aircrew Participants In Firepower Show

Here are the names of the aircrew members who participated in the Eglin Firepower Demonstration and who were listed in information made available to newsmen.

Thunderbirds—Capts. Jacksel M. Broughton, James W. Mathews, W. L. Creech and Edwin D. Palngren, of Luke AFB, Ariz.

Helicopter demonstration—Capt. Gene W. Ruhlander, of Eglin.

Supersonic Boom—1st Lts. L. C. Viel, T. G. Varner, Walter H. Johnson and Jack M. Sharp of England AFB, La.

F-100—Lt. Cols. Henry W. Brown and Harry H. Moreland of Eglin.

F-86 D—Maj. Robert T. Goetz.

F-94C—Capt. Davis, pilot; Lt. Harshbarger, radar observer, of the Air Defense Command.

F-89D—Capt. Clifford O. Thompson, pilot; Capt. Philip B. Porter, radar observer.

F-86H—Capts. Eugene P. Sonnenberg, Arthur Isola, and Albert C. Hamby and 1st Lt. Robert E. Brinckmann.

F-89C—Maj. John F. Phelps of the AF Armament Center.

F-86F—Maj. Edward R. Johnston.

F-84F—Capt. Frank P. Robison.

B-57—Capt. Elbert Stringer.

B-57—Capt. Beaird.

B-57—Capt. James M. Blurton.

F-84F—Lt. Col. Robert R. Scott.

B-57—Lt. Col. Oscar L. Watson.

F-84F—Capt. Claire P. Chennault, jr., 1st Lt. Roger W. Evans, Capt. H. E. Gaylon and 1st Lt. I. M. Newberry, jr.

Also Capts. Allen J. Diefendorf, Garry A. Willard and Douglas K. Evans and 1st Lt. P. J. Walsh.

Also Lt. Col. L. K. Brueland, 2d Lt. B. G. Seiber, Capt. T. D. Scofield and W. J. Smith.

Also Maj. Jos. S. Michalowski, 2d Lt. Charles A. Arquette, jr., 1st Lt. Robert C. Vickery and 1st Lt. Wayne R. Rogers.

H-19 Helicopter—Capt. Russell M. Dobyns.

KC-97 Refuels B-47—Capt. John S. Frazeur (KC-97 pilot) and Capt. Jeff J. Stone (B-47 pilot) with Capt. John F. Murphy, Maj. Robert R. Hull and Maj. Barnett B. Young.

B-47—Maj. Harry D. Bentley led flight of six Stratojets from 40th Bomb Wing, commanded by Col. B. H. Burns. Others listed were Lt. Col. Walter C. Stewart, jr., Maj. Guy D. Fender, Capt. Asa B. Burroughs, Capt. Elbert C. Greening, M/Sgt. Kenneth C. Gibbs, Lt. Col. Robert R. Scott and 1st Lt. James H. Craigie.

B-47—Capt. Leon W. Amos, Capt. Edward A. Kayworth and Lt. Col. Richard E. Hale.

B-17—Capt. James Hicks, pilot, from the Air Research Development Command.

B-36—Lt. Col. Louis J. DeSandro, aircraft commander, with Capt. Bergman as observer.

U. S. Army

Former Prof. Will Head 11th Airborne Division

Maj. Gen. Derrill M. Daniel, USA, who holds a Ph.D. from Cornell University where he was an assistant professor of entomology, will become commanding general of the 11th Airborne Division at Ft. Campbell, Ky.

That appears certain in view of his assignment to that post, although the Army had yet to designate a new job for Maj. Gen. Wayne C. Smith, USA, present division commander, as THE JOURNAL went to press.

General Daniel had been Deputy Commander of the 82d Airborne Division at Ft. Bragg, N. C. He has made 80 jumps.

ARMY WON'T BE ABLE TO TELL ABOUT NEW NIKE

The Army has developed an improved Nike anti-aircraft guided missile—one that its top expert says can operate against any aircraft, present or projected for the next five years—but the Army will have trouble telling the public about it.

The recent Defense Department crackdown on release of technical information is certain to restrict public disclosure of stepped-up ground-to-air defense for cities and key military facilities in the U.S.

However, it is possible using material approved by the Pentagon to outline present readiness of prototype Nike batteries and the capability of improved versions.

The Army's ranking anti-aircraft expert, Lt. Gen. Stanley R. Mickelsen, who heads the AA Command, has told Congress that the present Nike "is capable of effectively combating any Soviet aircraft that can be launched against us. Nike's range, altitude and lethality capabilities," he said, "are vastly superior to any other anti-aircraft weapon now operational."

General Mickelsen asserted that "a major increase in performance will be provided by the next Nike missile, an improvement of Nike I."

He said the improved system will consist of modified ground equipment. All other information was stricken from the record.

Questioned closely by members of

There's Confusion Over \$12 Per Diem; Army Explanation Tells How It Works

The Career Incentive Act, which went into effect on 1 April, has resulted in considerable confusion regarding the boost from \$9 to \$12 in the maximum per diem allowance.

The Office of the Army Chief of Finance, in an effort to eliminate "misunderstandings," has released the following information on temporary duty travel pay:

1. The new maximum rate (\$12) was implemented, effective 1 April, by Par. 4205, Joint Travel Regulations.

2. The per diem at the rate of \$12 is not, generally speaking, payable for periods of actual travel as distinguished from temporary duty or delays incident to modes of transportation. While traveling, the member will receive a \$9 per diem rate under applicable provisions of the Regulations.

3. The \$12 rate is payable for the day of arrival—as well as for a period of not to exceed 30 days thereafter—at a temporary duty or delay point at which government quarters are not available or, in some instances, not utilized.

4. The per diem rate of \$12 is also payable for similar periods to members pursuing courses of instruction, but only in the event both government quarters and mess are not available.

5. The per diem rate of \$9 prescribed for travel to, from, and between points outside the United States has not been increased.

The Chief of Finance emphasized that this information is general in nature. Because of the many situations and factors involved, each person should check the Joint Travel Regulations, or consult with his Finance Officer on an individual question.

MRS. RICHARD G. PRATHER pins a second star on her husband's shoulder during ceremonies at the Presidio of San Francisco honoring his promotion from brigadier to major general. General Prather is the Sixth Army Chief of Staff.

Col. Braude CONARC Compt.

Col. Meyer A. Braude, USA, has been announced as the new Comptroller for Headquarters Continental Army Command (CONARC) at Ft. Monroe, Va. Col. Robert E. Hoag, USA, former CONARC Comptroller, will depart soon for his new assignment as Deputy Comptroller, Allied Forces, Southern Europe.

Army Pilots Will Sing "Above the Best" As They Fly Into the Wild Blue Yonder

"Above The Best," the motto of The Army Aviation Center at Camp Rucker whose graduate pilots believe they fly above the best Army in the world, is also the title of the song which has been selected as the song for Army aviation.

Just before the move of The Army Aviation School to Camp Rucker from Fort Sill the song was completed by the two composers, Mrs. Jane Gonseth, wife of

Benning Takes Sweep In 3d Army Tourney

Marksmen from Ft. Benning, Ga., made a clean sweep in the Third Army Rifle and Pistol Championships, winning all first place team and individual trophies.

Maj. Frank D. Graham, Ft. Benning Pistol Team captain, outshot his team mate, 1st Lt. David C. Miller by three points, 821 to 818, to take the Third Army individual pistol championship. Major Graham also captained his nine-man squad to the pistol team championships, outgunning the 82d Airborne Division team of Ft. Bragg, N. C., by 59 points, 2,401 to 2,342.

In the rifle team firing, Fort Benning's first string nine-man squad squeezed into the championship bracket edging Fort Bragg by a one-point margin, 2,050 to 2,049. Ft. Benning M-Sgt. Francis B. Conway won the individual rifle crown Thursday, shooting 518 out of 550.

Major Graham, a veteran All-Army team marksman, fired high scores throughout the four matches to win the title.

He shot a 176 in the 50-yard slow fire match, a 193 in the 25-yard timed fire match, a 184 in the 25-yard rapid fire match and a 268 on the National Match Course for an aggregate of 821.

Following Lt. Miller were SFC Maurice Bellisle representing Ft. Benning, 817; M-Sgt. Lester E. Bennett of Camp Rucker, Ala., 807; Maj. Leonard E. Robinson, Ft. Benning, 803; Capt. James O. Duke, Ft. Benning, 799; Capt. Sidney R. Hinds, Ft. Benning, 795; Maj. Holland Hope, Ft. Campbell, Ky., 795; Cpl. John R. Ricks, representing Ft. Bragg, 794; and Capt. Frederick J. Keifer, representing Ft. Benning with 792.

Major Hope, an Army chaplain at Fort Campbell, Ky., pulled the big surprise of the matches and proved that clergymen are expert shots. He posted a 280 to win the pistol National Match Course.

The Third Army Rifle and Pistol Team which will seek top honors in the All-Army Rifle and Pistol Championship Matches June 12-18 at Fort Benning will be named Saturday at award ceremonies at 10 a.m. Sixth Army Results—P. 1112

SAN ANTONIO, TEXAS

3 Generations of Military Tailoring

Col. Jules E. Gonseth, Jr., assistant commandant of the School, and Mrs. Jeanne Matheny, wife of Lt. Col. Charles W. Matheny, of The Artillery School at Fort Sill. The Judge Advocate at Fort Sill obtained an unpublished copyright for the song.

M/Sgt. Orville J. Thompson, director of the 98th Army Band at the Aviation Center and one time clarinetist with John Philip Sousa's band, heard the song and offered to arrange it in march time. In addition, he completed a choral arrangement.

Mrs. Matheny and Mrs. Gonseth are working toward the song's publication, thus offering all army aviators and supporters of army aviation a chance to obtain copies.

The lyrics of the song are herein presented by permission of the composers: Copyright 1954 Number 379815.

ABOVE THE BEST

CHORUS:

We're the flyboys of the Army
Not the Air Force
Not the Navy
But the A-R-M-Y Army.
Tho our planes are small it's true,
Name the job, we shout, "can do!"
We lay the wire, spot artillery fire,
Map the terrain, while flying the plane;
We're the men of zest,
Fighting with the rest,
We're the flying men ABOVE THE BEST.

INTERLUDE:

We can't fly the Pacific
But we are terrific
And frankly the Atlantic
Leaves us frantic,
But we'll land anywhere, anyplace, anytime;
Put that stick in our hand, watch us climb.
Repeat Chorus:

President Names 603 For RA Lt. Col.

President Eisenhower has asked the Senate to approve the selection of 603 Army officers for permanent promotion to lieutenant colonel.

They were chosen by a board which met in February.

The selections include 503 on the Army list, 21 chaplains, 5 WAC, 19 MC, 8 DC, 5 VC, 37MSC and 5 ANC permanent majors.

A circular was being readied for distribution as THE JOURNAL went to press listing the selections.

Here are the names in alphabetical order as sent to the Senate for confirmation:

IN THE ARMY

The following-named officers for promotion in the Regular Army of the United States, under the provisions of sections 502 and 509 of the Officer Personnel Act of 1947. All officers are subject to physical examination required by law.

ON THE JOB ... — not "on the way"

For a training mission to go off on schedule, all key personnel must be "on the job." Therefore speed is a prime consideration in moving these men from one assignment to another. Because dependable Scheduled flight is *five times faster* than slow surface travel, it is a great favorite of the military.

Scheduled Airlines save the military millions annually in pay and per diem dollars, too. So, whether you're moving one man or many — or traveling yourself — call a Scheduled Airlines representative. Compare the costs, speed and dependability of Scheduled flight with any other means of travel.

Slate New Duties For 9 Flag Officers

The Navy has ordered new duties for nine rear admirals.

It is expected that the flag shifts will be effected during the next several months.

RAdm. Charles Wellborn, jr., USN, who is presently serving on the Joint Staff, Commander-in-Chief, U. S. European Command, will report to the Bureau of Personnel and be assigned to new duties upon arrival.

RAdm. Edward A. Solomons, USN, Deputy Comptroller of the Navy Department, will assume command of Service Force, Pacific Fleet.

RAdm. Richard W. Ruble, USN, Commander, Carrier Division Three, has been ordered to the Naval Hospital, Yokuska, Japan.

RAdm. Aurelius B. Vosseller, USN, has been ordered from duty on the Staff, Supreme Allied Commander, Europe, to the Naval Hospital, Bethesda, Md.

RAdm. Ira E. Hobbs, USN, Chief of Staff and Aide to Commander, Air Force, Pacific Fleet, will become Commander, Carrier Division Three.

RAdm. Frank O'Beirne, USN, Deputy Chief, Armed Forces Special Weapons Project, Washington, D. C., will assume duties as Commander, Field Command, Armed Forces Special Weapons Project.

RAdm. Philip W. Snyder, USN, Commander, Boston Naval Shipyard, will take the post of U. S. Navy Shipbuilding Representative, Europe.

RAdm. Miles H. Hubbard, Chief of Staff and Aide, Commander, Sixth Fleet, will assume duties on the Joint Staff, Commander-in-Chief, Far East Command.

RAdm. Charles G. Dekay, USN, Commanding Officer, Navy Finance Center, Cleveland, is slated to become Commanding Officer, Naval Supply Center, Oakland.

RAdm. Hopwood Takes Helm Of First Fleet

RAdm. Herbert G. Hopwood, USN, Chief of Staff and Aide to Commander-in-Chief, Pacific, advances to the rank of vice admiral on 25 July when he assumes duties as Commander, U. S. First Fleet. His nomination was confirmed by the Senate this week.

He will succeed VAdm. William K. Phillips, USN, who has commanded the First Fleet since October 1953, and who will retire on 1 August.

RAdm. Maurice E. Curtis, USN, Commander, Cruiser-Destroyer Force, Pacific Fleet will move into the spot now held by Admiral Hopwood. Orders have not yet been issued for Admiral Curtis' successor.

NEW SUB SKIPPER—Prior to assuming command of the Pearl Harbor based killer submarine USS K-32 May, Lt. J. S. Kennedy, USN, (left), discusses command problems with the sub's departing skipper, LCdr. Allen E. May, USN. Lt. Kennedy is former executive officer of the submarine USS Bugara. LCdr. May has been ordered to Washington, D. C., where he will serve in the enlisted schools and training section of the Bureau of Naval Personnel.

Navy Seeks Legislation To Increase Promotion Opportunities For WAVES

Three legislative proposals, designed to increase advancement opportunities for WAVES, have been drafted by the Navy and are now under study at the Defense Department level.

Navy Secretary Charles S. Thomas, aware of the "seriousness of the promotional problem for women lieutenants," is "hopeful" that Congress will act favorably to the proposals, Capt. Louise K. Wilde, USN, WAVE Chief, reports.

The first change would add a "carry down" feature to Public Law 625 which governs WAVE promotions. If enacted into law, the amendment would provide that unused numbers in the rank of commander could be borrowed, if needed, to increase the number of vacancies in the grade of lt. commander.

Here's how the amendment would work out in practice:

If the total number of three-striper was 15, based on the total WAVE officer strength, and billets existed for only six commanders, the difference between the number allowed by law and the actual number of billets could be applied to the next lowest rank. In effect, this would mean that nine additional lieutenants could be promoted to the rank of lt. commander.

The second proposal would permit officer strength computations to be made "at such times as needs of the service require but not less than once annu-

ally." At present, the Women's Armed Services Integration Act provides that such computations be made as of 1 January each year.

If Congress approves this legislative change at its current session, it would be possible for the Navy to make new computations this Summer to provide additional vacancies in three-stripe rank. This would mean that the fiscal year 1956 board, which is slated to convene in October, could select more WAVES for lt. commander's rank.

The third proposal allows the Navy to pick lieutenants who would otherwise be discharged from the Service upon the completion of 13 years of active commissioned service to be retained on active duty until the completion of 15 years' service. If approved, this amendment will enhance advancement opportunities for two-stripe WAVES selected for retention, since they would still be eligible for promotion.

Under present conditions, no new Regular WAVE lieutenants will be added to the list of officers eligible for consideration to lt. commander's rank until fiscal year 1957. At that time, the zone of eligibility will be increased by only two lieutenants.

The mandatory 13 year severance clause in the present law will begin its effect on WAVES after 30 June 1956.

Navy Establishes New Aviation Tng. Program

The Navy has established an aviation officer procurement program which provides for the commissioning of college graduates after four months of pre-flight training.

The new program is in addition to the Naval Aviation Cadet Program (NavCad) which will continue without change.

The Navy said that, in recognition of scholastic achievement, the new Naval Aviation Program provides for an Ensign's commission after four months training as compared to the 18 months required in the NavCad program which does not require a college degree for entrance. Men in the new program, the Navy said, will enter flight training in a commissioned status with the full pay and allowances of an Ensign with flight pay.

Recruiters throughout the country have been instructed to sign men with college degrees, or within three months of receiving degrees, who are between the ages of 19 and 26.

Details of a similar program for direct entrance into the Marine Corps as aviation students appeared in last week's JOURNAL.

RAdm. Forrestal Opens \$600,000 "GOO School"

A new \$600,000 Gunnery Officers Ordnance School will be dedicated on 20 May at the Service School Command, NTC, Great Lakes, Ill.

RAdm. Emmet P. Forrestal, USN, Commandant, Ninth Naval District, will officiate at the ceremony which will add a two-story structure to the rapidly expanding Great Lakes training facility.

The GOOSchool will instruct officers in gunnery operation, maintenance and administration. It will provide a background in ordnance by teaching integrated fire control systems, guns, and composite studies presently being taught enlisted students at the Gunner's Mate and Fire Control Technicians schools.

Selection Bds. to Pick SC and MSC WAVE LCdrs.

WAVE selection boards to pick Regular Navy Supply and Medical Service Corps lieutenants for advancement to the rank of lt. commander will convene in the Bureau of Naval Personnel on 17 May.

The junior eligible woman officer in the MSC is Georgie I. Simpson, Signal Number 37123 in the 1 Jan. 1954 Register. In the Supply Corps, the junior WAVE is Shirley J. Kaye, Signal Number 33805.

CMC Limits Movement Of All Officers & EM

Marine Corps personnel will not be moved to permanent stations more than once a year under the terms of a new directive.

The new policy, just promulgated by General Lemuel C. Shepherd, jr., USMC, Marine Commandant, was issued to check personnel movements which would ordinarily result in payment of more than one dislocation allowance in a fiscal year.

The Commandant's action is in line with provisions of the recently enacted Pay Bill which prohibits more than one dislocation allowance payment to an officer or an enlisted man each year.

The restriction, however, does not apply to permanent change of station orders to and from Service Schools for duty under instruction.

Exceptions to the rule, made in the interest of the Service, must have the prior approval of the Commandant, the A1Mar states.

**LT. COL. WILLIAM F. H. SANTEL-
MANN, USMC**, retiring Leader of the U.S. Marine Corps Band, presents his sword to the new Leader, Capt. Albert F. Schoepper, USMC, while Drum Major E. M. DeMar, USMC, looks on. The presentation took place at the conclusion of a Sunset Parade held at the Marine Barracks, Washington, D. C. Colonel Santelmann was guest of honor at the parade.

USMC Commissions Go To 56 Midshipmen

President Eisenhower has nominated 56 Annapolis midshipmen for appointment as second lieutenants in the Marine Corps. They are:

Cherry Point Lists Housing For Families

FROM Lt. Col. Dave E. Severance, USMC, Station Housing Officer, comes information regarding the housing situation at Cherry Point, N. C. He reports that in addition to the housing listed below, there are a "limited number" of houses and apartments at New Bern, N. C., and Morehead City, N. C., about 20 miles away.

Here's the rundown on stationed controlled housing:

Type of Housing	No. of Units	No. of Bedrooms	Rank Eligible for Assignment	Furnished
Public Qtrs	100		Gen. Off.	yes
			Col.	yes
		3	LtCol. Maj, W-4	yes
Public Qtrs	21	3	Capt., W-3	yes
	61	2	Capt., W-3	yes
Public Qtrs	12	4	E4 w/7 yrs.	
	62	3	E7	yes
	576	2	"	yes
Title VIII (Wherry Housing)	355	3	All ranks (Off. & Enl.)	no
	852	2	All ranks (Off. & Enl.)	no
	214	1	All ranks (Off. & Enl.)	no
Navy Rental Housing (Apartments)	125	3	E-1-E4	no
	250	2	"	no
	125	1	"	no
Trailer Parking Spaces	50	—	All ranks (Off. & Enl.)	All utilities and individual sewage connection

Ships Of The Fleet

USS John Paul Jones—second of the Navy's modern fleet-type, post war destroyers, was christened by Mrs. Robert B. Carney, wife of the Chief of Naval Operations, at the Bath Iron Works, Me., on 7 May. The 2660-ton ship is a Sherman type destroyer, 418 feet in length, with a breadth of 45 feet. Two of the innovations built into the John Paul Jones are the use of aluminum superstructures above the main deck and the distribution of gun batteries with more firepower aft and

forward, a departure from past destroyer design.

USS Nerues—along with the submarines Tunny Cusk, Carbonero, Bashaw, Bluegill and Bream are completing two weeks of training at Pearl Harbor, T. H. The submarine tender Nerues, commanded by Capt. R. E. Dornin, USN, performs the same services for submarines as a submarine base. The Tunny, Carbonero and Cusk comprise Submarine Division 51 which is led by Cdr.

(Please turn to Page 1109)

48 NavCads Selected For Transfer to USN

A Navy selection board has recommended 55 former Naval Aviation Cadets for transfer to the Regular Navy. Some of those selected have not yet been processed completely.

Following are the 48 who have been completely processed and approved:

Altee, Thomas M	Champlin, Gerald B
Bennett, Richard W	Cirbus, Domin E
Bennie, Donald B	Coleman, James O
Blandine, Robt E	Cunningham, Edw F
Booth, Theodore W	Dunkopf, Don J
Bullard, John R	Dunkin, Ray L
Butcher, Nathan T	Fawcett, Craig R

REPRESENTATIVE T. JAMES TUMULTY (D-NJ) of Jersey City, N. J., is shown congratulating Capt. Carlton C. Lucas, USN, on the eve of his graduation from the Army's Command Management School at Ft. Belvoir, Va. Captain Lucas, the first naval graduate from the newly-established school, is Chief of the Aircraft Maintenance Division, Bureau of Aeronautics, Department of the Navy.

it's too late, now!

Yes, he waited a little too long to join the Armed Forces Medical Aid Association. Now dependents' hospital bills, surgery fees, medication charges — are stacking up. They would have all been covered in a policy secured through AFMAA.

AFMAA is a non-profit, all-serviceman organization set up to get health insurance for your dependents. Membership costs only \$5.50 a month for wife only, \$8.00 with kids. Write today for info—while you've still got time.

Committee Drops Medical Scholarships

The House Armed Services Committee has recalled the doctor-draft bill and erased a provision setting up medical scholarship programs for the military.

As reported last week, the Committee originally approved a three-prong measure which (1) extended the doctor-draft authority for two years, (2) continued the \$100 per month additional pay for doctors, dentists and veterinarians, and (3) established a medical-dental scholarship program for the Armed Forces.

Before the measure was called up for debate, however, the Committee re-

Army Navy Air Force Journal 1087
14 May 1955

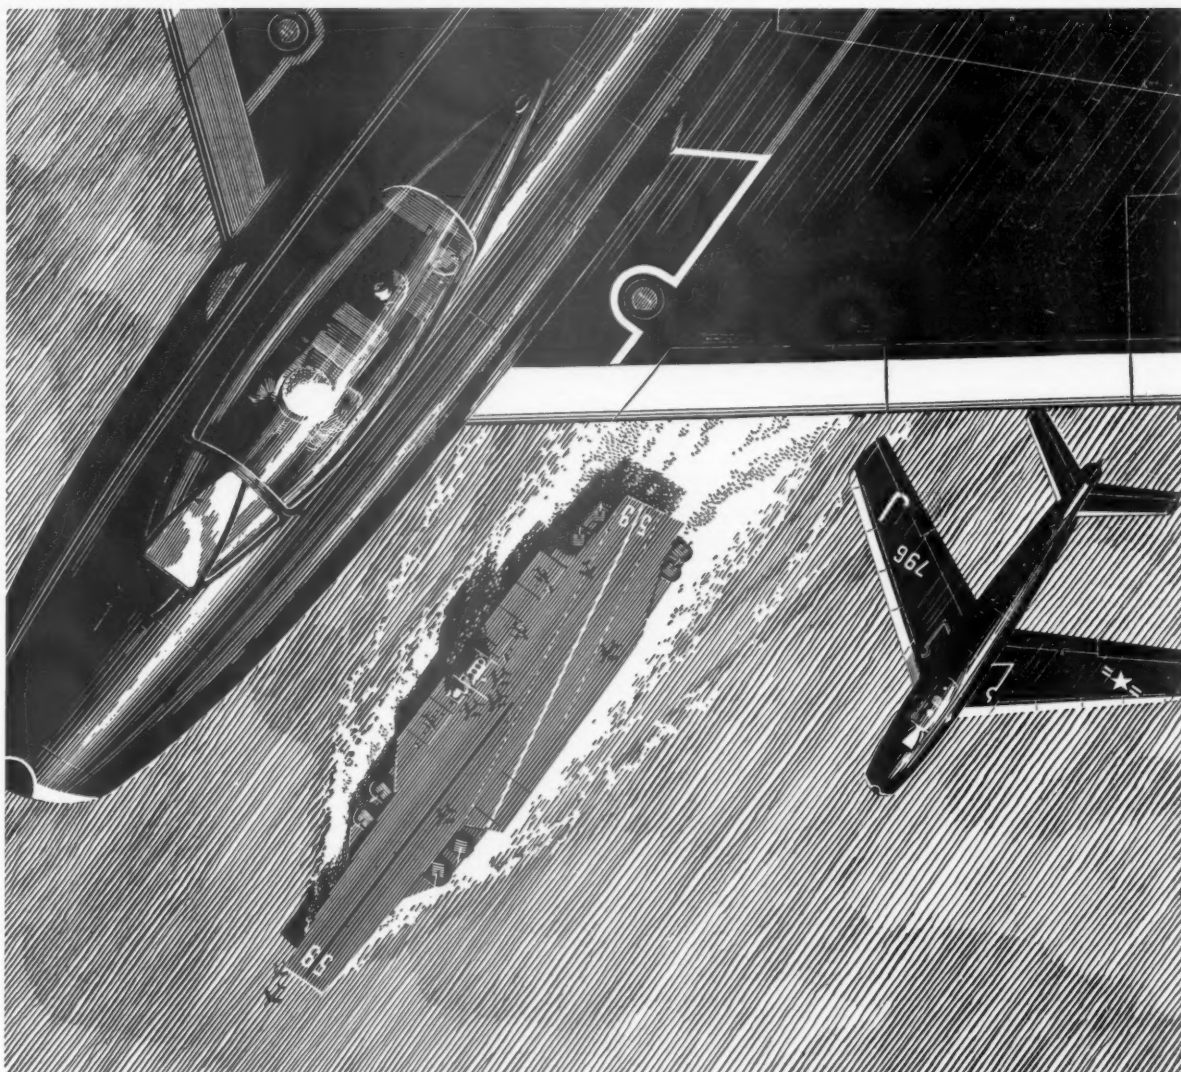

opened hearings on the plan and dropped the scholarship provision. A new version continuing the draft and special pay was approved on 10 May.

The scholarship plan, initially introduced as a separate bill, was referred to a subcommittee for further study. No reason was given for the action.

Reserve Lt. Col. Named

Lt. Col. Robert D. O'Callaghan, USAFR, a veteran of both World Wars, has been appointed chief attorney for the U. S. Veterans Administration Regional Office of San Antonio, Tex.

NORTH AMERICAN HAS BUILT MORE AIRPLANES THAN ANY OTHER COMPANY IN THE WORLD

Engineers: North American offers unusual opportunities. Write Engineering Personnel Office, Los Angeles or Downey, California; or Columbus, Ohio.

FURYS FLY FROM USS FORRESTAL

Biggest ship ever built, the Navy's new atom-age carrier . . . the USS Forrestal combines size and speed to give our Naval Air Arm unprecedented striking power. A veritable floating city, the Forrestal is designed to operate any Navy plane now flying or on engineer's drawing boards . . . can "shoot" planes into the air from 4 new-type steam catapults.

North American FJ-3 Fury Jets, one of the Navy's most advanced fighter types, will fly from the Forrestal. Capable of speeds over 650

mph, and armed with 20mm cannons, the Fury will help make the USS Forrestal the most potent fighting ship on the high seas.

Constant research and development keep North American foremost in aircraft, rocket engines, guided missiles, electronics and peaceful applications of atomic energy.

U. S. Air Force

AMC Sets Up First Mobile Air Depot Wing

The Air Materiel Command has activated a new wing to provide mobile teams for fulfilling the Air Force's world wide supply, maintenance, and transportation requirements.

The new wing, the 2900th Air Depot Wing (Mobile), is the first of its kind. When fully activated on 1 June, it will be composed of headquarters at Kelly AFB, Texas, five Air Depot Groups (mobile), and an armament and electronics maintenance squadron (mobile) to be located at Robins AFB, Ga.

These units are: the 2906th Armament and Electronics Maintenance Squadron (mobile), Robins AFB, Ga.; 2901st Air Depot Group (mobile), at Kelly AFB; 2902d Air Depot Group (mobile), McClellan AFB, Calif.; 2903d Air Depot Group (mobile), Brookley AFB, Ala.; 2904th Air Depot Group, Norton AFB, Calif.; and the 2905th Air Depot Group, Tinker AFB, Okla. The wing commander is responsible to the Commander, AMC.

A standard depot wing is a semi-fixed organization with limited flexibility of organization and mission. Officials said that recent military tactical developments point up the extreme vulnerability of such an organization and the need for flexibility and mobility in the logistic system.

This need is met by the 2900th Air Depot Wing, manned and equipped to meet varying requirements. The wing's maintenance capabilities are designed around air transportable trucks and trailers. Supply support is based on specialized teams highly proficient in distribution and redistribution functions for critical and fast-moving items. Air and over-the-road transportation service is to provide the necessary mobility.

Globemasters Airlift DEW Line Equipment

The first phase of the Arctic airlift in support of DEW Line (Distant Early Warning), the radar network rimmed around the northern edge of the Alaskan Peninsula, was completed recently by the Tactical Air Command's 18th Air Force.

Douglas C-124 Globemasters airlifted more than 5,600 tons of tractors, pre-fab buildings and other heavy equipment to the frigid region where the distant early warning network is under construction. More than 330 landings were made by the planes on short, ice and snow-covered air strips under hazardous wind conditions and temperatures as low as 57 below zero. The majority of the planes used in the airlift were from the 62d Troop Carrier Wing, Larson AFB, Wash.

The largest tonnage consisted of prefabricated buildings . . . sections of barracks, workshops and other structures . . . which were put together by airstrip construction crews, bolted to rounded timbers which served as sled runners, and towed to their ultimate sites.

DEW Line, which will extend from coast to coast across the Polar rim, will ultimately involve one of the largest airlifts ever undertaken by the Air Force. Planes from the 63d Troop Carrier Wing at Dnaldson AFB, S. C., and the 62d Troop Carrier Wing are now carrying

GENERAL EARLE E. PARTRIDGE (second from right), Far East Air Forces Commander, presents the phase one championship trophy to Col. Woodrow B. Wilmot (fourth from left), team captain of the U. S. Air Force 8th Fighter Bomber Wing gunnery team, which took first place honors in the first phase of the annual FEAF weapons and gunnery meet in Korea. Others in the picture are, left to right, 1st Lt. Jack Blalock, jr., high individual winner who scored 380 points in the air-to-air event; 1st Lt. Robert F. Brockmann, who placed first in the air-to-ground event with 776½ points; Lt. Gen. Roger M. Ramey, 5th Air Force Commander, and Col. G. I. Ruddell, 4th Fighter Bomber Group Commander, who scored 1089 points and was awarded overall high individual honors. Lieutenants Blalock and Brockmann are members of the winning 8th Fighter Bomber Wing team which scored a total of 3279 points.

on another phase of the airlift in Canada. The Douglas C-124's are operating into remote sites in the Canadian Arctic from railheads at Edmonton, Churchill and Mont Joli.

Retiring Gen. Chidlaw Tells Key Changes At Continental Air Defense Command

General Benjamin W. Chidlaw, USAF, who retires on 31 May, has announced that Brig. Gen. Clinton D. "Casey" Vincent, USAF, vice commander of the Western Air Defense Force, Hamilton AFB, Calif., will become Deputy Chief of Staff for Operations at Continental Air Defense Command, Ent AFB, Colo.

He will succeed Maj. Gen. Kenneth P. Bergquist, USAF, who will leave 30 June for Washington and an assignment as Director of Operations under the Deputy Chief of Staff for Operations, Headquarters USAF.

General Vincent became Vice Commander of WADF 10 Aug., 1953, and lives at Hamilton AFB with his wife, the

former Margaret Hennessey of San Antonio, Tex., and three daughters and a son. The children are Margaret, Thayer, Patricia, and Clinton, jr.

BRIG. GEN. WOODBURY M. BURGESS, USAF, Deputy Chief of Staff for Intelligence at CONAD since 1951, will become Deputy Director for Production of the National Security Agency in Washington in August.

Brig. Gen. Robert Taylor 3d, USAF, currently chief of staff of SHAPE's Allied Forces Southern Europe for the CONAD post, will replace General Burgess. He will arrive in Colorado Springs with his wife and five-year-old son in August.

In his new post, General Burgess will add to the many major intelligence assignments he has had since the advent of World War II. These included deputy for air staff intelligence at Headquarters, Army Air Forces, from 1943 until 1944, and director of intelligence division, Armed Forces Staff College, Norfolk, Va., from 1948 until 1950. Before receiving his present assignment in 1951 he served as chief of the Policy Division, Directorate of Intelligence at USAF Headquarters in Washington, D. C.

General Burgess and his wife, the former Miss Marianna Bloyd, Riverside, Ill., have four children: George M., a USAF officer; Megrew; Mary Liz; and Anne. He and his family live at 1431 Wood Avenue, Colorado Springs.

AF Medics and Dentists To Get Special Insignia

A new medical insignia design has been developed and approved for use by Air Force Medical Service physicians and dentists in the near future.

Maj. Gen. Dan C. Ogle, Surgeon General of the Air Force, announced that the new insignia will enable AF doctors and dentists to be identified more readily. Flight surgeons will continue to wear their wing insignia.

The insignia is a small silver badge with a caduceus, or serpent, entwined on a staff and mounted in its center. The dental badge is identical to the one to be worn by physicians except for a "D" superimposed on the caduceus.

The badge will be worn above the left breast pocket. The use of the serpent as a medical symbol dates back to the 13th century, B. C., with the tradition of Aesculapius, who is recognized as the Father of Medicine.

The distinctive new insignia was developed by the Heraldic Section of the Air Force under the guidance of Brig. Gen. Otis O. Benson, jr., a flight surgeon with the AF Medical Service.

The badge is not in yet in production. It will be several months before exact specifications are released to manufacturers.

Offutt's OACP Dips

Offutt AFB, Nebr., flew a record total of 3077 hours during April, yet fewer of its aircraft were out of commission because of lack of parts than at any time in the past.

Maintenance of the aircraft at Offutt is centralized at the Job Control Center, which orders parts and assigns all maintenance crews.

want more
RETIREMENT INCOME?

At the end of your active career you naturally want to be financially prepared. More and more people are finding that they can more adequately prepare for their retirement by investing for extra income in Mutual Fund shares.

Mutual Funds are even more attractive now as the new tax law on dividends applies to most of them. Besides an exemption of the first \$50 of dividend income (or \$100 for husband and wife under certain conditions) a direct credit against tax of 4% of any balance is provided.

Brown, Madeira & Co. is comprised of people thoroughly familiar with the need of planning for adequate retirement income. With our help, thousands of civilians and service personnel—people like yourself—have begun providing for a sounder financial future through the purchase of Mutual Fund shares.

Learn how a Mutual Fund purchase plan can help you supplement your fixed-dollar retirement income. Just mail a postcard with your name and address for our booklet, "The Modern Way to Invest." There is no obligation.

AN-4

OK Gen. Partridge For Top CONAD Post

The Senate has confirmed the appointment of General Earle E. Partridge, USAF, to take over as Commander in Chief of the Continental Air Defense Command on 1 June.

The Far East Air Forces commander succeeds General Benjamin W. Chidlaw, USAF, who will retire on 31 May.

At the same time the Senate confirmed the promotion of Lt. Gen. Laurence S. Kuter, USAF, to four-star rank, and the promotion of Major Generals Patrick W. Timberlake, USAF, and Clarence S. Irvine, USAF, to three-star rank.

General Kuter, head of the Air University, will succeed General Partridge in the Far East post. General Timberlake is Commander of Allied Air Forces Europe, and General Irvine becomes Deputy Chief of Staff, Materiel.

Man Gets Into Diet Field

A/2c Jack Beisel is pioneering a plan which may solve a major problem at Offutt AFB Hospital, Nebr. . . the need for skilled dietitians within its airmen ranks.

Through the cooperation of the University of Nebraska Hospital in Omaha, Airman Beisel is taking a 90-day OJT Hospital Meal Planning course. If the projects works out, the program may be enlarged to permanent operation for other airmen. Airman Beisel is the only man ever to take the Hospital Meal Planning course at the University.

Track Star In USAF

Lon Spurrier, who holds the world's record for the 880-yard-run, was commissioned a second lieutenant in the Air Force last month and processed through Lackland AFB, Tex. He is slated for flight training, but may continue his track training in preparation for next year's Olympic Games in Australia. Lieutenant Spurrier was Cadet Captain of AFOTC No. 85 and Squadron Commander of Squadron 8 of the Cadet Wing at the University of California at Berkeley, Calif. He also was a member of the Arnold Air Society.

Richard Horner Leaves Edwards For Pentagon

Richard E. Horner, General Engineer at the Air Force Flight Test Center Edwards AFB, Calif., has been named Deputy for Requirements to Trevor Gardner, Assistant Secretary of the Air Force for Research and Development.

Mr. Horner, 37, was graduated from the University of Minnesota in 1940 with a Bachelor of Science degree in Aeronautical Engineering. In 1947 he received a Master of Science degree in Engineering from Princeton University. He was an officer and pilot in the Air Force from 1940 to 1949 and has been with the Flight Test Center since leaving active duty.

AF Sponsors Spiritual Life Conferences

Three Spiritual Life Conferences will again be sponsored by the Air Force for its Protestant personnel and their families during July and September, Maj. Gen. Charles I. Carpenter, Chief of Air Force Chaplains, has announced.

The conferences will be held at Asilomar Conference Grounds, Pacific Grove, Calif., 2-6 July; Estes Park Conference, Association Camp, Colo., 18-22 July; and at the Ridgecrest Baptist Assembly, Ridgecrest, N. C., 2-6 September.

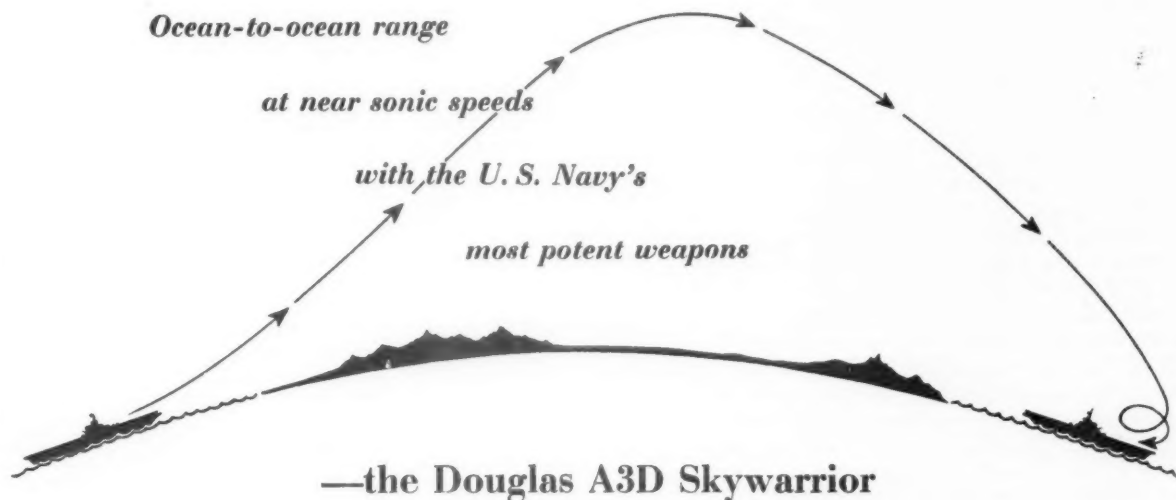

"This will be the third annual conference schedule provided for our personnel and their families," Chaplain Carpenter

Army Navy Air Force Journal 1089
14 May 1955

said. "The program was started two years ago with a single conference at Ridgecrest. The response was so enthusiastic, that three conferences were held last year, and it was decided that attendance warranted the scheduling again of three conference sites.

"In addition," he added, "invitations have been extended this year to personnel of the Army and Navy to take part in the Air Force programs."

An Air Force sponsored laymen's spiritual retreat will be held for the second year this fall for its Catholic personnel and their families.

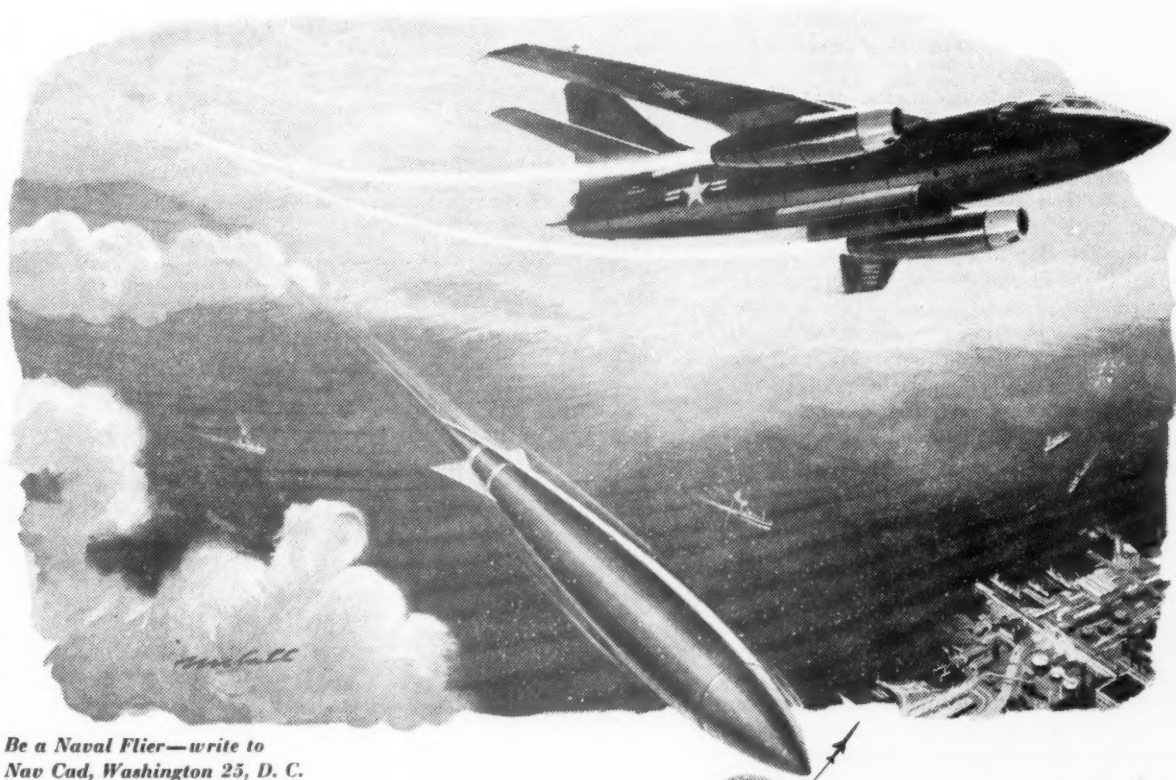

Largest of all carrier-based aircraft, the Douglas A3D Skywarrior adds new punch, speed and "reach" to the striking force of our fleet air arm.

Skywarrior catapults or sprints from carrier decks to fly in the 600-700 mph class. Its great range with huge payload

would permit taking off from a carrier in one ocean, completing a mid-continent bombing mission, and continuing to a waiting carrier in an opposite ocean. Further, its simplicity of airframe allows wide flexibility in the missions it can handle. In short, the twin jet A3D Sky-

warrior carries on the Douglas tradition of more airplane per dollar.

Designing planes that will fly farther and faster with a bigger payload is a basic Douglas concept . . . a concept which has made Douglas the largest aircraft manufacturer in the world.

Honoring the Services. Next week more than 20,000,000 American citizens will attend and participate in the "open house" programs and community activities planned in connection with Armed Forces Day, 21 May. Throughout the Army, Navy, Air Force, Marine Corps and Coast Guard, every effort will be made, in keeping with President Eisenhower's proclamation, to insure "that our own and other peace loving people of the world may enlarge their understanding and appreciation of our national power for peace."

In addition to the President's Armed Forces Day proclamation, the Administration has had every member of the Cabinet and the heads of a number of other Federal agencies issue Armed Forces Day statements urging men and women of their Departments to take part in the organized activities of the day.

This is a most praiseworthy action and should go far toward acquainting the American people with the great progress that has been made in their defense forces. The celebration should give them a greater appreciation of the work the devoted men and women of the Armed Services are performing year 'round. It gives an over-all picture that can be obtained in no other way.

This nation-wide observance, however, should not serve to preclude individual components of the fighting forces from observing their own birthdays and anniversaries. Unfortunately, when Armed Forces Day was first established, the individual services were forbidden to have their own "days." But such an official order could not forbid civilian organizations from honoring the Services, so that, happily, the Navy League continued to carry on Navy Day (27 Oct., Theodore Roosevelt's birthday) under its own auspices and without the official cooperation of the Navy itself.

It is healthy, therefore, that Army Secretary Robert T. Stevens has now directed that the 180th Birthday of the Army, 14 June 1955, will be "honored with appropriate ceremonies Army-wide, and that each successive 14 June will be similarly honored." The Secretary ordered that this be a "strictly internal" observance. He said it "does not call for, nor require, civilian sponsorship, solicitation of public support, sponsored advertising, band, troop or equipment activities in the civilian domain, or external promotional publicity."

Nevertheless, it is made clear that it will be proper to have parades, hold open houses, give weapon and tactics demonstrations, and to invite civilians, officials, Reserve and National Guard personnel, etc., from nearby communities.

The theme for the Army's Birthday this year will be, "The Role of the Army".

This is an excellent move. Individual services days contribute enormously to esprit de corps and pride of service. There is no reason why they should conflict with or detract from the all-Service Armed Forces Day. The more often the public has an opportunity to see and hear about the Services the better will be the national understanding and appreciation of our defense forces.

Army Manpower. Announcement this week of Maj. Gen. Donald P. Booth's appointment as G-1 to succeed Maj. Gen. Robert N. Young makes particularly pertinent a look at the present manpower picture in the Army. Though greatest attention has been given at the Pentagon, on Capitol Hill and in the press to the current program of reducing Army manpower by scores of thousands, the intriguing fact is that the personnel picture—aside from over-all combat capability—is brightening.

This is due in no little measure to steps which have been taken during General Young's service as G-1 to solve the critical problem of turn-over.

SATURDAY, 14 MAY 1955

That's a rough, tough problem in the Army, which has had to rely so greatly on two-year draftees. How to step up the reenlistment rate was a problem to which General Young and his aides turned major attention.

It was against this background that they formulated and won approval—all the way up to President Eisenhower—for Operation Gyroscope, the unit rotation plan which gets underway this Summer.

As a result of Gyro, and other personnel policies put into effect during the past two years to raise service attractiveness, Secretary Robert T. Ste-

vens has now been able to report to Congress a spurt in the Army re-up rate. That means more fighting power with available resources.

Significantly, the 10th Infantry Division will roll out from Ft. Riley, Kans., to duty in Germany this Summer with almost 75 per cent of its personnel in Regular Army status. Combat effectiveness will be maintained at high pitch as a result of reduced replacement requirements.

Throughout all ranks, effective action has been taken to raise esprit and desire for Army service as a career. As General Booth takes over, it can be expected this progress will continue. The new G-1 has had an opportunity since last December as Deputy G-1 to become cognizant with all current problems. The fact that General Booth came to the Pentagon from duty as a division commander in Europe assures his fresh perception of the needs of the field.

IN THE JOURNAL

10 Years Ago—The Japanese have lost more than 300 planes in the past three weeks due to attacks by B-29s of the 20th Air Force upon enemy airfields within range of the Okinawa operation. At the rate of one strike every 36 hours, Maj. Gen. Curtis E. LeMay's XXI Bomber Command has mounted large scale attacks upon airfields on Kyushu and Shikoku Islands. In addition to the attrition of enemy aircraft, the B-29s have wrecked or seriously damaged the depot facilities which maintain, repair and supply the Japanese air forces operating against Okinawa.

50 Years Ago—There is a general impression abroad that in the extension of the Russian Empire toward the East in order to reach the sea, the tide of Muscovite expansion will be turned toward the West.

90 Years Ago—The chief events to record for the week are the surrender of Johnson, Taylor, and other Confederate leaders, with their forces; the marching of the Armies of Sheridan and Meade towards Washington; and the pursuit of Jeff Davis. By Sherman's arrangements, General Schofield was left to carry out the terms of agreement for Johnson's surrender in North Carolina, while Generals Gilmore and Wilson were to do the same in the Department of the South and in Georgia. The pursuit of Davis by Stoneman's cavalry still continues.

READERS' VIEWS

(Letters to the Editor must have author's name and address, but name will be omitted on publication if writer so states. Longer letters may be extracted for publication.)

Task Forces—Misinterpreted

Editor, THE JOURNAL:

On page 1030 of the issue of 30 April, there is a headline which says "CNO says New Big Carriers need 70-100 Support Ships."

When I saw the headline and read the first two paragraphs of the succeeding article, I was astonished, to say the least. Both the headline and the text completely distort the picture and are not factual.

Whether intended or not, that headline and its supporting text can only be considered as unfavorable and prejudicial to objectives of the Navy Department which have received the support of the Department of Defense and the President. I assume that the error was the result of superficial reading and lack of understanding, but that does not excuse the net result of an unfactual statement which cannot help but give the impression of support requirements grotesquely in excess of actualities.

I would suggest that members of your staff who write on these matters would do well to acquaint themselves with the facts—something which can be quite easily done by contact with our Public Relations people.

ROBT. B. CARNEY,
Admiral, U. S. Navy,
Chief of Naval Operations.

EDITOR'S NOTE—THE JOURNAL regrets if its article concerning support ships for the Forrestal class carriers has been regarded as "unfavorable and prejudicial." The article, based on Admiral Carney's testimony to Congress, said that 70 to 100 support ships would be required for the 60-

000 ton carriers. Five have been authorized, which would mean 14 to 20 ships each.

The misunderstanding arises apparently from inadvertent use of the word "support," in the official transcript and in the article. The ships—12 to 18 destroyers and a couple of cruisers—operating with a carrier more properly should have been designated as "Task Force" vessels, not "support ships."

Thus, it may be stated that a powerful Carrier Task Force, such as would operate with the Forrestal or her sister ships, could include 14 to 20 combatant vessels.

Ribbon for NATO Service

Editor, THE JOURNAL:

The award of a suitable decoration for the military personnel who are making the NATO a successful operation is suggested. The NATO is a world premier in new concepts of cooperation, the actors are people of widely different customs, beliefs, and languages. A mark of distinction for military personnel successfully serving in this great work is obviously warranted. Military personnel of the American Armed Forces are properly the most decorated people in the world. We recognize the value of tokens of appreciation; this is not the practice in other Nations. The impact on other NATO Nations of this American idea will have favorable and lasting effects comparable to the United Nations ribbon.

The morale of the Armed Forces of the free world requires continuous maintenance and improvement. Therefore, it is suggested that favor-

able consideration be given to the design and issuance of a suitably colored ribbon for honorable service by NATO personnel serving in foreign countries. The following provisions should be required for earning the award.

1. The individual, officer or enlisted, should serve a minimum of six months with NATO, earning excellent character and efficiency ratings.

2. The individual should not receive the award prior to three days before departure from the NATO assignment.

3. The individual must be serving in a country other than his native land.

4. The award should be entered on the individual's military record.

5. The ribbon should be worn with other National awards as prescribed by member Nations.

Professional ability, character, appearance and deportment in outstanding measure are daily and constant requirements in NATO. Dress, conversation, actions, and evidence of training, and courtesy are continuously matters of international importance. Extreme tact, diplomacy and attention to protocol, constantly require the best abilities of all ranks.

I have served honorably in such worthy organizations as the United States Constabulary and the United States Korean Military Advisory Group in their most active and effective days. I feel that personal pride in effective performance of duty, seven clock days a week, will be found worthy of consideration.

M/Scr., USA

Signal Agency Puts Right Material In Right Place At Right Time

By BRIG. GEN. WILLIAM L. BAYER, USA
Commander, Signal Corps Supply Agency

THE Signal Corps Supply Agency is a somewhat unusual military activity. It is a military command with no enlisted personnel. It is peculiar also in that it represents the result of the Army's wartime invasion of Philadelphia's elite Rittenhouse Square. Housed in a 15-story building which was previously the home of the Penn Athletic Club, the Agency shares this quiet square in downtown Philadelphia with venerable hotels, penthouse-topped modern apartments and sedate clubs. Seldom has the Army conducted the management of supply activities in such a fashionable neighborhood.

Brig. Gen. Bayer

From a military-business viewpoint, the Signal Corps Supply Agency represents an ideal organization in combining under one local command responsibilities for requirements, purchasing, and distribution. These functions are integrated in a comprehensive organization which comes close to meeting what experts would say is the ultimate arrangement for perfection in supply management.

The Agency deals with Signal Corps equipment, about 2000 major items ranging from transatlantic radio transmitters and highly complex radar stations to the familiar handie talkies and field telephones.

Stocks of these items are procured, registered, and managed so as to meet the ever changing demands of the Army and, for many items, the Navy, Marine Corps, and Air Force. These equipments must be carefully controlled because they are individually expensive. The great mass of material procured and managed, however, is not in expensive items, but in the myriads of small items used in Signal equipment repair or in Signal construction. These items may not seem so important because they are of low unit cost. To the soldier at the end of the line who needs them for his job, they can be of the greatest importance.

The 5,000 people who work for the Signal Corps Supply Agency recognize this importance and devote themselves to giving the soldier the best service they can. There are over 150,000 items carefully catalogued and cross-referenced. Due to the complexity of modern military electronic equipment, the repair parts which must be supplied to the repair echelons both in the Continental United States and overseas are of the highest grade and are especially manufactured to meet rigid military specifications for long life and dependability.

No stocks of Signal equipment are physically handled in the building at Rittenhouse Square. The Signal Corps has depot facilities geographically distributed throughout the Continental United States as well as in overseas locations.

What the Signal Corps Supply Agency does is to control all the stocks in these depots so as to have the right material at the right place at the right time and avoid uneconomically large inventories. This requires a businesslike record-keeping job so that we know what we have and where we have it. From analysis of these records and the records of demands and issues of material, future requirements can be forecast. Based on these materials forecasts, purchases are initiated. Incoming material from purchases is directed either to the consumer when most economical or to the proper depots so that the most desirable balanced distribution may be achieved. In the event that requisitions for ma-

terial cannot be met by the depot on which the request is placed, the Signal Corps Supply Agency directs the requisition to a stocked depot or arranges for emergency purchase.

The "operations" described involving requirements, stock management, and distribution are performed by the Agency's Stock Control Group. In addition, this group has elements which are responsible for cataloging and packaging.

The cataloging function is a major task. Because reference must often be made to items which are obsolescent as well as to the more recent and therefore livelier items, item descriptions for over 450,000 Signal Corps items must be kept on file.

The electronic art is so dynamic that the Signal Corps is constantly improving its existing equipments or introducing new, more advanced types. As a result, despite vigorous efforts to achieve maximum, practical standardization and avoid the introduction of a new repair part where a repair part already in the system will suffice, new items are being brought in at a rate of approximately 1,000 per month.

Since WW I, the Signal Corps has had a comprehensive and highly effective stock numbering system. A further refinement is being effected by the introduction of the Federal Cataloging System. Under this new system all existing live, stock-numbered items are re-identified and stock numbered. This requires a necessary cross-check with other services which may use the same or a similar item before the central agency can assign a unique number. These new numbers cannot be used alone in current stock operations until a system-wide conversion process is completed for each category.

As the importance of packaging has been more and more recognized by private industry in recent years, so has it been recognized and emphasized by the Signal Corps Supply Agency. Obviously items intended for immediate consumption can be purchased in commercial type packaging, but material intended for overseas shipment and particularly that destined for extended period storage must be given highly pro-

ductive packaging. The Signal Corps Supply Agency has a progressive packaging unit which not only monitors the most efficient and economical packaging of items now in stock or now being purchased, but also constantly seeks improved and more economical methods for packaging and packing Signal Corps equipments and supplies.

Many Signal Corps major equipments are assemblies of major and minor components, not all of which are economically procurable from a single contractor. Consequently, it is necessary to assemble such major equipments at Signal Corps depots or at Ordnance installation points for tanks and other vehicles. This necessitates a complex stock management and scheduling operation which has many of the aspects of the operations performed in marshalling parts for an automobile assembly line.

The Signal Corps Supply Agency enjoys the fortunate arrangement of having Industrial Mobilization Planning as an integral part of its overall operations. This makes it possible to secure the maximum possible coordination between requirements determinations, current procurement, and industrial mobilization planning.

The Industrial Mobilization Activity has the prime function of maintaining industry in readiness to begin production of important Signal Corps items if an emergency should suddenly arise. To accomplish this, problem areas which might hamper emergency production must be sought out and resolved. This group surveys industry, prepares schedules for selected items and seeks additional sources of supply of critical items so as to reduce delays and confusion when it becomes necessary to shift from normal peacetime production to war production. Production bottlenecks are anticipated and steps are taken to provide equitable distribution of the emergency production load in the entire industry. Special Industrial Preparedness Study Contracts are awarded to develop industry capacity and know-how needed for the production of components which are not otherwise available.

Anti-Atomic Means and Methods Of Protection

Col. F. Gavrikov of the Soviet Army tells in the following article, translated from "Sovetskaya Armiya," how Red ground forces are being trained for atomic warfare. The colonel says that these troops can take an atomic attack and continue in action. His article describes how he thinks this can be done.

THE appearance of the atomic weapon has again posed certain problems for military art. However, in soberly considering the destructive power of this weapon, we should not over-estimate its possibilities. Soviet military art assumes that the presence of this new means of combat not only does not reduce the part played by the soldier but on the contrary increases it still further and raises the morale of the soldier to a new level.

THE OUTCOME OF WAR will still be decided by people who are strong in spirit, knowing thoroughly how to employ first class equipment, possessing high moral-combat qualities and physically hardened. In comparison with other weapons the atomic is, without a doubt, much more destructive. However, against it there are simple and reliable means and methods of protection. Soldiers who know and are able to apply these means and methods of defense will be able to operate successfully on the battlefield and carry out their combat missions even if the enemy employs the atomic weapon.

The basic means and methods of protection against the action of the atomic weapon are, in the first place, intelligent employment of the protection offered by accidents of the terrain, local objects and defensive installations and, in the second place, the ability of each soldier to employ correctly his in-

dividual means of antiaircraft protection.

For protection against the effects of the atomic weapon it is also necessary that the soldier act quickly, carry out in an intelligent manner the sanitary processing and decontamination of his uniform, equipment, weapons, and the position occupied, if they are contaminated by radioactive substances.

Let us consider each of these means and methods of protection.

THE VARIOUS ACCIDENTS of the terrain and local objects (ditches alongside the road, pits, stumps, shell holes, holes made by mortar shells, aerial bombs, etc.) when correctly employed as cover reduce the blast, radiation, and thermal effects upon the soldier. Hence, upon seeing the flash of the atomic explosion, the soldier should immediately take refuge under the nearest cover found within two or three steps of him and place himself under this cover.

The basic means for protection of men, military equipment, weapons and military property against the action of the atomic weapon are defensive installations, which for this purpose are made more solid. Fire trenches and communication trenches, in particular, on the separate sectors should be covered with beams (or poles) and these in turn covered with earth. The thickness of the cover (together with the beams) should be at least 50 centimeters. Slit trenches should, as a rule, be covered and their slopes lined, and in soft soils the slopes of the trenches and the walls of covers should be reinforced with poles, boards, and brush.

For the protection of weapons, tanks, armored cars and other military equipment, one should provide trenches and (Please turn to Page 1110)

The Procurement mission involving annually more than 30,000 contracts which in peak years have totalled over \$1 billion dollars is really big business.

The contracting officers are constantly striving to obtain the best equipments from qualified producers, at prices which are fair to both industry and the government. To do this requires an industrial relations program designed to foster teamwork with industry. Contracts are awarded to the successful bidders from among 15,000 firms ranging in size from small businesses manufacturing crystals, hardware items, and small electronic parts, to the nation's industrial giants whose vast facilities are often needed to produce complete communication centers. Unlike the situation in some services where the administration of contracts is handled by separate agencies from those which awarded the contracts, the Signal Corps Supply Agency links the responsibilities for contract award and contract administration. In addition, the important function of inspecting the purchased material for acceptance is also under the supervision of the Signal Corps Supply Agency. This last operation is called Quality Assurance to emphasize the advanced techniques of quality control sampling which are now followed. Signal Corps quality assurance engineers are stationed at most of the important electronic manufacturing centers in the United States.

The major task of the Quality Assurance Activity is to insure that Signal items purchased conform to contractual requirement and operate properly. Equipment and supplies are subjected to severe conditions of temperature, humidity, vibration, and shock in normal military usage. The acceptance of military equipment with low standards of quality may have serious consequences through failure of the equipment to perform at a crucial time. Improved techniques for determining the acceptability of materiel are continually being developed by the Quality Assurance Activity. Through the application of Quality Control techniques based on statistical analysis, improved quality of materiel is obtained at reduced cost to the government.

These techniques have led to the "Reduced Inspection Quality Assurance Plan," otherwise known as RIQAP, whereby selected contractors' quality control methods and records simplify the acceptance of their product.

In order to furnish an alternative location and to facilitate contact with the sizable concentration of electronic manufacturing in the midwest, the Signal Corps Supply Agency has a Regional Office in Chicago which performs on a reduced scale all the functions carried on in Philadelphia, except requirements and distribution. There is also a special procurement office at Fort Monmouth to handle Research and Development Contracts for the Signal Corps Engineering Laboratories, one at Fort Huachuca to handle special contracts for the Signal Corps Electronics Proving Ground and one at Astoria, Long Island to procure specific supplies and services for the studios of the Army Pictorial Center.

Trained competent people who could take on enormously expanded duties in the event of a mobilization emergency are the keys to efficient operation of the Signal Corps Supply Agency. One of the greatest assets of the Agency is its people. To conserve this asset the Agency places great emphasis on personnel management. A comprehensive career development program has been placed in effect which includes employee appraisals, individual counseling and special individual training including in some instances training with industry.

The people of the Signal Corps Supply Agency are alert to learn and use any new ideas which will improve their operation. They constantly strive to develop and adopt better or simpler methods so they may prove to the soldier at the end of the supply line that he is the one they serve.

MEMO For Journal Readers

PRESIDENT EISENHOWER should name quickly the next Army CofS to assure an orderly changeover and to prevent further delays in key assignment changes. Otherwise, embarrassing situations are certain to develop. If the White House doesn't act, at least to the extent of passing the word unofficially, watch for additional shifts on an "acting" basis.

WITH THE APPROACH of Gen. Ridgway's completion of two years' service as CofS in August, there's considerable feeling in high military circles that a two year tour is not the best thing for the Services. Many suggest a three-year tenure for the CofS, a compromise between the previous four years and the current two.

THE FEELING IS GROWING in the Army that Gen. Taylor, Far East Commander, will be called to Washington from Tokyo to succeed Gen. Ridgway. If that proves to be the case, it will demonstrate, in effect, that the NATO command held by Gen. Gruenther is, at this time, the top Army job.

INCREASED IMPORTANCE for the Army's Continental Command at Ft. Monroe, Va., may mean designation of a three-star officer to replace Maj. Gen. Robert M. Montague, USA, as Deputy. He is slated to head the MAAG in Saigon, with Lt. Gen. John W. O'Daniel, USA, retiring. Gen. John E. Dahlquist, USA, CONARC chief, is due to retire next March.

A RIDING CLUB, sponsored by Air Force horsemen, has just been organized at Ernest Harmon AFB, Newfoundland. M/Sgt. John Palko is president. Numerous riding clubs have been set up at other AF bases; it's possible there will be more equestrian activity in the Air Force than in the Army.

—2—

WITH APPROACHING WIND-UP of FY '56 budget action at the Capitol, watch for the Air Force to put new emphasis on the increasing quantity and especially the improved quality of Soviet airpower, with particular stress on the new MIG 17, Type 39 medium bomber (comparable to the B-47) and Type 37 heavy bomber (in the B-52 class). Suggestions may be made that a "new look" is needed at the 137 wing strength.

AS WORK PROGRESSES on the FY '57 budget, the Air Force is keeping well in mind the fact that the Maintenance and Operation cost alone of the 137 wing structure will be just about the same as present Air Force expenditures, including aircraft procurement.

THIS MEANS A BIGGER BITE out of the total Defense Dept. budget for the Air Force, with leaner fare for the other Services. The fiscal realities are certain to lead to considerable disagreement at high Pentagon levels, forcing inevitable "this is it" decisions by SecDef Wilson and President Eisenhower.

INCREASING COMPETITION of ADC for a bigger part of the AF budget buck is bandied about in recently released budget testimony. Noting that Air Defense activities of all Services will cost \$3.3 billion in the year beginning 1 July, Rep. Scrivner (R-Kans) commented: "At Colorado Springs, we were given a good sales talk on the ADC. Then we went to the Strategic Air, and they practically 'unsold' us. It leaves us in a quandary as to where we are going. If we believe one, we cannot possibly rely on the other's statement."

—3—

ALL IS NOT TEAM PEACE between the staffs of the Assistant SecDefs for Research and Development (Donald A. Quarles) and Applications and Engineering (Frank D. Newbury). From the beginning, there's been a suspicion of troublesome overlapping in their jobs.

GENERALLY SPEAKING, Mr. Quarles has stayed away from telling the Services what weapons they need and should have to get their jobs done. He has seen his task essentially as that of a coordinator and where necessary, as a moderator.

THE APPLICATIONS ENGINEERING CHIEF, as his recent speech in Baltimore showed, is of the opinion that there's too much weapons differentiation. So he's moving in on the situation in an effort to get greater standardization.

ALREADY DISCLOSED is a study aimed at reducing the number of aircraft engines. It's a good bet that this type of inquiry will be broadened to include airframes—and possibly guided missiles as well.

IN SHORT, Mr. Quarles' office is seeking energetic research and development of new weapons sought by the Service chiefs, while Mr. Newbury's office, concerned with production problems and critical shortages of skilled technical personnel, wants more standardization. The nature of their activities permits Mr. Quarles to be more of a "policy maker" than Mr. Newbury. He must be a considerable "operator" to get the job done as he sees his task.

NIKE UNITS AND K-9 PATROLS will be assigned to put a keener edge on protection of SAC bases in the U.S. The guided missile installations will be manned by the Army. The dogs, though Army trained, are carried on AF rolls.

—4—

ALL ARMY OFFICERS—not just the 80 brigadier generals and colonels selected—will be pleased with the Pentagon decision to make public (The Journal 7 May) names of those chosen for temporary two-star and one-star rank. The action will demonstrate in unmistakable terms the fact that there can be no shuffling of names.

FOR THE INDIVIDUAL, publication of the list will eliminate anxious waiting and will help greatly in making future plans. It will also be of aid to the Army in planning assignment changes. But most important is the over-all effect on Army morale; nothing is more essential to military careerists than assurance of the complete integrity of selection action.

A THIRD STAR appears in the offing for Maj. Gen. Robert N. Young, USA, who has been serving as G-1. He could get the Third Army post at Ft. McPherson, Ga., where Lt. Gen. A. R. Bolling is slated for retirement this summer. Gen. Young headed the Infantry Center at Ft. Benning, Ga., before being assigned to the Pentagon.

WHETHER THE G-1 POST is to be restored to its traditional three-star status under the new Army CofS remains to be seen. In the Army, there has been difficulty figuring out why Sec'y Stevens and Gen. Ridgway have elected to keep this a two-star billet—particularly since the Navy and Air Force personnel chiefs wear three stars.

Your Staff

OFFICIAL ARMY ORDERS

Robert T. Stevens—Secretary of the Army
Charles C. Finucane—Under Secretary of the Army
Hugh M. Milton, II—Assistant Secretary (Manpower & Reserve Forces)
George H. Roderick—Assistant Secretary (Civil-Military Affairs)
Frank H. Higgins—Assistant Secretary (Logistics, Research & Development)
Chester B. Davis, Assistant Secretary (Financial Management)
General Matthew B. Ridgway—Chief of Staff

GENERAL OFFICERS—

Biddle, Maj Gen William S, Ft Hood, Tex, to USAFFE, Zama, Japan.
Howze, Maj Gen Robert L, USAFFE, to 1st Arm Div, Ft Hood, Tex.
Macdonald, Maj Gen John C, Taipei, Formosa, to Holding Det OCOFSA 8745th DU, Wash, DC, for dy w/OCOFA 8525th DU.
Simon, Maj Gen Leslie E, is reapt as ACOFORD for RD for a pd of one year eff 25 Jul 55.
Babcock, Brig Gen C Stanton, Wash, DC, to Hq USFA.
Medaris, Brig Gen John B, is designated ACOFORD (Industrial Div) eff 4 May 55.

General Officer Appointments To Temporary Maj General

With Rank fr 1 Jan 51:
Harmony, John W, USA.
Prather, Richard G, USA.
McClure, Robert A, USA.
Brown, Frederic J, USA.
Martin, George E, USA.
Daniel, Derrick McC, USA.

To Temporary Brig General

With date of Rank as indicated:
Heiser, Benjamin P, Arty, 17 Apr 1955.
Bender, Arthur H, Arty, 13 Apr 1955.
King, Theodore T, Armor, 19 Apr 1955.
Paxson, Harry O, CE, 20 Apr 1955.
Thompson, James V, Inf, 21 Apr 1955.
Lane, Thomas A, CE, 22 Apr 1955.
Easterbrook, Ernest F, Inf, 23 Apr 1955.
Hardick, William L, Inf, 24 Apr 1955.
Ruggles, John F, Inf, 25 Apr 1955.
Coutts, James W, Inf, 26 Apr 1955.

INFANTRY—

Condon, Lt Col Herbert T, jr, Wash, DC, to USA Europe for dy w/MAAG (Italy) (USA Sec) Rome, Italy.

Up front in the Turbo-Prop Race

**Allison Model 501 for commercial
use develops more power for its
size and weight than any other
Turbo-Prop engine built today**

Pay-off on ten years of Turbo-Prop pio-
neering is the Allison Model 501 engine,
commercial version of the T56 which
recently completed the most exacting
model test ever required of a propeller-
type engine.

Now in production, this engine develops
3750 horsepower, or 2.3 horsepower per
pound of weight—a power-to-weight
factor better than any other Turbo-Prop
engine available today, and almost 2½
times that of contemporary piston engines.

In a typical application, the Allison "501"
saves one ton of weight per engine nacelle,
and has an engine frontal area of only six

square feet—less than half the frontal area
of a reciprocating engine with comparable
power. Its amazing compactness cuts speed-
reducing nacelle drag as much as 60%.

These advantages will enable cargo trans-
ports powered with these engines to carry
heavier payloads faster at far less cost than
present aircraft.

And in passenger operation, smooth-running
Allison Turbo-Props will provide quieter,
more comfortable flights—and permit speeds
better than 7 miles a minute.

Allison Turbo-Props are engines *in being*—
not merely on paper. They are the first
American Turbo-Props being built and
delivered in production quantities, and have
to their credit more actual flight experience
than all other U.S. Turbo-Props combined.

NEW CONSTELLATION SIMULATORS

...open greater safety
and economy opportunities
for world airlines!

Actual experience by major world airlines and the U.S. Military Services has proved that it is sound, conservative economy for an operator who is spending millions for new equipment to invest, at the same time, in a Simulator. Use of a Simulator is faster and more effective in developing skilled, coordinated crews than flight itself, and from cost comparisons reported by airlines and the Military, reduces crew familiarization expense to a small fraction — with never a risk to manpower or aircraft!

A Simulator and the crew compartment of the plane it represents, are identical. In the Constellation Simulators, built by Curtiss-Wright, pilots and crew members, without leaving the ground, can thoroughly familiarize themselves with all flight characteristics of the airplane... can master every leg of their routes in any part of the world, navigate by radio aids or instruments through all the changes of weather in all the seasons of the year, build up experience that pays off in lower operating costs and a prouder safety record for the airline.

Only through electronics is such flight reproduction possible. Only Curtiss-Wright with basic patent rights in this field, and its licensees, build Simulators and Duplicators for both the Armed Services and commercial airlines of the world.

GUIDING THE "CORPORAL"

ELECTRONIC GUIDANCE IS THE SECRET OF THE CORPORAL'S ACCURACY

The U. S. Army required a ground-to-ground missile capable of delivering an atomic warhead at supersonic speed—accurately—to a target beyond the range of artillery. Army Ordnance awarded four prime contracts for this project:

PRIME CONTRACT—RESEARCH

*Jet Propulsion Laboratory,
California Institute of Technology
Basic research and development
covering all facets of total problem.*

PRIME CONTRACT—DEVELOPMENT

*Gilfillan Bros., Inc.
Improvement, simplification of ground
and airborne electronic equipment.*

**PRIME CONTRACT—PRODUCTION:
MISSILE**

*Firestone Tire & Rubber Co.
Missile and missile handling equipments.*

**PRIME CONTRACT—PRODUCTION:
GROUND GUIDANCE SYSTEM**

*Gilfillan Bros., Inc.
Complete ground guidance system.*

RESULT: *The Army's "Corporal," ground
and airborne equipment. In full produc-
tion; delivery being made to troops.*

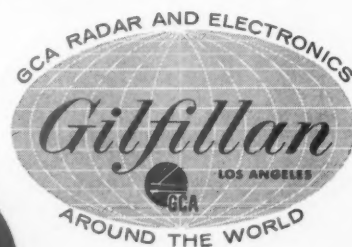

Today's missiles are superior to yesterday's mechanically timed rockets for one reason—electronic guidance.

It is electronics research and the electronics industry that put the guidance into the guided missiles... that share the major responsibility of keeping America first in guided missiles.

Primary credit for the "Corporal" is due to the basic research achievements of the engineers and scientists of the Jet Propulsion Laboratory at the California Institute of Technology. Gilfillan is proud to have been awarded a prime contract to assist in the development and do the production of the vital electronic guidance system.

In the electronics industry, Gilfillan is a recognized leader. Gilfillan's ability to carry on from basic research comprehensively—to approach a total problem as a whole and achieve a whole solution—has been thoroughly proven in GCA Radar, the "Corporal" guidance system, and is now being further demonstrated in top secret projects in a number of fields.

*Today and Tomorrow
Comprehensive Research and Development*

Sec. Orth Addresses

CGSC Grad. Exercises

Franklin L. Orth, Deputy Assistant
Secretary of the Army for Manpower and
Reserve Forces, was principal speaker at
graduation ceremonies last week for 284
students officers who had completed the
Associate Command and General Staff
Officer Course at the Command and General
Staff College, Ft. Leavenworth, Kan.
Secretary Orth was introduced by Maj.
Gen. Garrison H. Davidson, Commanding
General of Ft. Leavenworth and Commandant
of the CGSC. Brig. Gen. Charles
E. Beauchamp, Assistant Commandant
of the College, presented the diplomas.

Army Navy Air Force Journal 1101
14 May 1955

Honor Late Col. Bassett

A bronze plaque set in concrete was
unveiled at Ft. Bragg, recently, com-
memorating Col. James A. Bassett, former
G-4 of Ft. Bragg and the XVIII Air-
borne Corps who died in a helicopter
crash last November.

The unveiling at the corner of "A"
Street and Riley Road officially changed
the name of "A" Street to "Bassett
Street." Mrs. Bassett, widow of the colo-
nel, and her two children Steven and
David, were present.

You'll get special attention from Journal
advertisers—they cater to Service personnel.

"Not a man in sight..."

As I was driving along a country road with four other women
as my guests a tire went flat. My heart sank with it, for my
tire-changing experience was nil and the road was empty of
aid. Pulling to the side, I hunted out the tools, remarking as
I did so:

"Not a man in sight, of course. What we need is an angel
from heaven!"

Imagine our astonishment when a cheery voice above our
heads said, "I'll be down in a minute, lady." Unknowingly, I
had stopped beside a telephone pole at the top of which sat
our "angel"—a line repairman.

From the Reader's Digest feature, Life in These
United States... "true stories showing appealing
or humorous sidelights on the American scene."

A Friend in Need

We got a chuckle out of that little story and
we hope you did too. Best thing about it is
that it isn't an isolated case.

Many a time each day, telephone men and
women go out of their way to help someone
in trouble. Their friendly, neighborly spirit is
one of the nice things about telephone service.

SERVICE FAMILY NOTES

WASHINGTON, D. C.—The Transportation Corps Women's Club new officers are shown from left to right (front row): Mrs. Joseph G. Porter, 2d vice-president; Mrs. Vernon R. Johnson, outgoing president; Mrs. Evan M. Houseman, new president; Mrs. Paul F. Yount, honorary president; Mrs. Burton E. Miles, 1st vice president; and (back row) Mrs. Virgil W. Grant, recording secretary; Mrs. Rhoman E. Clem, treasurer; Mrs. Jack W. Boyer, asst. treasurer; and Mrs. Howard B. Mickey, corresponding secretary.

MRS. David Hottenstein, wife of Colonel Hottenstein, USA-Ret., entertained at tea, on 3 May, at her home on Crescent Drive, Beverly Hills, Alexandria, Va.

Assisting in pouring were Mrs. Eugene M. Caffey, wife of the Judge Advocate General of the Army; Mrs. Reginald C. Harmon, wife of the Judge Advocate General of the Air Force; and Mrs. Arthur H. P. Taylor, newly elected president of the Alexandria Woman's Club. Others assisting at the tea table were Mesdames Douglas France, William Nelson, Willis T. Downing, Clarke Tufts and Chester C. Westfall, jr., niece of Colonel Hottenstein. Among the 60 guests who called during the afternoon were Mrs. George W. Hickman, wife of Brig. General Hickman, and Mrs. Stanley W. Jones, wife of Brig. General Jones.

Tea For Mrs. Armstrong and Mrs. Hays—

A tea honoring the wives of the retiring Army Surgeon General and his successor was held at Walter Reed Army Medical Center's Officers' Club Wednesday 4 May by the Women's Club of the Surgeon General's Office and the Army Medical Service Woman's Club of Walter Reed.

In the receiving line were Mrs. Silas B. Hays, wife of the new Army Surgeon General; Mrs. Leonard D. Heaton, wife of Water Reed's Commanding General; Mrs. George E. Armstrong, wife of the retiring Army Surgeon General; Mrs. Clifford Morgan, President of the Women's Club of the Surgeon's Office; and Mrs. Kermit Gates, President of the Army Medical Service Woman's Club of Walter Reed.

Among the 300 ladies who came to greet Mrs. Hays and Mrs. Armstrong were Mrs. Charles E. Wilson, wife of the Secretary of Defense; Mrs. Robert T. Stevens, wife of the Secretary of the Army; Mrs. Walter L. Weible, wife of the Deputy Chief of Staff for Operations; Mrs. Charles C. Finucane, wife of the Under Secretary of the Army; Mrs. B. W. Hogan, wife of the Navy Surgeon General; Mrs. Bruce E. Bradley, wife of the Navy Deputy Surgeon General; Mrs. John H. Stokes, jr., wife of Commanding General, Military District of Washington; Mrs. Howard McC. Snyder, wife of the White House Physician; and Mrs. Frank P. Ellis, wife of the British Medical Corps Liaison Officer.

Entertains AF Dental OWC Officers—

Mrs. Donald C. Hudson, president of the Air Force Dental Officers Wives Club, recently gave a luncheon and bridge party at her Bethesda, Md., home for the 1954-55 Club Officers.

A short executive committee meeting

was held before lunch to make plans for the next meeting on 11 May, when the Dental Wives met at Bolling AFB Officers Club for lunch and annual elections. Mrs. Edward Werfel was in charge of that day's arrangements, assisted by Mrs. Nathan Rosen and Mrs. Wendell H. Taylor.

Navy Doctors' Wives Club—

The Navy Doctors' Wives' Club of Washington, D. C. will have a dinner-dance on Friday 20 May at the Commissioned Officers' Mess, National Naval Medical Center, Bethesda, Md.

Decorations for this festive occasion will feature the traditional Maypole. They are under the chairmanship of Mrs. Clyde S. Stroud, jr. Co-chairmen for the party are Mrs. Robert Brown and Mrs. John H. Cheffey.

Anyone eligible for membership in the Doctors' Wives' Club who has not been contacted may make reservations by calling Mrs. Brown at OI 7-2677 before 15 May.

Army Finance OWC To Elect—

The Army Finance Officers' Wives Club will meet on Thursday, 19 May, at the Army-Navy Country Club. Luncheon will be served at noon.

Election of officers will take place followed by an afternoon of bridge and canasta.

The outgoing officers will be the hostesses for the afternoon and include Mesdames Thomas C. Davis, Sherbourne J. Heliker, John L. Clancy and William C. Thoma.

Engineer OWC Wind Up Successful Season—

Maj. Gen. Samuel D. Sturgis, jr., the Army's Chief of Engineers, was the guest speaker, on the occasion of the Engineer Officers' Wives Club's last meeting of the season, on 4 May, using for his topic, "The Most Important Men in the World—Your Husbands."

For his appreciative audience, General Sturgis outlined some of the achievements of the Corps of Engineers; its huge military construction program in France, the vast stretches of bases built in North Africa; and the humanitarian effort of rehabilitation in Korea. Designating the Corps as the greatest construction organization in the world today, he favorably compared its engineering feats with those of the Pharaohs and ancient Romans. In speaking of the members of the Corps, in their role of men of science, coping with well-nigh insoluble problems in Nature, General Sturgis told his attentive audience that Army Engineers gain an awareness of the Almighty; that their jobs of global scope give them an understanding of the economies of many nations; and their tours in foreign lands endow them with a thor-

ough grasp of international relations.

Among those in the audience were Mesdames Amos Fries, Eugene Caffey, Stanley L. Scott, John W. Schulz, Charles Kutz, Theron DeWitt Weaver, Kenneth D. Nichols, C. Rodney Smith and Clinton Robinson. Members from Ft. Belvoir included Mesdames Louis W. Prentiss, Max S. Johnson, Gerald E. Galloway, Warren Underwood, Herbert Lux and Alfred A. Chabert.

A musical interlude followed General Sturgis' talk, with Mrs. Lillian Moldawan, Boston concert pianist and wife of Maj. Morris Moldawan of the Engineer School, presenting with great brilliance a varied number of selections. She was succeeded by Mrs. Elisabeth DuVal, well known Hungarian violinist and wife of Col. Camille H. DuVal of the Engineer Center, superbly presenting a program of Spanish, Austrian and Hungarian compositions.

Following the concert, results of the balloting were announced by Mrs. Andrew V. Inge, nominations chairman. The new Club officers are Mrs. John U. Allen, president; Mrs. Richard L. Jewett, 1st vice-president; Mrs. Andrew J. Goodpastor, 2nd vice-president; Mrs. Chabert, secretary. The next meeting will be held on the first Monday in October.

DUSA Final Luncheon—

The Washington Chapter, Daughters of the U.S. Army, held their final luncheon and meeting of this season at the Army-Navy Country Club on 2 May.

Mrs. E. E. Daman presided for the last time as president of the Chapter, as her term of office has ended. Mrs. Leslie D. Carter, wife of Major General Carter took over as the Chapter's new president. Miss Julie Fieberger is the new 2d vice-president, Mrs. Brown Harbold is treasurer and Mrs. H. S. Bishop, the new secretary. The next meeting will be held on the first Monday in October.

Joint Luncheon NWC and ICAF Women's Clubs—

Members of the Women's Clubs of the National War College and the Industrial College of the Armed Forces met on 10 May, for a joint luncheon at the Officers Club at Ft. Lesley J. McNair.

Honored guests included Mrs. Howard Craig, wife of the Commandant of the War College, Mrs. Wesley McL. Hague, wife of the Commandant of the Industrial College, Mrs. John Hickerson, Mrs. Clovis Byers, Mrs. Urban Niblo, Mrs. Frederick Calhoun and Mrs. George Gibbs.

Members and guests were received by Mrs. Gwen Atkinson and Mrs. Laurence Vass. A program of fashions was presented by one of Washington's leading stores.

Mrs. Robert Thorson had charge of program arrangements. Mrs. Manford Watzel and Mrs. Hugh Manson supervised the table decorations and Mrs. Norman Schroeder and Mrs. Francis Cunningham were in charge of the hospitality committee.

Wives Of USMA Class Of '38 To Lunch—

The Wives of the Class of 1938 at the U. S. Military Academy will assemble for luncheon on 20 May at the Cedar Knoll Country Club in Virginia, at 12 noon.

Hostesses for the occasion will be Mesdames James K. Schmidt and David O. Byars. For reservations, call Mrs. Schmidt at KI 8-7315.

WAVE Officers To Entertain—

On Tuesday, 17 May, Wave Officers of the Washington area will gather in the

Crystal Room of the Commissioned Officers' mess of the Naval Gun Factory between 5:30 and 7:30 p.m. for a cocktail-buffet. As honored guests for the occasion, the Waves have invited local members of the Defense Advisory Committee on Women in the Service and the Directors of all the Women's Services.

Both active and inactive Wave officers are cordially invited to attend the cocktail-buffet to meet the guests. Announcements and tickets have been forwarded to Wave representatives of activities in the Potomac Naval River Command for distribution to active duty Waves. Inactive duty Waves interested in attending may contact Miss Eda Nelson on Liberty 5-6700, extension 42011, for information and tickets.

Armed Forces Hostess Ass'n Luncheon—

On Wednesday 25 May at the Ft. McNair Officers' Club the Armed Forces Hostess Association will have luncheon for newcomers to the Washington area.

Mr. Walter H. Lubsen of the Wine Advisory Board will lecture on the use of wines in serving and cooking and exhibit a color film on wine growing in the United States.

The group will include Mrs. Wayne Hunter, President and the Pentagon and Neighborhood Hostesses, whose volunteer works keeps Service Families informed of living conditions all over the world as well as locally.

Engineer Wives Boost Bargain Shop—

"The Corps of Engineers' Operation Share has this time moved a mountain!" That was Jango Director Mrs. Newell L. Hemenway's delighted reaction to the success of the Engineer drive for Jango 'Jems' as the huge stacks of donations were unloaded on 6 May at the Jango Bargain Shop, 2005 K St., N. W.

Mrs. Hemenway said it would be impossible to get a count of the donations. Her volunteer staff is limited and the customers were in a buying mood. One and one-half tons of clothing came from Ft. Belvoir alone.

Net profit from the sale will go to local charities, including: The Soldiers, Sailors, Marines and Airmen's Club; Children's Hospital; Metropolitan Police Boys' Club; District Society for Crippled Children; the Washington Home for Foundlings; and the House of Mercy.

Mrs. David H. Tulley served as Washington Chairman for Operation Share. At Ft. Belvoir, the committee was headed by Mrs. Herbert G. Lux and Mrs. Charles E. Diehl.

Victory Dance—

A Victory Dance was held at the Officers' Service Club, 1644 21st Street, N.W., on 13 May Washington, D. C. to celebrate the purchase by the Club of its present building which was formerly occupied on a rental basis.

The Club's board of directors—Lt. L. Eichorn, USAFR, Comdr. J. R. Patton, USNR, Comdr. J. Scoggin, Col. C. DeCamps, USAFR, Lcdr. F. Forman, 1st Lt. C. B. Taylor, Lt. J. J. Murphy, USAFR, Maj. A. F. Czajkowski, USAFR, Maj. W. F. McIntosh, USAFR, and Capt. E. W. Boyer, USAFR—are being given credit for the success of this transaction.

More than 200,000 officers of the United States and our allied nations have patronized the Club and many have expressed appreciation of its congenial atmosphere where they could make new friends and find diversion in their leisure hours. Among the Clubs' many facilities (Continued on Next Page)

FT. HOOD, TEX.—One of the first contributions to the 1955 Red Cross Drive, a \$100 check from the Officers Wives' Club, is presented to Maj. Gen. Thomas L. Harold, Ft. Hood and III Corps commanding general, by Mrs. W. S. McElhenny (right), president of the Officers Wives' Club. Also doing key work in making the call to "Join and Serve" heard among the ladies of Ft. Hood are (center), Mrs. J. E. Burton, chairwoman of the Red Cross Volunteers, and Mrs. Thomas W. Muston, president of the NCO Wives Club.

Service Family Notes

(Continued from Preceding Page)

are housing, television lounge and dancing every evening, also Saturday and Sunday afternoons. A number of members, after years in foreign stations have returned to Washington to marry girls met at the Club and not forgotten.

The hostesses of this Victory Dance were the daughters of officers of the Army, Navy, Marine Corps and Air Force. This organization held the first of the Club dances on a Friday evening in November of 1942.

The Club is now 13 years old. The dance celebrating the purchase of the building was on Friday the 13th and the special event of the evening was announcement of the engagement of Miss Virginia Seleno, daughter of Col. George Seleno, USA, and Lt. J. M. Reeves, USAR. They will be the 113th bride and groom whom have met at a Friday night dance at the Officers' Service Club.

The members of the dance committee are Lt. Larry Eichorn USAFR, President of the Club, Maj. A. F. Czajkosky, Chairman of Entertainment, and Mrs. Clyde B. Parker, widow of Lt. Col. Parker.

Entertain Inspector Of French Engineers—

Mackenzie Hall overlooking the Potomac River at Ft. Belvoir, Va. provided the setting when the Chief of Engineers U. S. Army, Maj. Gen. and Mrs. S. D. Sturgis, jr., entertained on the evening of 9 May, at a colorful dinner party honoring Maj. Gen. Robert Jean Louis Pinson, Inspector of Engineers, Army of France.

Some 35 couples toasted the historic relationship between the Army Engineers of France and the United States, which dates back to the early years of the American Republic, when several of the U. S. Chiefs of Engineers were former officers of the French Army.

Decorations of Mackenzie Hall were highlighted by the flags of the United States and France and of the Corps of Engineers and seasonal flowers were tastefully arranged.

Among those attending the party were Lt. Gen. and Mrs. Carter B. Magruder, Lt. Gen. and Mrs. L. Mathewson, Maj. Gen. and Mme. Saubestre, RAdm. and Mme. Jubelin, Maj. Gen. and Mrs. B. L. Robinson, Maj. Gen. and Mrs. John H. Stokes, jr., Maj. Gen. and Mrs. Louis W. Prentiss, M. and Mme. Martin, Brig. Gen. and Mrs. Max Johnson, Brig. Gen. and Mrs. David H. Tulley, Brig. Gen. Walter Wilson, Brig. Gen. and Mrs. Theron D. Weaver, Brig. Gen. and Mrs. E. C. Itschner, Brig. Gen. and Mrs. William C. Baker, jr., Brig. Gen. and Mrs. C. Rodney Smith, Brig. Gen. and Mrs. Gerald E. Galloway, Brig. Gen. Keith R. Barney, Brig. Gen. B. B. Talley, and Col. and Mrs. Deschamps.

New DeLog OWC To Honor Mrs. Magruder—

Mrs. Carter B. Magruder, wife of the new Deputy Chief of Staff for Logistics, Lt. General Magruder, will be the honor guest of the newly organized DepLog Officers' Wives Club, at the Army-Navy

Photo by Montgomery Studio
MRS. WILLIAM DAVIS

RAY, daughter of Col. and Mrs. George Davison Burch, was Miss Salita Pauline Burch, before her marriage, on 1 May, to Lieutenant Ray.

MRS. MEAD S. GRUVER, daughter of Brig. Gen. and Mrs. August Schomburg of Heidelberg, Germany, the former Miss Augusta Ann Schomburg, before her marriage, on 5 April, to Lieutenant Gruver, son of Maj. Gen. and Mrs. Earl S. Gruver of Alexandria, Va.

MISS BARBARA ANN MUSGROVE, daughter of Col. and Mrs. Albert M. Musgrove, jr., of Mitchell AFB, N. Y., whose engagement to Mr. John L. Loesel, jr., has been announced by her parents.

MRS. GRADY LAVELLE MITCHAM, daughter of Maj. Gen. and Mrs. Halley Grey Maddox, was Miss Madeleine Grace Chace, before her recent marriage to Mr. Mitcham, at Goeppingen, Germany.

Photo by Rauschmeier
MRS. THOMAS CREAN DOLAN, recent bride of Major Dolan, USAF, and daughter of Brig. Gen. and Mrs. Wentworth Goss, was the former Miss Barbara Elizabeth Goss.

Country Club, on Friday, 20 May, at 12:30 p.m.

The occasion will not only afford the opportunity for all members to meet Mrs. Magruder, but will be a gathering to elect officers for the new organization and adopt the Club's constitution.

Mrs. Henry R. Westphalinger is in charge of arrangements, and reservations may be made by writing Mrs. Arthur H. Black, Hunter Mill Rd., Oakton, Va.

SGO Women's Club—

The Women's Club of the Army Surgeon General's Office will hold its monthly luncheon at the Park-Sheraton Hotel on Wednesday, 18 May, at 12 o'clock.

After viewing a fashion show, the ladies will hold a business meeting for the purpose of electing new officers for the forthcoming year.

Mrs. David Marchus and her Falls Church Unit will be hosts.

"Fashions For The Home"

■ **OAKLAND, CALIF.** The Officers Wives Club of the Naval Supply Center, met at the Commissioned Officers Mess for their monthly luncheon on 27 April. Mrs. W. L. Wise was hostess chairman for the afternoon.

"Fashions for the Home" was the theme for the luncheon and program. The table decorations consisted of colorful sewing baskets, bright streamers of yardage, and spools of thread which were used for name tags for the members and guests.

Mrs. Betty Erickson, from Fabric Lane, gave a very interesting talk on the use of color and kinds of fabric suitable for home decoration, illustrating her talk with many lovely fabrics.

Welcome Mrs. Willems

■ **FT. KNOX, KY.** Mrs. John M. Willems, wife of the new Commanding General of the 3d Armored Division, was welcomed to Ft. Knox, recently, by the wives of the 3d Armored Staff Officers, at a luncheon.

In addition to the guest of honor and hostesses, others present were Mesdames William H. Wood, Samuel L. Myers and Creighton W. Abrams.

Service Weddings and Engagements

COL. and Mrs. Allan Brodie Ramsay of Fitzsimons Army Hospital, Denver, Colo., announce the engagement of their daughter, Laura Gillett, to Lt. (jg) Philip Macy Browning, jr., USNR, son of Mr. and Mrs. Philip M. Browning of Richmond, Va.

The wedding will take place on 21 May at the Fitzsimons Post Chapel.

LOESEL-MUSGROVE—Col. and Mrs. Albert M. Musgrove, jr., of Mitchell AFB, N. Y., announce the engagement of their daughter, Miss Barbara Ann Musgrove, to John L. Loesel, jr., of Kansas City, Mo., son of Mr. and Mrs. John L. Loesel of Garden City, N. Y.

Miss Musgrove is a graduate of the Ursuline Academy, Dallas, Tex., and received her Bachelor of Fine Arts Degree in 1954 from Miami University, Oxford, Ohio. She is a member of Sigma Kappa Sorority and Delta Phi Delta, Art Honorary.

Mr. Loesel is a 1952 graduate of Lafayette College, Easton, Pa., where he was a member of Phi Gamma Delta fraternity and was listed in "Who's Who in American Colleges and Universities." He served in WWII, and is a sales engineer with Pacific Borax Company.

The wedding is planned for 9 July at the Mitchell AFB, Chapel.

FIELDS-JOHNSON—Mrs. Robert Campbell Johnson of White Plains, N. Y., announces the engagement of her daughter, Anne Frances, to Mr. Ralph Arthur Fields, son of Mr. and Mrs. Joseph Fields of New York City and Beverly Hills, Calif.

Miss Johnson is the daughter of the late Lt. Col. Robert Campbell Johnson, USA. She attended Syracuse University and Barnard College. She is a member of Kappa Kappa Gamma Sorority.

Mr. Fields was graduated from Stanford University and Harvard Law School. He served as a lieutenant in the U. S. Navy in WWII. He is a member of Phi Beta Kappa and the Harvard Club of New York.

BISHOP-BESS—Col. and Mrs. Walter B. Bess of Ft. Monmouth, N. J., and Silver Lake, N. H., have made known the

engagement of their daughter, Miss Judith Ann Bess, to 1st Lt. Lawrence H. Bishop, son of Mr. and Mrs. O. R. Bishop of Martinez, Calif.

Miss Bess studied voice and piano in the U. S. and in Heidelberg, Germany. She plans to enter Dickinson College, Carlisle, Pa., in the Fall.

Lieutenant Bishop, an instructor in the Radio Division, The Signal School, attended the University of California and was a member of the Reserve Officers' Training Corps when he was commissioned in the Army in August 1953.

The wedding date has not yet been set.

JENSEN-PRIEST—The Treasurer of the United States, Ivy Baker Priest, and Mr. Roy Fletcher Priest of Bountiful, Utah, and Arlington, Va., announce the engagement of their daughter, Patricia Ann, to Lt. Cdr. Pierce Andrew Jensen, jr., USN, son of Dr. and Mrs. Jensen of Oskaloosa, Ia.

Miss Priest, who is attending Marjorie Webster Junior College, was presented to society at a dinner dance given by her parents at the Shoreham Hotel, Washington. She also was presented at the Debutante Cotillion and Thanksgiving Ball and in New York last November.

Lt. Commander Jensen is a graduate (Please turn to Next Page)

of the U. S. Naval Academy and received a degree from the Massachusetts Institute of Technology. At present he is a White House Aide and is attached to the Bureau of Aeronautics.
The wedding will take place 20 Aug. in Washington, D. C.

IRONSIDE-KEARNS — Mr. and Mrs. William J. Kearns, sr., announce the engagement of their daughter, Patricia Ann, to Lt. Robert Albert Ironside, jr., USA, son of Mr. and Mrs. Robert A. Ironside, sr., of Fairfield, Conn.

Miss Kearns attended the Academy of Our Lady of Mercy, Loralton Hall, Milford, Conn. Lieutenant Ironside is a graduate of the U. S. Military Academy, 1954, and is stationed at Tobyhanna Signal Depot, Tobyhanna, Penna.

TOMBAUGH-HORTON — Mr. and Mrs. John F. Horton of Ft. Payne, Ala., have announced the engagement of their daughter, Mary Frances, to 1st Lt. William Wilton Tombaugh, son of Mr. and Mrs. William Henry Tombaugh of Decatur, Ill.

Miss Horton attended Huntingdon College in Montgomery, Ala., and received a Bachelor of Science degree from the University of Alabama. The bride-elect is a member of Alpha Delta Pi social sorority and Alpha Beta Alpha, professional undergraduate fraternity for library science students. She is employed as a Librarian at Ft. Benning.

Lieutenant Tombaugh attended James Millikan University and the University of Indiana, where he was a member of the Sigma Alpha Epsilon fraternity. He served in Korea and is presently aide-de-camp to Brig. Gen. Carl F. Fritzsch, Assistant Commandant of the Infantry School.

They plan to be married on 11 June in the First Methodist Church, Ft. Payne.

IRBY-KEYSER — Brig. Gen. (USA-Ret.) and Mrs. George V. Keyser of Mountain Home, Ark., announce the marriage of their daughter, Mary Ketcham, to Mr. Holcomb Burton Irby, on 1 May.

Mr. Irby is an electrical engineer at the Bull Shoals Dam. He and Mrs. Irby will reside in Mountain Home.

MATTHEWS-BABCOCK — The Little-Brown-Church-in-the-Vale, Nashua, Ia., was the scene of the wedding of Miss Kathryn Viola Babcock and Capt. Charles Daniel Matthews, jr., on the evening of 27 Apr. The candlelight ceremony was performed before a flower-banked altar by the Reverend Glenn Utterback.

The bride is the daughter of Mr. and Mrs. Andrew Hammen of Minneapolis, Minn., and Captain Matthews is the son of Mrs. Edna Alcott Matthews of Keamsburg, N. J., and the late Mr. Matthews, sr.

Mrs. Matthews chose a beige street-length dress for her wedding, with yellow

EGLIN AFB, FLA. — The Officers Wives Club next meeting will take the form of a High Tea in connection with the Officers Wives Garden Club Flower Show on 18 May. Pictured here with Mrs. F. P. Gallo (center), president OWC, are Mrs. C. R. Johnson (at left), chairman Garden Club and (at right) Mrs. Ralph Canter, chairman of the second annual Flower Show, entitled "Le Petit Mot Sur Les Fleurs." The schedule was composed by Mrs. Canter.

low accessories, and carried yellow tea roses. Her matron of honor was Mrs. Walter Hammen. The bride's brother, Mr. Walter Hammen of Minneapolis, was best man.

Mrs. Matthews attended the University of Minnesota. Her husband is a graduate of Panzer College, East Orange, N. J. He is currently serving at Ft. Knox as The Armored Center Theater and Recreation Officer.

The newlyweds are residing on College Street, Elizabethtown, Ky.

LAURENZI-HITCHCOCK — Mr. and Mrs. Charles T. Hitchcock of Apopka, Fla., have announced the marriage of their daughter, Capt. Virginia Dare Hitchcock to 1st Lt. Dino I. Laurenzi, son of Mr. and Mrs. Joseph Laurenzi, Kenosha, Wisc.

The double ring ceremony which took place in the Catholic chapel at The Army Aviation Center, Camp Rucker, Ala., on 30 April was performed by Chap. (Lt. Col.) James J. McGoochan.

Attendants were Mrs. Joseph Camosky, sister of the groom, and 1st Lt. Donald Williamson, of Fort Benning, Ga., Maj. Robert Bates and Capt. Jack Wintworth served as ushers.

The post organist played traditional wedding music.

The impressive ceremony was performed before a chancel banked with huckleberry and emerald palms. Cathedral baskets filled with white gladiolus and snapdragons flanked by seven-branch candelabra holding lighted tapers completed the setting.

Given in marriage by Col. William H. Byrne, Flight Surgeon, The Army Aviation School, the bride wore a white linen day time length princess style dress with white accessories and carried a white prayer book topped with white carnations.

In the absence of her parents who were unable to attend the wedding, Captain Hitchcock was sponsored by Maj. Lucia Turunen, Chief Nurse at the U. S. Army Hospital, Camp Rucker.

Following the reception the bridal couple left for a wedding trip in South Florida.

MITCHAM-CHACE — An afternoon candlelight service at Cooke Barracks Chapel, Goepingen, Germany, was the setting, recently for the marriage of Miss Madeleine Grace Chace, daughter of Maj. Gen. and Mrs. Halley Grey Maddox of Atlanta and Augusta, Ga., and Mr. Grady Lavelle Mitcham, son of Mr. and Mrs. Henry Grady Mitcham of Bernice, La., and Hampton, Va. The vows were exchanged before a garden background of greens, white spring flowers, and candles, with Chaplain Kenneth M. Sowers performing the Episcopal Service.

The bride, given in marriage by General Maddox, wore a full-length gown of Chantilly lace, the bodice fashioned with a scalloped neckline, flowed into a wide cascade of lace points sweeping over flounces of gathered tulle and forming a billowing skirt. Her small Chantilly lace pill-box hat was overlaid with white illusion tulle which fell the length of the gown. She carried a spring bouquet of white tulips and white carnations.

Miss Sara Chace, only sister of the bride, was maid of honor, and little Sharon Elizabeth and Catherine Elliot Arthur, daughters of Lt. Col. and Mrs. John Arthur, were flower girls. Mr. Edward H. Showalter, son of Col. and Mrs. W. E. Showalter, served as acolyte for the ceremony. Mr. Mitcham had as his best man Maj. L. G. Niederman of Ft. Monroe, Va. The groomsmen were Capt. Charles H. Bell, J. Dene Balmer, William Nolan, and Lt. William E. Gregorson.

Mr. and Mrs. Mitcham left on a two months honeymoon in Europe, following the reception. Upon completion of their trip, they will return to the United States and reside in Hampton, Va.

RAY-BURCH — Miss Salita Fauline Burch, daughter of Col. and Mrs. George Davison Burch of Ft. Hood, Tex., became the bride of 1st Lt. William Davis Ray of Bartow, Ga., on 1 May, in a wedding ceremony held at the Ft. Hood 52d St. Chapel. Chaplain (Maj.) A. R. Moss conducted the double ring ceremony.

The bride wore a wedding gown of white tulle over satin, with a fitted bodice of tulle, its neckline outlined in Valenciennes lace. The bouffant skirt of graduating ruffles was worn over crinolines, and the bottom ruffle extended in a chapel-length train. The fingertip veil of silk illusion fell from a half hat of lace, outlined with a pleated fold of tulle.

The maid of honor was Miss Lynn Blodgett of the University of Texas, and the four bridesmaids were Misses Cynthia Gardner, Laura Shea, Kathy Pollard, and Jean Wilkinson. The best man was 1st Lt. N. J. Webb of the 1st Armored Division.

Miss Burch attended the Frankfurt American High School, Germany, the Florissant Finishing School, Lausanne, Switzerland, and the University of Texas. Lieutenant Ray, who is the son of Mrs. Ethel Ray and the late Mr. William Davis Ray jr., was graduated from the North Georgia Military School and the University of Georgia. He is assigned to the 1st Armored Division.

The young couple are honeymooning in San Antonio, Tex., and Monterey, Mexico. They will move to Austria, where Lieutenant Ray is being reassigned, sometime in June.

DOLAN-GOSS — The former Miss Barbara Elizabeth Goss, daughter of Brig. Gen. and Mrs. Wentworth Goss, was married in the Base Chapel, Furstenfeldbruck AB, Germany, recently to Maj. Thomas Crean Dolan of the 7330th Flying Training Wing (MDAP), M&S Group.

The bride, given in marriage by her father, wore a full-length gown of candlelight bridal satin and a chapel-length veil of Belgian lace. She carried a bouquet of white orchids, sweet peas, and freesia.

The ceremony was performed by Chaplain (Maj.) Wilbur C. Hall. Mrs. Harold A. Olson and Capt. Marden B. Chlarson were matron of honor and best man. Maj. Harold A. Olson, Capt. Charles W. Boyd, Capt. Earle H. Barber, and WOJG Howard B. Brandt were ushers.

NORTHERN-SIMMONDS — The marriage of Miss Mary Jane Simmonds and Mr. Thomas J. Northern, jr., took place at the Post Chapel, Presidio of San Francisco, Calif., on the afternoon of 1 May. The bride is the daughter of Mrs. Norman B. Simmonds of San Francisco, and the late Lt. Colonel Simmonds, and parents of the bridegroom, Mr. and Mrs. Northern, sr., are also of San Francisco.

Chaplain E. T. Donahue performed the double-ring ceremony. The bride, who was given in marriage by her uncle, Mr. Edward S. Powers of San Francisco, wore a gown of blue chiffon over taffeta with a small white hat, and carried orchids and stephanotis.

Her sister-in-law, Mrs. Norman B. Simmonds, jr., was her matron of honor, and her only attendant, Mr. Huntley J. DePew of Belmont, Calif., was best man for his brother-in-law.

Mrs. Northern is the granddaughter of Mrs. Edward D. Powers and the late Colonel Powers.

On their return from a honeymoon trip to the Monterey Peninsula, the young couple will make their home in San Francisco.

Service Folk

MISS VIRGINIA GREELEY, a senior at Marylhurst College, Ore., daughter of CAPT. (USCG) and MRS. QUENTIN McKAY GREELEY of Staten Island, N. Y., has received a Fulbright Award for graduate study in Europe next year. A French major, she will work in French language and literature at the University of Poitiers. Miss Greeley has distinguished herself at Marylhurst by being president of the student body this year, a past president of the Spanish Club, a member of *La Petite Academie Francaise* and the National French Honorary Pi Delta Phi Marylhurst Chapter, as well as having recently been inducted into Kappa Gamma Pi National Honor Society for graduates of women's colleges. She is the granddaughter of MRS. M. J. RYAN of Alexandria, Va., and the late REAR ADMIRAL RYAN, USCG-RET. . . .

MISS SHIRLEY HUFF, daughter of CAPT. G. L. HUFF of 3819 Ingalls St., Alexandria, Va., was recently elected to membership in Phi Beta Kappa National Honor Society, from George Washington University, where she is a senior majoring in English Literature, and where she is scholarship chairman of her sorority, Kappa Kappa Gamma. . . .

A mother and daughter, MRS. S. E. GEE, wife of COLONEL GEE, Chief of Staff of the 1st Infantry Division, and their daughter, MISS KATHRYN GEE, together with eight 1st Division wives, were graduated as Grey Ladies, recently, at Wurzburg, Germany. . . .

SAC Cuts Base Stock Levels by 56 Per Cent

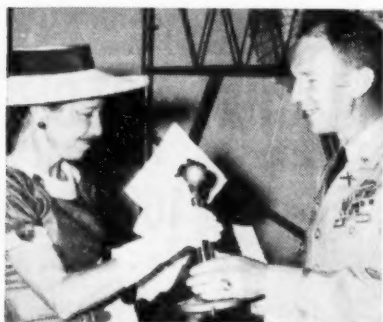

A 150-million-dollar reduction in base supply stocks and the movement of about 20-million pounds of excess supplies and equipment from Strategic Air Command bases was completed during the past year as a result of the SAC supply improvement program (SAC-SIP).

Brig. Gen. Charles J. Bondley, jr., SAC director of materiel, disclosed the figures this week.

The project got underway in March 1954, with its goal a complete review of all supplies and equipment on hand at each base. As a result of this review, base stock levels were reduced and operating stocks slashed to a minimum to increase the supply capability and effectiveness of combat units.

Under SAC-SIP, excess stocks were removed from base supply activities and transferred to local purchase sales stores, sent to disposal, or returned to the Air Force depot supply system.

Command-wide, stocks on hand at SAC bases were reduced by 56 per cent. Reduction of stock by SAC-SIP also reduced issue time for on-base supplies by 70 per cent and reduced off-base processing time by 58 per cent.

FT. BENNING, GA. — Col. Lester Wheeler, right, president of the Youth Activities Club, receives a \$2,200 check from Mrs. David G. Wilson, chairman of the 1955 Fashion Show sponsored by the Ft. Benning Woman's Club. The money represents the proceeds from the show. Presentation of the check highlighted the Woman's Club May Breakfast.

Junior Bowling League

■ **ETAIR, FRANCE.** She's only twelve years old, but you wouldn't believe it when you see little Miss Kathryn Ann Enright bowl with the Advance Section Junior Bowling League.

Kathryn Ann, daughter of Maj. J. W. Enright, commanding officer of the Etain Transportation Center, turned in a 155 recently to become the high individual scorer of the ADSEC Junior League.

The six-member team "extends a challenge to all comers of equal size, age, and weight." Other members of the team are C. W. Moore, II, Sue Jane Sackett and Charles Jones. Two former members, William Judkins and Scott Widge, have returned to the States.

Verdun Medal to Col. Fish

■ **VERDUN, FRANCE.** Col. James H. Fish, deputy commander of the Advance Section since 10 July 1954, who will depart this command on 16 May to take up new duties in Germany, was presented an honorary "Verdun Medal," usually awarded only to those who participated in the famous "They Shall Not Pass" defense of Verdun during World War I. The medal, rarely given to non-participants in the defense, was awarded to the Colonel as a "Distinguished Guest" of the City.

Monsieur Maurice Rochette, deputy mayor of Verdun, presented the coveted award in the absence of Senator-Mayor Francois Schleiter. Mrs. Fish received a brooch similar to the Verdun Medal as a token of the town's esteem.

Hold Bridge Party

■ **ABERDEEN PROVING GROUNDS, MD.** The regular ladies weekly duplicate bridge was played 2 May. Winning team were: East-West, Mrs. Hernan Vadillo and Mrs. Milton Hochmuth; and North-South, Mrs. J. S. Landbeck and Mrs. Wilton N. West.

Maj. J. D. Pape, Commanding Officer of 9301 TU (Ord) Hq. and Hq. Det., held a cocktail party Monday to celebrate his recent promotion from captain.

Ladies of the Surveillance Branch of the Ballistic Research Laboratories held a luncheon at the Main Officers Club on Tuesday to honor members of the branch leaving employment at APG. Mrs. L. M. Kranes and Mrs. K. Bowser made arrangements for the luncheon.

The monthly luncheon for wives of officers of The Ordnance Board was held in the Gold Room of the Main Officers Club. Mrs. Chris Sanders and Mrs. G. K. Smith were hostesses.

First Officers Club at Braconne

■ **BRACONNE, FRANCE.** After two months of construction the first Braconne Ordnance Depot Officers Club opened last week with Col. Albert N. Bray, Depot Commander, in attendance.

The club, designed by Depot DAC's Mr. Richard Blow and Mr. Isaac Muse, has an open hearth fireplace in the center of the lounge. A vine-covered trellis separated the lounge from the dance floor.

Opening evening entertainment was furnished by master of ceremonies Capt. Joseph Solari with music furnished by a local French band augmented by 2d Lt. Harry Lloyd on trumpet.

An outdoor patio to be decorated as a sidewalk cafe is still under construction. Construction supervisor is Sfc Edward McCabe and Sgt. Clarence Wright, and Pfc Jack Seibert will manage the club.

Regular activities call for Saturday dances, bingo and bridge parties.

Col. Howard to Orleans

■ **WUERZBURG, GERMANY.** Col. Charles E. N. Howard, USA, Exec. Off. 1st Inf. Div. Arty, since August 1954 took over the duties of G2 at Hq Com Z, 7966 AU, Orleans, France, on 1 May.

The colonel arrived in Europe in July 1953, to assume the Assistant Chief of Staff, G2, post at Hq. V Corps at Frankfurt. His wife, Elizabeth, and two children, Sarah and Charlotte, are with him in Germany.

Hear of Miracle Fabrics

■ **FT. HAYES, OHIO.** The Officers' Wives Club held their May meeting at the Officers' Open Mess 10 May. Hostesses were Mrs. A. L. Mecca, Jr., and Mrs. Richard T. Gavin. Mrs. Helen Jones Rae, the guest speaker, spoke on "Miracle Fabrics and Their Care."

Mrs. L. P. Jacobs Elected

■ **SIGNAL CORPS CENTER, FT. MONMOUTH, N. J.** Maj. Gen. Victor A. Conrad, USA, Commanding General, was guest speaker at the Woman's Club luncheon 4 May.

Election of officers to be inaugurated next month resulted in the following slate: Mrs. L. P. Jacobs, president; Mrs. C. A. Brown, vice-president; Mrs. H. M. Renfro, secretary; and Mrs. L. S. Wilson, treasurer.

Mrs. F. F. Uhrhane presided. Annual reports by Mrs. E. J. Chatham, treasurer, and by chairmen of the working committees were heard.

Mrs. G. S. Meader and Mrs. Jacobs were chairmen of the luncheon sponsored by wives of officers of the Armed Services Electron Standards Agency and the Signal Board.

Grey Ladies Training Course

■ **BUSSAC, FRANCE.** The U. S. Army Hospital here has started its first Grey Lady Training course, a volunteer service of the American Red Cross under the direction of ARC Assistant Field Director of the U. S. Army Hospital La Rochelle, Mrs. Adelaide Kintz.

The group was welcomed by Lt. Col. Sam Holland, Bussac Executive Officer. Brief talks were also given by Mr. Fred O. Metzger, ARC Field Director, Camp Bussac; Capt. Jessie Morgan, Chief Nurse, 319th Station Hospital; and Mrs. Ruth Reed, chairman of the volunteer work at Camp Bussac.

Attending the training course were Mrs. Doris Forbes, Mrs. Leone Bowman, Mrs. Ruth D. Pace, Mrs. Virginia Norwood, Mrs. Rosemary Penner, Mrs. Emma Barton, Mrs. Cornelia Dashner, Mrs. Evelyn Coleman and Mrs. Ruth Harper.

Major Parks in France

■ **LA ROCHELLE, FRANCE.** Maj. Edward L. Parks, USA, has been named assistant Provost Marshal for Base Section. He is filling a post left vacant by Maj. Joseph A. Casey, who has rotated to the U. S. for his new assignment.

Major Parks has been security instructor at the Provost Marshal School, Camp Gordon, Ga.

Eglin Garden Club Show

■ **EGLIN AFB, FLA.** The Eglin AFB Officers Wives Garden Club and the Officers Wives Club proper, of which it is a part, join in announcing the second annual Eglin Officers Wives Garden Club Flower Show scheduled 18 May, at the Officers Club. The chairman of the show is Mrs. Ralph Canter, a leader in the program of the Garden Club at Eglin AFB for two years.

Mrs. Canter's committee chairmen include: Mesdames C. R. Johnson, G. E. Baker, A. J. Erickson, Wayne Hammack, E. W. Graham, T. G. Watkins Jr., B. R. Adams, R. E. Sims, W. S. Dolan, C. H. Diehl Jr., T. W. Gavey and J. D. Sinnett.

The Garden Club is a member of the National Federation of Garden Clubs and will give its first standard flower show this year. The chief qualification of a standard show is the condition of a balance between two divisions, one for flower arrangements and one for horticulture. Other recommendations are also made, for example, the presence of an educational exhibit, as well as an invitational class and classes for men and children, all of which the Eglin show will have. The judging is done by accredited flower show judges.

The Garden Club, with a professed goal of raising the standard of horticulture in its immediate area, has a number of notable achievements of an altruistic nature this year to its credit. The main project has been assistance to the occupational therapy garden at the 3201st Air Base Hospital, along with flower arranging workshops for feminine patients, and the gift of flowers and dish gar-

WRIGHT - PATTERSON AFB, O.—Mrs. F. N. Graves (right), president of the Woman's Club, presents trophies to Jane Campbell (left) and Jeanne Daniels for their high average scores in the Woman's Club Bowling Leagues games. The presentations were made at the annual luncheon of the bowling teams at the Officers' Club.

dens to patients through the American Red Cross. Among other projects, the Base Elementary School has seen a Jr. Garden Club in operation sponsored by the Garden Club. The March of Dimes Fund benefited by the sale of Christmas wreaths made by the Garden Club. The Fledglings Roost (base nursery) was assisted this year on its landscaping plans by the club.

All-Service Club at Ft. Wayne

■ **DETROIT, MICH.** The Fort Wayne Officers' Wives Club representing all branches of the Service, convened at their bi-monthly get-together on 4 May. Their principal guest speaker was Mrs. Harriette Simpson Arnow, prominent author, whose latest work, "The Dollmaker," is receiving acclaim throughout the country.

In her address to the members of the Club, Mrs. Arnow endeared herself to the audience by her enthusiastic recognition of the role of the Army wife. Significant in her talk was a reference to the theme that a considerable but oft unrecognized reason for continuity in the Regular Service stems from the "behind-the-scenes part" played by the Army wife.

Mrs. Arnow was introduced by the Program Chairman, Mrs. Gunnar Carlson, wife of the Deputy Commander of the Ordnance Tank Automotive Command. Lt. Harold Darnon, Corps of Military Police, entertained with several songs, accompanied by Mrs. Roger Hemion at the piano.

Among those present were Mrs. Gordon A. McDonald, wife of Major General McDonald, Commanding General of the 77th Division, Mrs. Louis H. Charbonneau, wife of Brigadier General Charbonneau of the 70th Division, Mrs. Paul M. Seelen, Honorary President and wife of Brigadier General

Seelen of the Ordnance Tank Automotive Command, Mrs. Glade Heliier, Club President and wife of Colonel Heliier of the Michigan Military District, Mrs. Edward F. Mohlere, wife of the Chief of the Detroit Ordnance District and Mrs. Harold C. Parsons, wife of the Commanding Officer, Detroit Arsenal.

Hostesses were Mrs. Kenneth Johnson, Mrs. Sam Burney, Mrs. John Keeney, Mrs. Dwight Wilmeth and Mrs. George B. Saunders.

Donate \$4,573

■ **FT. BENNING, GA.** \$4,573 is being donated to three projects by the local chapter of Army Daughters, Mrs. DeBow Freed, President, has announced.

This money has been raised during the past year by the membership, which numbers approximately 60, to support various worthwhile post projects. Of the \$4,573, \$441 bought equipment for the Girl Scout Lodge, \$614 goes to the post hospital for equipment not procurable through appropriated funds, \$55 went toward miscellaneous minor donations, and \$3,337 is being spent on improvement of the Post Nursery System.

The announcement of these donations highlighted the meeting taking place on the East Porch of the Main Officers' Club. Mrs. Freed also told of the forming of the Junior Army Daughters of America, organized this past winter for post girls of high school age. Its purpose is to help them develop a sense of social awareness and community spirit.

Three visitors were introduced: Mrs. Hines Cleland of Washington, Past National President of the Daughters of the United States Army and now a member of the National Board of DUSA, who was visiting her daughter.

MAJ. GEN. S. D. STURGIS, JR., USA, Chief of Engineers, on the occasion of the Engineer Officers Wives Club Luncheon Meeting at Ft. Lesley J. McNair, 3 May, with two artists who entertained the group. Right, Elisabeth DuVal, a noted Hungarian violinist, the wife of Colonel DuVal, Adjutant General, Ft. Belvoir, and on the left, Lillian Moldawan, a concert pianist from the Boston Conservatory, wife of Maj. Maurice Moldawan, Ft. Belvoir.

Posts, Stations & Bases (Continued from Preceding Page)

ter, Mrs. Robert Claggett, at Benning; Mrs. John Carson, district chairman of the Girl Scouts, and Miss Latimer Watson of the Columbus Ledger-Enquirer.

The long luncheon table was originally decorated using the theme of the recent pay raise. Bare trees were laden with all things an Army wife, as other wives, long for—milk coats, new cars, kitchen aids, and so on. Hostesses for this luncheon were Mrs. James T. Root, Mrs. Harry P. Ball, and Mrs. T. E. Hervey.

Mrs. Freed, retiring president, was presented with a beautiful orchid, by the membership. Officers of Army Daughters for the past year have been Mrs. DeBow Freed, president; Mrs. William C. Sibert, vice president; Mrs. David D. Garrison, secretary;

and Mrs. Donald V. Rattan, treasurer. Committee chairmen were Mrs. Walter H. Root, fund-raising project; Mrs. Arthur Underwood, 49er Party; Mrs. Glenn M. Harvey, nursery; Mrs. S. D. Hilton, Mrs. E. J. Cavannah, and Mrs. J. H. Dallam, hospital; Mrs. F. S. Conaty and Mrs. A. M. Weyand, hospitality; Mrs. S. K. McMurdo and Mrs. Garrison, publicity; Mrs. J. S. Foster, white elephant collection; Mrs. Lincoln Landis, Mrs. Walter Root and Mrs. Kenneth E. Weber teen-age sponsors, and Mrs. R. B. Tully, Scholarship.

VAdm. & Mrs. Griffen Return

■ ANnapolis, MD. VAdm. and Mrs. Robert C. Griffen returned to their home, Masque Farm, last week after spending the winter at their home in the Virgin Islands.

The 25th anniversary of the Naval Academy Women's Club was celebrated with a tea last week at the Officers' Club. Mrs. Robert B. Madden will succeed Mrs. Clifford A. Lenz as president of the club. Others who have

been elected to office are Mrs. Levin H. Campbell, Jr., first vice-president; Mrs. Marshall F. Brennehan, second vice-president; Mrs. Charles L. Payne, recording secretary; Mrs. R. J. Valentine, treasurer; and Mrs. Wade DeWeese, Mrs. Gordon F. Duball and Mrs. W. A. P. Martin, executive board members.

Adm. and Mrs. Kenneth H. Noble have had as their recent house guests, Capt. and Mrs. John Alan Edwards of the Naval Ammunition Depot, Shoemaker, Ark.

Mrs. Burleigh Fooks has returned to her home on Church Circle after a trip to the west coast. While in Coronado, she was the guest of Capt. and Mrs. Theodore Torgerson. Mrs. Torgerson was formerly Miss Augusta Melvin of Annapolis.

Capt. and Mrs. George B. Keester of Duke of Gloucester Street, have had as their recent house guest, Mrs. William L. Hodges of Cambridge, Mass.

Children Hold Formal Dance

■ CARLISLE BARRACKS, PA. A formal dance, marking the close of the second semester of the Children's Dancing Class, was held 3 May, at the Officers' Open Mess.

The pupils demonstrated their dancing ability to a large audience of parents and friends. The class, which is divided into three age groups, have completed their second semester of ballroom dancing and social deportment training under the guidance of Mrs. George C. Frantz of Harrisburg, Pa.

In the receiving line were the Commanding General and Mrs. Thomas W. Dunn, Col. and Mrs. Malcolm H. Harwell and Col. and Mrs. Charles P. Bixel.

The ballroom decorated with generous floral bouquets, was built around a multi-colored flower cart as the central theme.

The children's dancing class is a social activity of the Officers' Open Mess and is under the guidance of Col. and Mrs. William A. Harris.

Honor 8th AF Wives

■ CARSWELL AFB, TEX. A Southern garden in a pink and red color scheme was the setting for the farewell tea honoring wives of the 8th Air Force officers, recently, at the Carswell Officers Club. Special invitations were sent to the approximately 1000 members of the Carswell Officers' Wives' Club. The 8th Air Force will complete its move from Carswell to Westover AFB, Mass., in June.

Guests were received by Mesdames Bernardino O. Tortora, tea chairman; H. G. Simmons, OWC president; John B. Montgomery, wife of the Commanding General of the 8th Air Force; John D. Ryan, wife of the Commanding General of the 19th Air Division and honorary OWC president; Jack Roberts, Clarence A. Neely, co-chairman of the affair; H. W. Moore and R. R. Halle, wife of the Base Commander.

Assisting with the arrangements of the tea were Mesdames Hans G. Huettig, decorations; S. A. Stephens, Howard F. Lippincott, Fred D. McKinney, Albert Leferink, invitations; Harry Perry, refreshments; Armando Macaluso, special arrangements; Halle, music; and officers of the executive council.

The tea table with a pink cloth overlaid with pink net caught at intervals with nosegays of pink and red carnations, had for its centerpiece an arrangement of pink and red carnations and pink stock in a red doll trunk labeled to "To 8th," overflowing with ribbon streamers lettered with the words "Our Wishes." In front of the arrangement were two

dolls shaking hands in farewell, representing Mrs. Ryan and Mrs. Montgomery. To one side of the flower arrangement was a jeweled treasure chest designated Hold Baggage and containing "Memories," and opposite it, was a Hope chest marked "Au Revolt."

Alternating at the silver tea service were Mesdames Kenneth Fletcher, George Moore, Albert W. Brownfield, James H. Mangan, William J. Holzapfel, Oatis Parks, Raymond S. Sleeper and Raymond A. Syptak.

General Montgomery and General Ryan recently commended the Officers' Wives' Club of Carswell and their Annual Charity Fair, held on 16 April, at which nearly \$1,500 was collected, the net profits of which will be donated to the Air Force Aid Society and the Base Welfare Fund.

AFROTC "Angel Flight"

■ UNIVERSITY PARK, PA. A luncheon and fashion show was held at the Autoport for the Air Force ROTC Officers' wives and their guests, recently.

Mrs. Diane Riva, wife of Col. Daniel F. Riva, Professor of Air Science, planned and organized the event and conducted the commentary on the fashions presented.

Six pretty coeds from the Air Force ROTC Angel Flight were models for the lovely Spring fashions which were presented through the courtesy of a shop in State College. The models were: Misses Jake Coskery, Pat Schoonmaker, Ann Leducman, Sally Lewis, Dianne Hallock and Carole Ruff.

Big Meeting at McPherson

■ FT. McPHERSON, GA. "The best has been saved for last," by members of the Woman's Club for their final meeting of the 1954-55 season on 17 May at the Officers' Open Mess. The meeting will be a climax to the year's accomplishments and unique placecards will be given as mementos.

Special recognition will be given to outstanding achievements of individual committees and new chairmen will be introduced. After new officers are installed, a "thrifty fashion show" featuring "round the clock" styles will be sponsored by the Post Thrift Shop. The Club's official scrapbook containing an illustrated record of the season's activities will also be displayed during the meeting.

New officers will be presented by Mrs. W. H. McNaull, outgoing president for the past two years. They are: Mrs. R. J. Dial, president; Mrs. B. J. Tourville, vice president; Mrs. J. P. Healey, Jr., recording secretary; Mrs. F. N. Moseley, corresponding secretary and Mrs. H. W. Webb, treasurer.

Among those who will model Thrift Shop fashions are Mrs. S. L. Johnson, Mrs. J. L. Adams, Mrs. R. G. McNamara, Mrs. R. H. Proserpi, Mrs. T. H. Fay, Mrs. F. B. Wilson and Mrs. B. J. Tourville.

Reunion at Knox

■ FT. KNOX, KY. Wives of officers assigned to the 3d Battalion, 14th Armored Cavalry Regiment, in Coburg and Friedberg, Germany in 1950-1951, and now stationed at Ft. Knox, recently had a "reunion bridge." Hostesses were Mrs. John W. Thompson and Mrs. Charles C. Ross. Among those attending were Mrs. James Greene; Mrs. Roger Van Duyn; Mrs. Claude Helshman; Mrs. Donald Treat; Mrs. James Holt; Mrs. Thomas Gogglin; Mrs. Ross; Mrs. Kenneth Noseck; Mrs. Thompson; and Mrs. John Magnotti.

TEA FOR MRS. ARMSTRONG AND MRS. HAYS. A tea honoring the wives of the retiring Army Surgeon General and his successor was held at Walter Reed Army Medical Center's Officers' Club 4 May by the Women's Club of the Surgeon General's Office and the Army Medical Service Woman's Club. In the group above are (left to right) Mrs. Robert T. Stevens, wife of Secretary of Army; Mrs. Charles E. Wilson, wife of Secretary of Defense; Mrs. Silas B. Hays, wife of the new Surgeon General, and Mrs. Leonard D. Heaton, wife of Walter Reed's Commanding General.

Present Bowling Trophies

■ **BROOKLEY AFB, ALA.** The Officers' Wives Club Bowling League, an affiliate of the National WIBC League, closed its season with a luncheon during which trophies were presented to high score players.

Individual trophies were presented to Mrs. A. E. Snyder, with high single score of 191, Mrs. W. W. Plourd, high game with handicap of 224, Mrs. W. M. Carroll, high series score of 482, Mrs. William Morton, high handicap series score of 497 and Mrs. J. R. Harris the achievement award of 36 pins.

Trophies were also awarded to the first and second team of the "Go-getters" and "The Busters." First team members are: Mesdames D. R. Hunt, W. W. Plourd, R. H. Danner, W. H. Morton and team captain Mrs. F. R. Shea. Second team members are: Mesdames F. R. Dent, Jr., W. M. McKenzie, J. L. Lodrige, R. Butters and team captain Mrs. W. S. Rice.

Officers serving for the past year were: Mesdames William Morton, president, D. F. Maurer, vice president, R. D. Danner, secretary, J. L. Lodrige, treasurer, D. R. Hunt, publicity chairman, and Mrs. R. E. Kennedy, sergeant at arms.

Hold Farewell Parties

■ **OGDEN, UTAH.** Farewell parties for officers and their wives who will leave Utah General Depot in the near future were the highlight of depot social activities during the past week.

Honoring Lt. Col. James Mercer, Adjutant General Supply Section officer, who retired from active duty 1 May, and Mrs. Mercer, personnel of the section entertained at a buffet supper dance Monday evening in the Officers' Open Mess. Colonel and Mrs. Mercer will continue to reside in their home in Harrisville Heights until the close of school and then will move to Parowan, Mrs. Mercer's hometown.

Personnel of the Quartermaster Supply Section hosted a farewell dinner dance Friday evening at Ma's and Pa's Restaurant in Roy in honor of Maj. and Mrs. William Brown and Maj. and Mrs. Bernard Schell. Major Brown, chief of Depot Maintenance Division, has been reassigned to Ft. Lee, Va., and with his wife and family, will leave the depot 20 May. Major Schell, assistant to Major Brown, will depart in June for a tour of duty in Germany. He will be accompanied by Mrs. Schell and their two children.

Other officers leaving the depot during April were Lt. Col. Gordon Cook and Lt. Col. James Suttles, Colonel Cook, Quartermaster Supply Officer, with Mrs. Cook and children, Susan, Connie, Gordon and Dennis, left for an assignment in Athens, Greece. Colonel Suttles, chief of Miscellaneous Services Division, will report for new assignment in Japan. His wife and son, Jimmy, will reside in Ft. Worth, Tex., during Colonel Suttles' overseas duty.

50th Wedding Anniversary

■ **SAN DIEGO, CALIF.** On 1 May, Capt. Charles J. Rauner, AUS, ret., and Mrs. Rauner celebrated their 50th wedding anniversary by inviting friends to a reception in their home on Myrtle Street. Receiving with them was their son and daughter-in-law, Mr. and Mrs. Charles F. Rauner.

The Rauners were married in 1905 in Washington, D. C. and their honeymoon took them to the Philippine Islands where he was ordered for duty. Since then they have traveled to many parts of the world before coming to the West Coast and to San Diego where they have acquired a home and a wide circle of friends. Following his retirement from active duty, Captain Rauner has held a position in the City Treasurer's office.

A Shipwreck Party held in 17 Area BOQ, Camp Pendleton, on 28 April, was preceded by a number of pre-dance gatherings planned by post officers and their wives. One of the gayest of these affairs was given by Lt. Col. and Mrs. C. P. Ford who invited their guests for a buffet supper in their quarters. In the party were Marine Colonels and Mesdames R. L. Murray, J. H. Masters, H. D. Adams, R. C. McGlashan, J. E. Mills; Lt. Col. and Mrs. R. H. Gray, Dr. and Mrs. W. L. Thomas, Mrs. Rita Titus and Lt. Col. C. W. Hoffman.

Women's Club Gives Record Player to Hospital

■ **FT. SAM HOUSTON, TEX.** Children in Brooke Army Hospital as patients will find new scope for their active minds in the record player given to the pediatric wards by the Fourth Army Women's Club as its big project of the year.

The \$300.00, all-speed player selected by the club for the children is one particularly planned for use in hospitals. It is mounted on a sturdy wheeled cart, so that it can be moved easily and has two loud speakers with long extension cords.

Accompanying the record player is a year's subscription to the children's record-of-the-month club, so that the Pediatrics Service

FT. KNOX, KY.—Mrs. Hughes L. Ash, right, representing the Staff wives, pins an orchid on Mrs. John M. Willems just before the luncheon in her honor at Doe Run Inn.

Models Children Fashions

■ **DENVER, COLO.** Children of officers stationed at Rocky Mountain Arsenal, modeled the latest in tots' fashions recently at the April luncheon of the Officers' Wives Club. The event was planned and sponsored by Mrs. Robert W. Childress and Mrs. Robert S. Day.

Elect ROA Officers

■ **BUSSAC, FRANCE.** Election of officers for the coming year was held at a recent meeting of the Bussac-Bordeaux chapter of the Reserve Officers Association.

Elected were: President, Lt. Col. Sam R. Holland; Vice President, Lt. Col. Joseph E. Rothrock; Secretary, 1st Lt. George H. Crank; Treasurer, Lt. Col. Harold N. Gritton; and Chaplain, Maj. John R. Powell. Lt. Colonel Holland was chosen as delegate to the ROA convention in Salzburg, Austria.

Marine Corps Retires

41 Staff NCO's in April

The Marine Corps retired 41 Staff NCO's during April.

Included in the total were 24 M/Sgts., 10 T/Sgts. and seven S/Sgts.

Placed on the temporary disability retired list were M/Sgts. Winfield E. Douglas, William R. Hodges and Oscar S. Smith; T/Sgts. Andrew J. Beky, Kermit L. Miller and Duffie R. Pruitt, and S/Sgts. Albert Antunes, Richard S. L. Boger, Hobart E. Hillyard and Arnold A. Perri. M/Sgt. Alfred Beckwith and T/Sgts. Walter W. Jennings and Elmo C. Nance were placed on the permanent disability retired list.

Transferred from the temporary disability retired list to the permanent disability retired list were: M/Sgts. Kelly L. Metcalf and Henry J. Bowling and S/Sgts. Charles C. Bennett, Richard L. Harrison and William D. Weisgerber.

The following M/Sgts. were transferred to the Fleet Marine Corps Reserve list along with T/Sgts. Walter C. Cragg and Samuel A. Scherr:

Dougherty, J. J. Jr.	Rose, George G.
Jackson, Carrell B.	Soeller, Henry
Nelson, Lynn H.	Zinsmeister, O C
Rodgers, Stanley J.	

At the same time, the M/Sgts. shown below were placed on the Fleet Marine Corps Reserve Retired list with T/Sgts. Robert A. Bishop, Oliver L. Goff and Arthur A. Simon:

Barr, James A.	Hebert, Ivey
Bogan, John W.	Helton, Hurshel
Bunch, James B.	Nash, Alton R.
Davis, Frederick D.	Sonnenberg, W R
Desmond, Raymond G.	Swenson, Ole Gustave
Franks, William H.	

Elect VAdm. Moss

Newly elected to the board of directors of Hoffman Electronics is VAdm. John B. Moss, USN-Ret.

GENERAL LEONARD T. GEROW, USA-Ret. (right) of Petersburg, Va., was a welcome guest at Logex-55, one of the largest logistical maneuvers in Army history held 2-7 May at Ft. Lee, Va. General Gerow is shown as he was greeted at the maneuver site by Maj. Gen. William M. Miley, Chief of Staff, Continental Army Command, Ft. Monroe, Va. The primary purpose of Logex-55 was to train and test student officers from service schools.

Newly Formed Pikes Peak West Point Society Elects Lt. Gen. O. W. Griswold

The Alumni of the U. S. Military Academy have organized a West Point Society of the Pikes Peak Region. The first meeting of the Society was held in the Antlers Hotel as guests of George C. Krause, Class of 1920.

Although the organizing of this West Point Society was primarily in the hands of the permanent residents of the Pikes Peak Region, graduates on duty at the local military installations will be represented on the Board of Governors. At the present time the Board will be composed of nine members, five elected from the permanent residents and two each from Ft. Carson and Ent Air Force Base. At a later date representatives from the Air Force Academy will also be included on the Board of Governors.

Present members of the Board are: Lt. Gen. O. W. Griswold, jr., Maj. Gen. T. D. Finley, Brig. Gen. W. E. Carraway, Col. H. I. Szymanski, G. H. Krause, E. T. Ashworth, and J. C. Horton, Maj. M. J. Redlinger, jr., and Lt. R. N. Martin.

Officers of the Society are elected from the members of the Board of Governors. General Griswold, Class of 1910, was elected president of the new society. Maj. Gen. T. D. Finley, 1916, was elected vice president, and Maj. M. J. Redlinger, jr.,

1942, was elected secretary-treasurer. Col. H. I. Szymanski, 1919, was appointed by the president to be the public relations officer and chairman of the Program and Social Committee.

It is estimated that there are about 100 graduates of West Point in the Pikes Peak Region. The purpose of the society is to further public understanding and knowledge of the U. S. Military Academy by providing an organization wherein graduates and former cadets may associate in order to foster the Academy's aims, ideals, standards, and achievements.

There will be various types of activities ranging from the Annual Founders Day Dinner and Organizational Meeting to purely social activities such as dinners, dances, informal smokers, and the like. There will be meetings to keep the membership correctly informed about the Military Academy itself. Other meetings will have guest speakers who are prominent in the civic, business, and political world, as well as prominent military leaders.

Cadets on furlough and prospective candidates for West Point will be invited to attend luncheons, thus providing an excellent opportunity for the candidates to find out first-hand the answers to their many questions.

General Casey, USA-Ret. Wins Honorary Degree

New York University has conferred the honorary degree of Doctor of Engineering upon Maj. Gen. Hugh J. Casey, USA-Ret., chairman of the New York City Transit Authority and one-time Chief of Engineers for General of the Army Douglas MacArthur during WWII.

General Casey, as chairman of the New York Transit Authority—a non-salaried post—directs the vast New York City subway and bus systems.

The citation at the University presentation, read by Dr. Henry T. Heald, Chancellor of the University, is as follows:

"Hugh J. Casey, native New Yorker and honor graduate of the United States Military Academy, he was the first of such to be awarded a Freeman Fellowship by the American Society of Mechanical Engineers for study abroad. For his studies in hydraulic engineering he earned the doctorate in engineering at the Technische Hochschule in Berlin. His distinguished career as the supervisor of important peace-time projects, including hydro-electric power plants and flood-control facilities, and his brilliant direction of military engineering activities in the Pacific Area in World War II rapidly led to his attainment of the rank of Major General. "Since retirement from military service he has found time in the midst of an active career in business as Secretary of the Schenley Industries, to continue public service in the exacting chairmanship of the New York City Transit Authority. We would now add to the honors bestowed upon him by his own and foreign countries our degree of Doctor of Engineering."

Ships Of The Fleet

(Continued from page 1086)

Jim C. Miller, USN. The Bashaw, Bluegill and Bream are assigned to Submarine Division 33 which is commanded by Cdr. Charles F. McGivern, USN. During the two week training operation in Hawaiian waters the San Diego based ships were joined by the Pearl Harbor based submarines Tang, Wahoo, Gudgeon, Calman and Pickrel.

USS Spinax—the first radar picket submarine to be assigned to the Pacific Fleet has completed a six-month tour of duty in the Far East. She is now en route to her home port in San Diego under the command of Cdr. Roy W. F. Werthmuller.

Maj. Gen. Stuart, USMC, Retires With Three Stars

Maj. Gen. James A. Stuart, USMC, who fought with the Third Marine Division in three WWII campaigns, has concluded a career of more than 32 years.

Placed on the temporary disability retired list on 1 May, the General was advanced to the rank of lieutenant general on the basis of decorations received in combat. Before entering the Naval Hospital, Bethesda, Md., he served as Marine Corps Liaison Officer in the office of the Chief of Naval Operations.

The General and his wife, Mrs. Sally Cross Stuart, reside at Anniversary Hill, Edgewater, Md. They have two sons, James A., jr., an Army officer, and Thomas R., a Marine officer. A third son, Marine Lt. Jerome C. Stuart, was killed in action in Korea.

RAdm. Eller, USN-Ret.

Gets Bucknell Post

Appointment of RAdm. Ernest McNeill Eller, USN-Ret., to the newly-created position of director of engineering at Bucknell University, Lewisburg, Pa., is announced by President Merle M. Odgers.

Admiral Eller, who will begin his duties on 1 Aug., will devote full time to coordinating the work of the University's four engineering department. The position of director of engineering, he added, was created upon the recommendation of a special alumni-trustee committee which has been studying Bucknell's engineering program.

Admiral Eller, 52, married is a 1925 USNA graduate. His last assignment prior to retirement in 1951 was, Commander of the Middle East Force.

AFOTC Cadets Win Rifle Awards

■ **WICHITA, KANS.** Three cadets on the Wichita University AFOTC Rifle Team won Expert Medals in the National Rifle Tournament during the current school year. Eight members of the team of 10 qualified for the University Rifle Medal by averaging more than 365 points out of a possible 400 in three of the team matches. The team itself wound up the 1954-55 season with a .533 record.

Russians View Atomic Def.

(Continued from Page 1091)

covers. The covers (shelters) for light weapons and machine guns should be of the deep type, with frames of boards or beams. The entrances into the shelters should be covered with shields which turn back on hinges. For the crews of tanks, self-propelled artillery installations and gun crews we should arrange in the slopes of the trenches some "sub-parapet" blindages. Armor may also serve as a reliable shield for the crews of tanks and self-propelled artillery installations.

Exposed wooden parts of defensive installations for protection against thermal radiations should be smeared with clay (or soil). Around defensive installations disposed in forests we should place twigs, pine straw, dry grass and in villages we should employ light wooden structures and fences.

As a precaution against an atomic attack by the enemy each soldier should wrap his iron rations in two or three layers of thick paper or fabric. In defense, the soldiers should place all of their ammunition reserves in niches. This protects them against the atomic weapon.

The authorized items of individual equipment for antisag protection include the following: the gas mask, the protective suit, the cape, stockings and gloves. They offer reliable protection against radioactive materials and against the thermal (light) effects. For example, the gas mask prevents radioactive substances from getting into the organism and protects the face and head against contamination by these substances, and the protective suit, cape (or shelter half), stockings and gloves protect the exposed parts of the body, the uniform, the shoes and equipment of the soldier.

It is possible that for some reason or other the soldier will not have his authorized individual antisag equipment. In this case, for protection of his respiratory organs, the soldier should employ a towel, handkerchief (wadding or gauze); for protection against contamination of the shoes he should use a sack, rag, matting; and for protection of the uniform (when lying down) he should use mats made of straw, reeds or rags.

Each soldier should know thoroughly that rapid and skilful action in the area of the atomic explosion will reduce the possibility of contamination by radioactive substances. Hence, a locality contaminated by radioactive substances should be crossed rapidly.

In order to prevent the contamination of the personnel by radioactive substances we carry out a sanitary reprocessing of the men and decontamination of the weapons, equipment, property and positions (or locality). In order that the execution of the combat mission may not be stopped or delayed, the sanitary processing and decontamination should be carried out only with the permission of the commander.

The sanitary processing may be partial or complete, depending upon the circumstances, and it consists in the removal of the radioactive substances from the skin and from the mucous membranes of the eyes, mouth and nose.

A partial sanitary processing is carried out by each soldier independently, during the time that he is in the contaminated area or after he leaves it.

In a contaminated area the partial sanitary processing should be done without taking off the individual means of protection, and not until after decontamination of the position, the combat equipment, weapons and means of protection. Hence, the soldier should remove the radioactive substances only from the unprotected parts of the body.

Outside the contaminated area, if the situation allows, the soldier carries out a partial sanitary processing in the following manner. He at first takes off the protective cape, shakes and dusts the uniform and takes off his stockings.

In doing this, the soldier should take into account the direction of the wind,

so that the radioactive particles shaken out will not fall upon him and his companions nearby. After this, the soldier takes off his gas mask and protective gloves, washes the exposed parts of his body two or three times with clean water, paying special attention to the washing of the head and the removal of dirt from under the fingernails and toenails.

IF THERE IS NOT SUFFICIENT WATER, the exposed parts of the body should be wiped two or three times with tampons (towels, handkerchiefs). If there is not water at all, then, with the permission of the commander, one should moisten the tampons with liquid from the antigas package. After this, one should rinse the mouth carefully with uncontaminated water, blow the nose and wipe it with a tampon.

In carrying out the partial sanitary processing, the soldiers should render assistance to each other.

As a rule, the complete sanitary processing is carried out after the execution of the tactical mission. For this purpose, the soldier goes to the washing-decontamination point, which is in an area not subject to contamination. Here the soldier washes himself with soap and pieces of bast under a douche or in uncontaminated water. In this way the soldiers remove the radioactive substances from all the body, mucous membrane of the eyes, nose and mouth.

Decontamination of equipment, etc., may be either partial or complete and consists in the removal of the radioactive particles from the surface of the weapon, equipment, uniform, etc.

The decontamination may be carried out in the contaminated area or after leaving it.

In conducting defensive battle, while in a contaminated area, the soldier decontaminates his weapons, equipment, instruments, uniform, etc., after decontamination of the position.

The soldier should carry out the decontamination of his position without interfering with the masking. First, he should cut away three or four centimeters of the soil from the parapet and from the unlined sod of the berm and sides of the trench, and throw this soil beyond the parapet; the lined sides of the trench should be brushed with a moist broom or bunches of straw, grass, etc. After this, one should remove three or four centimeters of soil from the bottom of the trench and pile it in a specially prepared cul-de-sac.

THE SOLDIER DECONTAMINATES his weapons and equipment in the following manner. First, he prepares three to five tampons of uncontaminated oakum and rags and moistens them with uncontaminated water, and if he does not have water he uses kerosene or gasoline. With these tampons he then wipes carefully his personal weapons (carbine, submachine gun); and the machine-gunner, mortar man, and artillery man, in addition to this, wipe those parts of the machine gun, mortar, or gun which they have to touch constantly.

One should wipe in one direction (from the top downward), turning the tampon each time to the uncontaminated side. The surface of the weapon should be wiped two or three times, and the soiled tampon should be replaced each time by a clean one. One should immerse the soiled tampon in clean water (gasoline or kerosene).

After completing the decontamination of the weapons, the soldier should wipe them dry with a clean rag or oakum and, if necessary, oil them; the material employed for wiping (rags or oakum) should be put in a pit and covered with soil.

If for decontamination of the weapon there is no water, gasoline, or kerosene, the weapon should be wiped three or four times with a dry clean rag or oakum.

In an uncontaminated area the sequence of decontamination of the weapons and the equipment are the same, but for wiping and brushing one may use bunches of grass, rags, and straw.

In a contaminated area, the decontamination of the uniform, protective means and equipment should be done without taking them off, by shaking

Sec. Talbott Dedicates Giant ALCOA Presses, Forgings Will Mean Improved AF Planes

With a light touch on a button at the Cleveland works of the Aluminum Company of America, Secretary Harold E. Talbott on 5 May beefed up the Air Force Heavy Press Program with the start of behemoth 35,000 and 50,000 ton hydraulic forging presses.

They hold promise of better aircraft with reduced cost at an accelerated production pace.

Formally accepted by President I. W. "Chief" Wilson of ALCOA, the \$40 million facility became the first complete plant of the Air Force's \$279 million Heavy Press Program. ALCOA leases the plant from the Air Force.

At a dedication ceremony news conference, handicapped somewhat by adjacent noises from the operating presses, General Edwin W. Rawlings, USAF, head of the Air Materiel Command, said the mammoth machine tools will result in advanced aircraft, permitting designs which heretofore have not been possible.

The 35,000 ton press was built by United Engineering and Foundry Company, and the 50,000 ton press by Mesta Machine Company, both of Pittsburgh.

The larger and more precise forgings will mean lighter and less expensive components for military aircraft, while expensive hand machining operations will be eliminated.

ALCOA officials explained to visiting newsmen that with improved forging techniques and the availability of new heavy equipment, there is improved possibility of combining several aircraft components into one unit.

Thus, they say, it may be possible some day "to squeeze out larger sections of an airplane in a single piece."

Aside from weight reduction and increased strength, there is here the method of greatly speeding up aircraft production in event of emergency.

ALCOA experts say the heavy presses offer three general categories of forgings that were previously impossible:

1. LARGER PARTS can be made using conventional design. This means that where a given part was made for a lighter plane on a press of 15,000 tons capacity, it might now be possible to make a corresponding part for

and wiping them, while outside the contaminated area they should be taken off, beaten, shaken, wiped and brushed.

Complete decontamination of weapons, equipment, and property should be carried out under the supervision and control of persons who have been specially trained for this purpose.

It is possible that in case of an atomic explosion the clothing of the soldier will catch fire. In this case he should extinguish it at once and put a bandage on the burned parts, employing the individual first aid packet (individual first aid packet with cover undamaged by radioactive substances). If the clothing sticks to the burned part of the skin, it should not be pulled away, but the bandage should be placed on top of the clothing which has stuck.

IN CASE OF AN ATOMIC ATTACK by the enemy the soldier should not only carry out his combat mission but he should also render assistance to his comrades. Besides, he should know that he should not wash a burn with water or other liquids. In bandaging himself or his companion he should not allow any contamination of the burned part.

If a comrade struck by an atomic explosion has lost consciousness and is not breathing or his breathing is scarcely perceptible, one should employ artificial breathing even on a contaminated area.

In rendering assistance to a comrade on a contaminated locality one should wash (or wipe) the exposed parts of his body and put a gas mask on him.

Such are the basic, simple, and reliable means and methods of protection against the action of the atomic weapon. It is the duty of each Soviet soldier to know them, and to learn to employ them intelligently.

COLONEL F. GAVRIKOV

a large bomber on the 50,000 ton press. Such parts, when produced on smaller equipment, would require extensive machining to remove excess metal. The heavy press forging provides lighter weight in the bomber part through its more efficient design.

2. FORGINGS FEATURING greater precision can be made on these presses. If it is contemplated to produce on the 50,000 ton press a part previously made on the 15,000 ton press, then there is available over three times the unit pressure for forming the metal. This increase in pressure can be used to attain:

a. Thin ribs.
b. Thin webs.
c. Draft angles reduced either to zero, or so low that the extra metal is not worth machining off. An interesting result of this refining of the forging and reduction of machining is that a new class of forgings has been created. Known to the trade as precision forgings, this class of products closely approaches a finished part, requiring very little machining. While it is more costly to produce, it is often more economical. A conventional forging must be expensively machined to precision tolerances, and offers a slightly lower strength-weight ratio. Also, in the case of precision forgings, the design proportions have been reduced by approximately 50% of those indicated in "Designing for Alcoa Forgings," a design book published by Alcoa.

3. THE LARGE PRESSES make possible the use of light metal forgings for a number of new applications. These are generally made possible by combining the advantages of increased press size with increased pressure available. In the language of the designer, these new applications include:

a. Wing beam carry-through fittings. Interest in this item stems largely from the increased area that can be accommodated on the presses.

b. Landing gear bulkheads, particularly for large airplanes. Depending upon the size of the airplane, these parts would combine the features of precision forgings with a simple increase in size.

c. Wing beams consisting of upper and lower caps integral with the webs. This part is a structural "I" beam which runs from the base of a wing to its tip, tapering-off in the size of its cross section toward the end of the wing. There is considerable competition on this application between extrusions produced on the large extrusion presses of the U.S.A.F. Heavy Press Program, and forgings. Forgings have the advantage of being able to taper the section to conform to the tapering depth of the wing, as well as to reduce the cross sectional area of the caps of the "I" beam as required by the reduced bending load near the outboard end.

d. Combinations of parts formerly assembled from several sections. Larger parts of conventional type, or even precision forgings, can be made to replace aircraft sections that formerly had to be produced on an assembly of sheet, plate, castings and forgings. When made as one part, the required strength is achieved with substantial weight reduction.

e. Reinforced skin panels. It is possible in the giant presses to forge sections of the wing skin or surface of the aircraft with structural stiffeners or ribs forged as part of the skin. These sections can be forged with the rather thick pads required for efficient attachment of the wings. This part must inherently be a precision forging, and the maximum capacity of the 50,000 ton press will be taxed to provide panels of adequate area even for fighter aircraft. This type of forging is probably the closest approach possible at present to the concept of forging entire aircraft sections at one time.

Stanford U. Students

Visit Air Force Bases

Cadets of AFROTC Detachment #50 of Stanford University have recently traveled to two Air Force bases in Northern California for orientation in base life and functions.

On the first trip, about 90 students, accompanied by Col. Ralph W. Keller, Professor of Air Science at Stanford; Maj. Edmund J. Mantani, and Mr. Walter Findeisen and Mr. Gordon Gibb of the University staff, visited Hamilton Air Force Base. The group saw air defense facilities at the base including the "blockhouse" where information about aircraft movements in the area is processed.

The second trip, to Mather Air Force Base near Sacramento, visited the navigator and radar observer training program at that base. Maj. Fred C. Chase and Capt. Kenneth A. Midkiff of the Stanford AFROTC staff accompanied the group.

Born

ABERNATHY—Born at Quantico, Va, 2 May, to 2d Lt and Mrs Robert Abernathy, a son, Robert Taylor, IV.

AKEY—Born at Ft Riley, Kans, 1 May, to 1st Lt and Mrs Charles D Akey, a son, Charles Steven.

ALBERT—Born at Quantico, Va, 7 May, to Capt and Mrs Alan Albert, a daughter, Jill Leane.

AINSLEY—Born at Wiesbaden, Germany, 15 Apr, to 1st Lt and Mrs Norman G Ainsley, a daughter, Robin Marie.

ATWELL—Born at Ft Riley, Kans, 30 Apr, to 1st Lt and Mrs Billy J Atwell, a son, Stephen Jarrell.

BALDWIN—Born at Walter Reed AH, Washington, DC, 7 May, to 2d Lt and Mrs Thomas S Baldwin, a son.

BALES—Born at Ft Ord, Calif, 26 Apr, to 1st Lt and Mrs Glen Bales, a daughter, Kathleen Marie.

BARTH—Born at Landstuhl, Germany, 23 Apr, to Capt and Mrs John E Barth, a son.

BARTHOLOMEW—Born at Ft Belvoir, Va, 2 May, to CWO and Mrs Ralph Jay Bartholomew, a son.

BELICOSE—Born at Ft Monmouth, NJ, 3 May, to CWO and Mrs Ralph J Belicose, a son.

BENNETT—Born at Ft Monmouth, NJ, 4 May, to Capt and Mrs Robert N Bennett, a daughter.

BENSON—Born at Bremerhaven, Germany, 19 Apr, to 1st Lt and Mrs Dorothy M Benson, a son, Timothy M.

BLUM—Born at Wiesbaden, Germany, 16 Apr, to Capt and Mrs Julius M Blum, a son, Eric Michael.

BOCK—Born at Wiesbaden, Germany, 14 Apr, to M/Sgt and Mrs Waldon H Bock, a son, Waldon Harold, Jr.

BOLES—Born at Cp Stewart, Ga, 30 Apr, to 2d Lt and Mrs Max G Boles, a son.

BRECKINRIDGE—Born at Little Rock, Ark, 6 May, to Capt (USMC) and Mrs James T Breckinridge, a son, John Cabell, namesake of his uncle, 1st Lt Breckinridge who was killed in Korea, and grandson of Mrs James C Breckinridge, of Summit Point, West Va, and the late Lt Gen Breckinridge, USMC, and of the late Mr and Mrs James J Harrison, of Little Rock. Captain Breckinridge is serving in Japan with 3d Marine Div.

BUCHANAN—Born at Walter Reed AH, Washington, DC, 5 May, to WO and Mrs William Buchanan, a son.

BULLOCK—Born at Ladd AFB, Alaska, 28 Apr, to 1st Lt and Mrs Wayne S Bullock, a son, Kirby Wayne.

CAMPBELL—Born at Ft Knox, Ky, 29 Apr, to 1st Lt and Mrs Donald A Campbell, a son, Donald Arthur, Jr.

CAPASSO—Born at Ft Knox, Ky, 2 May, to Maj and Mrs Sal Capasso, a son, Garry Robert.

CASPER—Born at Quantico, Va, 2 May, to 1st Lt and Mrs Jay Casper, a son, James Theodore.

CLAIRE—Born at Ft Richardson, Alaska, 20 Apr, to 1st Lt and Mrs Raymond M Claire, a son, Gary Chandler.

CLAY—Born at Rodriguez AH, Ft Brooke, PR, 4 May, to Capt and Mrs Morrison F Clay, a son, Wade Hampton.

CLEMONS—Born at Wiesbaden, Germany, 19 Apr, to 1st Lt and Mrs Lemuel Clemons, Jr, a daughter, Vandette Oneill.

COATES—Born at Ft Richardson, Alaska, 12 Apr, to Capt and Mrs Norman W Coates, a daughter, Sally Jeanne.

CARSON—Born at Walter Reed AH, Washington, DC, 4 May, to Capt and Mrs Charles P Carson, a son.

CONNIFF—Born at Ft Belvoir, Va, 4 May, to Capt and Mrs William John Conniff, sr, a son.

CONWAY—Born at Ladd AFB, Alaska, 3 May, to M/Sgt and Mrs John H Conway, a son, Terrance Renea.

COOK—Born at Ft Belvoir, Va, 1 May, to Maj and Mrs Marshall Avert Cook, a daughter.

COVE—Born at Paris, France, 28 Apr, to M/Sgt and Mrs Alvert Cove, a son, Richard.

DAVIDSON—Born at Scott AFB, Ill, 24 Apr, to Maj and Mrs Rupert R Davidson, a son, Robert Mark.

DAVIS—Born at Ft Riley, Kans, 28 Apr, to 1st Lt and Mrs Donald D Davis, a daughter, Pamela Sue.

DAVIS—Born at Reese AFB, Tex, 29 Apr, to 1st Lt and Mrs Jessie W Davis, a son, Charles Stephen.

DAVIS—Born at Ft Dix, NJ, 30 Apr, to 1st Lt and Mrs Richard Davis, a son, Steven Conrad.

DENTON—Born at Paris, France, 24 Apr, to Cdr and Mrs William Denton, a son, William.

DILLS—Born at Ft Monmouth, NJ, 8 May, to 1st Lt and Mrs Earle E Dills, a daughter.

DYER—Born at Maxwell AFB, Ala, 27 Apr, to 1st Lt and Mrs Franklin A Dyer, a daughter, Paige Allen.

Obituaries

Col. William Clinton Wise, USMC-Ret.

Burial services for Col. William Clinton Wise, USMC-Ret, who died at San Mateo, Calif., on 4 May, were held at Cypress Lawn Cemetery, San Bruno, Calif.

Born in Brooklyn, N. Y., the son of the late Adm. (USN, USNA '64) and Mrs. William C. Wise, in 1883, Colonel Wise served in the Spanish-American War as a Naval Cadet, before receiving his appointment in the Marine Corps, as a 2d lieutenant in 1905. During WWI, he served overseas with the American Expeditionary Forces. He was retired from active duty, with thirty years service in 1935. In 1942, Colonel Wise was recalled from retirement. He served as Chief of Staff of the Marine Corps' Pacific headquarters at San Francisco, until his second retirement from active duty.

He is survived by his widow, Mrs. Louise B. Wise of 71 El Portal St., San Mateo; one son, W. C. Wise, 3d; one sister, Mrs. Nellie Virginia Wise Fuller of Columbus, Ohio,

widow of Col. Arthur L. Fuller, USA; two nephews, Col. A. L. Fuller, Jr., USA, of Ft. Bliss, Tex., and Col. H. G. Fuller, USA, of Ft. Leavenworth, Kans.; and two nieces, Mrs. Melton A. Hatch, wife of Colonel Hatch, USA-Ret., of Sarasota, Fla., and Mrs. Thomas F. Spencer, wife of Lt. Colonel Spencer, USA, of 3827 Ingalls St., Alexandria, Va.

1st Lt. Anne Williamson, ANC, USA-Ret.

Burial services for 1st Lt. Anne Williamson, ANC, USA-Ret, 83, a veteran of the Spanish-American War and WWI, who died at San Francisco, Calif., on 7 April, were held at the National Cemetery, Presidio of San Francisco.

Lieutenant Williamson entered the Service in 1901 and saw duty in the Philippines, at Manila and on Corregidor. She was honorably discharged in December 1906, and, until 1917, held civilian nursing positions at Cook County Hospital as Head Nurse; at the Illinois Training School for Nurses as Supervisor; and as Superintendent of the Glenville Hospital School of Nursing, Cleveland, until she became Superintendent of Glenville Hospital. Lieutenant Williamson was reappointed in the U. S. Army Nurse Corps, in 1917. Her assignments as Chief Nurse were at Ft. McHenry, Md; Walter Reed General Hospital; the Sternberg Hospital, Manila; the Camp Grant, Ill. Hospital; Letterman General Hospital; and the Camp John Hay Hospital, Manila. She saw detached duty in Japan, and served as Chief Nurse at Ft. Benning, Ga., Schofield Barracks, T. H., the Army and Navy Hospital, Hot Springs, Ark., and at Ft. Bragg, N. C.

She was retired from active duty in November 1937.

Sixth Army Picks Its Rifle Team

Membership of the rifle and pistol teams which will represent Sixth Army in the All-Army matches 12-17 June at Ft. Benning, Ga., has been announced.

Captain of the Sixth Army teams will be Col. Leon D. Rouge from the Presidio of San Francisco, while Lt. Col. Virgil M. Corbin, assigned to California Military District Headquarters at the Presidio, will captain the Reserve teams.

Final selection of team captains and coaches for the Army delegations will be up to Colonel Rouge, but presently tabbed for these positions are:

RIFLE TEAMS—Captains, Capt. Joseph B. Berry, Oakland Army Base; Capt. Raynold S. Dobak, Headquarters, 2d Infantry Division; 1st Lt. Theodore M. Small, Jr., Company H, 5th Infantry Regiment. Coaches, 1st Lt. Robert W. Lang, Headquarters, 2d Division; M/Sgt. Joseph Svela, Ft. Lawton, and M/Sgt. Lawrence J. Bryant, 702d Ordnance Battalion, 2d Division.

PISTOL TEAMS—Captains, Capt. John F. Dadds, Headquarters, 555th Field Artillery Battalion, Ft. Lewis; Capt. James B. Rees, University of Washington ROTC Instructor Group, Coaches, Sgt. 1/c Ralph R. Miller, 2d Military Police Company, 2d Division, and M/Sgt. James L. Wade, Presidio of San Francisco.

RESERVE TEAMS—Rifle Captains, Lt. Col. Virgil M. Corbin (chief captain), California Military District; Maj. Clarence M. Murray, Ft. Lawton; Maj. Lester P. White, Los Angeles. Rifle Coaches, Col. Paul B. Harter, Oakland Army Base (chief coach), Maj. Corwin B. Helm, Bend, Ore.; Maj. Eugene F. Bayless, Phoenix, Ariz. Pistol Captains, Col. John W. Haines, Salt Lake City, Utah; Col. James C. Greenway, Seattle. Pistol Coaches, Maj. Henry C. Thomson, San Gabriel, Calif.; Lt. Col. James M. Newhall, Phoenix, Ariz., and Lt. Col. William C. Corbett, La Campana, Calif.

M/Sgt. Marvin B. Fitzpatrick, from Headquarters Battery, 15th Field Artillery Battalion, led the list of 39 rifle team nominees, while Sgt. 1/c Ralph R. Miller, 2d Military Police Company, headed the 23 pistol candidates. Fitzpatrick's aggregate score of 643 was good for third place in overall rifle competition standings in last week's meet. Miller's 554 aggregate topped all shooters in the pistol matches.

COMMITTEE DENIES GROCERY CUT

The House Appropriations Committee has voted not to cut the grocery bill for Service families.

A Pentagon proposal to erase commissary surcharges—which cost military personnel and their families about \$10 million annually—was denied by the Committee.

In reporting out the Defense appropriations bill for the coming fiscal year, the Committee retained the provision which forces the Services to impose a surcharge tax on commissary purchases —3½ per cent in the U.S. and 3 per cent overseas.

INDUSTRY IN DEFENSE

OFFICERS FROM THE INDUSTRIAL COLLEGE of the Armed Forces visited the Great Arrow plant, Electronic Systems Division, of Sylvania Electric Products Inc., as part of their curriculum in logistical studies. Representative officers from four Armed Services pose with Henry Lehne, general manager of Sylvania's Electronic Systems Division—left to right: Capt. H. Arnold Karo, USCG; Col. Sherwood E. Buckland, USAF; Henry Lehne; Capt. Burnham C. McCaffree, USN; and Col. Gordon K. Smith, USA, faculty representative in charge of the group.

Curtiss-Wright Buys Land For Bombproof Assembly Plant and Research Facilities

Roy T. Hurley, chairman and president of the Curtiss-Wright Corporation, revealed this week that his company has acquired land for an emergency assembly plant and bombproof headquarters and research facilities for use in event its metropolitan plants should be destroyed by an enemy attack.

The company has purchased some 53,000 acres near the geographic center of Pennsylvania where it will build facilities to test noisy jet engines. However, the site also will provide a place for the assembly of jet engines should present plants be wiped out. Mr. Hurley said the engines could be assembled from parts supplied by sub-contractors.

Bomb-proof headquarters with shelters for storing records, blueprints and drawings, plus research facilities, will be constructed on a 5,000-acre plot which the company has contracted for in the Ramapo Hills in the northwest corner of New Jersey.

In addition, Curtiss-Wright plans to acquire 100,000 acres in the Rocky Mountains. However, Mr. Hurley declined to

identify the site more precisely because of "unfortunate experience" with speculators.

At a press luncheon at the Hotel Statler in New York City, Mr. Hurley reported that his company made during the first quarter of this year net profits of more than 5 per cent of sales. Earnings were \$6,820,707, or 91 cents a share, on \$123,496,571 of sales. Last year's first quarter net was \$3,193,942, or 39 cents a share, on \$112,440,399 of sales.

He said 40 per cent of the profits came from civilian business, notably sales of turbo-compound engines to air lines. Although first-quarter profit percentage of sales put Curtiss-Wright well on top of the industry, the company and the aircraft industry are still behind manufacturing generally, he said.

Mr. Hurley called for a drastic replacement of machine tools to reduce production costs. He also urged tax and contract incentives to increase the use of privately-owned plants and equipment and decrease the use of Government equipment.

Volume Shipments Begin For Tacan Gear

Volume shipments of TACAN equipment to the Navy "under the largest military program in the history of the company" is reported by President H. Leslie Hoffman of Hoffman Electronics Corp. in Los Angeles.

In a report to stockholders this week, he noted that Hoffman Laboratories, a subsidiary, holds contracts for TACAN equipment totalling about \$25 million, according to information already released.

The TACAN system provides the aircraft pilot with "continuous and extremely accurate information on the position of his aircraft, both as to distance and direction of flight, relative to a fixed ground station," a company announcement said.

Present production schedules for TACAN equipment run through the end of next year.

193 Mobile Exchanges Now Operating in U. S.

A total of 193 mobile exchanges are now in use in the domestic Army and Air Force Exchange Service, Maj. Gen. H. L. Peckham, USA, Chief, A&AFES, has announced.

"Our mission is service," General Peckham stated. "Many Army and Air Force personnel are frequently assigned to duties on flight lines, firing ranges, maneuver areas, and similar remote places where it is impractical to establish permanent exchanges. Our solution has been to utilize mobile retail stores and snack bars to bring such personnel the service they require. It has proven to be both economical and practical."

NEW 'CEPTOR VERSION

Northrop Aircraft, Inc., of Hawthorne, Calif., has announced it is building a new version of the twin-jet Scorpion all-weather interceptor known as the F-89H for the Air Force. No details and no photographs of the new fighter plane were released.

Good Finance Service Stressed at AFFC

"Good finance service is necessary if we are to benefit the Air Force as a whole," Maj. Gen. John R. Gilchrist, Director of Finance, U. S. Air Force, and Commander of the Air Force Finance Center in Denver, stated recently in addressing the closing sessions of the world-wide Staff Finance Officers conference at the Air Force Finance Center, Denver, Colo.

Staff finance officers from the major commands of the Air Force who together are responsible for the annual expenditure of over 17 billion dollars were present for the conference held at the "Finance Capitol of the Air Force" in Denver during the first week of May.

Citing accomplishments of the Air Force Finance Network, General Gilchrist spoke of the establishment of a program covering the basic resources needed to operate the network, the increased effectiveness in the assignment of career finance officers, and the more recent mechanization of commercial account pay procedures and the new semi-monthly pay plan for Air Force personnel.

You'll get special attention from Journal advertisers—they cater to Service personnel.

Aerobee-Hi Rocket Goes 123 Miles Over Holloman

A new model of the Aerobee Rocket designed to obtain information on the atmosphere at altitudes up to 135 miles was launched at Holloman Air Development Center recently.

According to Air Research and Development Command scientists the new model, the "Aerobee-Hi", carried an extra heavy load of instruments on its first flight and attained an altitude of about 123 miles. The launching was the first in a series which will carry through 1956.

Scientists of the Air Force Cambridge Research Center, Wright Air Development Center and Holloman Air Development Center, all major units of the Air Research and Development Command, and the Navy have cooperated in the development of the Rocket which is expected to obtain data on solar radiation, sky brightness and other important natural phenomena encountered at altitudes well above 100 miles.

The rocket was manufactured by the Aero-Jet General Corporation of Azusa, Calif., and was powered by a 4,000 pound thrust motor. At the height of its flight, the Aerobee-Hi remained suspended for a fraction of a second, then began its fall back to earth. At about 20,000 feet, the nose cone with its instruments was blown off and the parachute automatically opened. The 195 pound payload is believed to be the heaviest to be parachute recovered from a rocket flight.

Involved in the first launching of an Aerobee-Hi was Capt. James S. Hurst, Holloman's Aerobee Project Officer, Mr. T. B. Walker, Project engineer for the Aerojet-General Corp., Mr. Elbert L. Eaton, Mr. Robert M. Slavin, Mr. Louis Kraft, Jr., all of the Air Force Cambridge Research Center, and Mr. Arlin O. Funderburg, project Engineer from Wright Air Development Center.

Earlier models of the Aerobee have been launched by both the Air Force and Navy. A number of the regular Aerobees had been launched by the Air Force Launch teams since 1949. The Aerobee-Hi is manufactured of lighter, stronger metals than previously used and is nearly 30 feet in length. The launch tower at Holloman can be tilted to give initial aiming to the missile.

XV-1 Shifts in Flight From Rotor to Prop

Successful conversion from helicopter to conventional airplane flight has been announced by the McDonnell Aircraft Corporation of St. Louis. The flight was achieved by McDonnell's XV-1 Convertiplane, an experimental liaison reconnaissance and research aircraft development for the Army by the Air Force.

The flight was made at Smartt Field, near St. Louis, and the pilot was John R. Noll, Chief Test Pilot of the McDonnell Helicopter Division.

The fourplace XV-1 has an overhead rotor, similar to those on conventional helicopters, for vertical flight while a pusher type propeller and the airplane's wings permit airplane flight.

In changing over from helicopter to conventional airplane flight, the pilot takes off and flies forward as a helicopter until he exceeds the stalled speed of the XV-1's wings. Power then is shifted from the rotor to pusher propeller and the flight controls are shifted from rotor to conventional aircraft type. Lift is provided by the XV-1's wings while the overhead rotor is allowed to "windmill."

The rotor of the XV-1 is driven by McDonnell developed pressure jet engines located at the tip of each of the three blades. The pusher propeller is powered by a Continental R-975-19 reciprocating engine. This engine also is used to drive compressors which supply air to the pressure jets during helicopter flight.

Procurement Post

COL. LEROY C. LEWIS has been named Chief of the Chicago Air Procurement District. He succeeds Col. Robert L. Finkenstaedt, who has been released from active duty. Prior to his new assignment, Colonel Lewis was chief of the Boston Air Procurement District.

Engine Standardization Underway, Say Officials

Pentagon officials denied this week that there is any undue delay in the drafting of the directive to standardize jet engines for military use. One official stated that there had been unusual agreement and cooperation between the Services and denied that either the Air Force or the Navy had presented any new or alternate plans.

Another high Pentagon official stated: "The special six-man committee appointed by Secretary Wilson to draft a directive that would reduce the number of types and sizes of aviation turbine engines has been carrying out its instructions. The technical working group of this committee has completed a modified draft of the original directive and it will be presented to the whole committee as soon as possible. It is hoped that an approved directive will be available within the next 30 days."

"While of concern to the engine builders this problem is primarily a military one and must be solved by Defense officials."

Members of the special six-man committee, appointed by Secretary Wilson, whose chairman is Assistant Secretary Frank D. Newbury (Applications Engineering) are reported to have discussed the problem with individual engine and air frame companies who favored some kind of standardization.

Raytheon Buys Branch Plant In Lowell, Mass.

Raytheon Manufacturing Company, of Waltham, Mass., has arranged to purchase the large plant and property in Tewksbury and South Lowell which was formerly the South Lowell Ordnance Plant, later occupied by Davis Aircraft Company.

The plant's 210,000 square feet of production area have been converted to electronics manufacturing facilities, and have been operating as a Raytheon branch plant since 1952, under lease. Approximately 700 employees are engaged in government classified work there. More than \$2,000,000 worth of modern precision machinery and tooling have been provided by the Navy's Bureau of Aeronautics and the Army Ordnance.

Ex-Navy Officer Joins Robertshaw-Fulton

Appointment of Herbert W. Witt as field engineer in the Seattle area has been announced by the Aeronautical Division of Robertshaw-Fulton Controls Company. The division, located at Anaheim, Calif., manufactures precision components and instruments for aircraft and other military applications.

Mr. Witt was previously senior facilities engineer of Boeing Airplane Co. He served as a Navy officer during the Korea hostilities, as well as during WW II.

Aircraft Year Book Out

The 1954 Aircraft Year Book, the official record of the aviation industry's activities and accomplishments during the calendar year, has been published by the Lincoln Press, Inc., Washington, D. C. It is an official publication of the Aircraft Industries Association. Price is \$6.

The year book reviews aircraft production during 1954, charts a chronology of aviation events from early aviation history through the end of 1954, gives a complete rundown on the latest in airborne weapons, and contains the complete current official aviation records, the men and the machines, dates and places and precise figures.

Kenneth Koyen GD Rep.

Kenneth Koyen has been appointed Washington public relations representative of General Dynamics Corporation, Patrick J. Sullivan, public relations director, has announced.

Mr. Koyen, formerly public relations manager of Pratt & Whitney Aircraft, East Hartford, Conn., will assume his duties in the newly created post at General Dynamics' Washington Office, 1001 Connecticut Avenue.

He formerly was on the editorial staff of the New York Herald Tribune in New York City and in Paris.

U. S. COAST GUARD

Secretary of The Treasury—George M. Humphrey
Commandant—Vice Adm. Alfred C. Richmond

HHEADQUARTERS notes that some certifying officers are making errors in checkages of sea duty pay for periods of leave taken by enlisted men attached to sea duty.

It is pointed out that under provisions of paragraph 2B01045-2d of the Comptrollers Manual, a member attached to sea duty taking leave is entitled to special pay for sea duty except while on leave in the continental United States. This means, Headquarters says, that an enlisted man on sea duty in a territory or possession of the United States, as well as in a foreign country, is entitled to sea duty pay while on leave. The fact that an EM's home of record might be in the territory or possession of the United States where leave is taken has no effect on his entitlement to sea duty pay.

In addition, there are instances of foreign duty pay being erroneously checked in the cases of men recruited and temporarily stationed in the Philippine Islands. Certifying officers are still making use of the authority contained in paragraph 2B01045-3b (3), Headquarters finds. This practice should be halted, it is stated, since the paragraph ceased to be applicable on 4 July 1946 when the Philippine independence was achieved.

Loran Assignments

The eight Regular Coast Guard lieutenants (jg) and the three Reserve Ensigns listed below, having just completed courses at the Training Station at Groton, have been assigned as commanding officers of the indicated Loran stations:

Lieutenant (jg)

Raymond H. Baetsen, jr., Grand Turk, Jamaica, B. W. I.
John D. Costello, Adak Is., T. A.
John F. Ellis, Attu Is., T. A.
Robert S. Lucas, Eniwetok, Marshall Is.
Leon D. Santman, San Salvador, Bahama Is.

Willie W. Thurmond, jr., Miyako Jima, Ryukyu Is.
Eugene G. Verrett, Okinawa, Ryukyu Is.
Siegurd E. Waldheim, Aguadilla, P. R.

Ensign

Christopher J. Aeschlimann, Cape Christian, Baffin Is.
Donald N. Gurstein, Cape Atholl, Greenland.

Frank L. Soule, Tarumaitao Point, Palawan, P. R.

Operations

Rockaway—departed the Yard and returned to her regular duties at New York.

Cook Inlet—completed three weeks underway refresher training at Chesapeake Bay and returned to her regular station at Portland.

Laurel—reported to her regular station at Rockland, Maine, after completing repair availability at the Yard.

Klamath—completed three weeks underway refresher training at San Diego and resumed her regular duties at Seattle.

Westwind—reported to Commander-in-Chief and Commander, Task Force Six for temporary duty and operational control in connection with Summer operations.

Jonquil—will be at the Yard for repair availability until about 2 July.

ASSIGNMENT CHANGES

Captain

Eastman, Frederick G., CGD1; to CGD3 (Chief, Engr Div).

Commander

Serenberg, Russell A., jr., CGD8; to CGD12 (cdr).

Lt Commander

Chockluk, Gregory D (R), OCMI, Baltimore, Md; to Home.

Dahlgren, Wallace C., CGAS, Salem, Mass; to CGAIRDET Annette Is., T. A. (DIFOT).

Decker, Gerard R (R), CGAIRDET, Annette Is., T. A; to CGAS, Brooklyn (DIFOT).

Flessas, James P., CGAS, St Petersburg; to CGAIRDET, Sangley Pt., T. H. (XO; DIFOT).

Franke, Lloyd E., CGAIRDET, Sangley Pt., T. H.; to CGAS, Salem, Mass (DIFOT).

Lundebay, Kenneth W (R), CGAS, Traverse City, Mich; to CGAIRDET, Annette Is., T. A. MacWhinney, Thomas M., CGAIRDET, Annette Is., T. A; to CGAS, St Petersburg (DIFOT).

Partridge, Willis G., Chincoteague; to CGD5 (Chief, Readiness Section).

An artist's drawing depicts the memorial honoring the men and women who served in the U. S. Coast Guard during WWII. The statue, cast in bronze and mounted on a 10-ton base of Maine granite, will be dedicated at Battery Park, New York City, on 30 May. It represents the humanitarian side of the Coast Guard's mission. The monument was made possible by the efforts and financial contributions of thousands of Service men and women.

Lieutenant

Angell, Roy K., HQ; to US Naval Administrative Unit, MIT, Cambridge, Mass (DUINS Electronics Engr).
High, Leslie D., CGAIRDET, Kodiak, T. A; to CGAS, Traverse City, Mich (DIFOT).
Martinson, Charles B., jr., CGTRASTA, Groton, Conn; to Pontchartrain.
McIntyre, John J (R), CGAS, St Petersburg; to CGAIRDET, Annette Is., T. A. (DIFOT).
McLaughlin, Robert V., CGD5; to CGTRASTA, Groton, (OinC, GM & FC School).
Ragan, Richard C., CGAIRDET, Quonset Point, R. I; to CGAIRDET, Guam, M. I. (DIFOT).
Reynolds, James B., Chincoteague (line); to Chincoteague (XO).
Riddell, John E., jr., Marlon; to CGD5.
Scarborough, Robert H., CGD5; to Chincoteague.
Smith, Charles W., COTP, Seattle; to COTP, Jacksonville (Admin pending retirement).
Unsinn, Otto F., Academy; to Eastwind.

Lieutenant (jg)

Colmer, Charles C., CGAIRDET, Guam, M. I; to CGAS, Traverse City, Mich (DIFOT).
DeLatt, Peter J., jr., Taney; to U. S. Naval Administrative Unit, MIT, Cambridge, Mass (DUINS Naval Const & Engr).
Farley, Eugene P., CGAIRDET, Annette Is., T. A; to CGAS, Salem, Mass (DIFOT).
Faucher, Roland A., Chautauqua; to CNABASTRA, NAS, Pensacola, thence; to CNABASTRA, NAS, Corpus Christi, (DIFOTINS).
Fournier, John H., CGD14; to Winnebago (EO).
Haughey, Richard O., Humboldt; to US Naval Administrative Unit, MIT, Cambridge, Mass (DUINS Naval Const & Engr).
Hodges, Richard D., CGD14; to CGBASE, Sand Is., T. H. (Civil Engr).
Kelly, James R., Bering Strait; to US Naval Administrative Unit, MIT, Cambridge, Mass (DUINS Naval Const & Engr).
Klenk, John L., Androscoquin; to US Naval Administrative Unit, MIT, Cambridge, Mass (DUINS Electronics Engr).
Kralne, Gilbert L., CGLORSTA, Palau Angaur Is. C. I; to US Naval Administrative Unit, MIT, Cambridge, Mass (DUINS Naval Const & Engr) CGLORSTA Palau Angaur Is; to COTP, Miami, canceled.
Larkin, Charles E., jr., CGAIRDET, Quonset Pt., R. I; to CGAIRDET, Kodiak, T. A. (DIFOT).
Lesperance, Gerald O., CGD14; to Matagorda (EO).
Lobkovich, John F., Kukui; to US Naval Administrative Unit, MIT, Cambridge, Mass (DUINS Naval Const & Engr).
Madson, Roger L., Half Moon; to Coos Bay (EO).
Masley, Paul J., Castle Rock; to CGD1 (Admin pending resign).
Matherly, Charles W., Casco; to Gresham (Engr).
Meade, Kermit R., CGLORSTA, Matsumae, Hokkaido, Japan; to US Naval Administrative Unit, MIT, Cambridge, Mass (DUINS Electronics Engr).
Pedersen, Joseph G (R), CGAS, San Francisco; to CGAIRDET, Guam, M. I. (DIFOT).

"Baffled" Sergeant Kilroy Here In D. C. Meets C-in-C, Gets Top Echelon Acclaim

"Utterly baffled" at sudden orders for air transportation from Hawaii to Washington, M/Sgt. Kilroy, (George A.) was in the Nation's Capital over the weekend for a rousing visit.

He met President Eisenhower, the Commander-in-Chief, at the Gridiron Club dinner on 7 April, where a galaxy of top Service officers and civilian leaders of the Government acclaimed the sergeant with the much travelled name. It was part of the Club's tribute to V-E day.

On Sunday, Sergeant Kilroy told THE JOURNAL he "didn't know what hit me when orders came through to report to Washington."

The Gridiron Club, famed newspapermen's group, wanted "Kilroy," a veteran of WWII service in Europe, to be their guest, along with General of the Army Eisenhower, the one time Supreme Allied Commander. The Army came through.

This week, the Sergeant returned by plane to duty as sergeant major for the

Hawaii National Guard advisor.

The hundreds who attended the Gridiron Club dinner and reception could, with President Eisenhower, say that Kilroy, indeed, had been there and that he had scored a smashing personal victory.

Among other Service personnel attending the top level dinner given by the 70-year-old organization of Washington newspaper correspondents were:

Secretary of Defense Charles E. Wilson.
Cdr. Lynn S. Beedle, USNR.
Col. Edwin S. Bettelheim, Jr., USAR.
Capt. Taylor Branson, USMC.
Adm. Robert P. Briscoe, USN.
Lt. Col. Robert B. Carney, Jr., USMC.
Adm. Robert B. Carney, USN, Chief of Naval Operations.
Col. D. J. Crawford, USA-Ret.
Gen. Jacob L. Devers, USA-Ret.
Gen. James H. Doolittle, USAF-Ret.

Maj. Gen. Merritt A. Edson, USMC-Ret.
Gen. Leonard T. Gerow, USA-Ret.
Col. M. Robert Guggenheim.
Brig. Gen. Floyd A. Hansen, USA.
Col. C. E. Hutchins, Jr., USA.
Capt. Walter Karig, USNR (Ret.) (A member of the Club.)
Vice Adm. Alan G. Kirk, USN (Ret.).
Brig. Gen. Thomas A. Lane, USA.
Fleet Adm. William D. Leahy, USN.
General of the Army George C. Marshall, USA.
Col. Ray T. Middleton, USAF.
Rear Adm. Clinton A. Misson, USN (Ret.).
Adm. George D. Murray, USN (Ret.).
Gen. Arthur E. Nevins, USA-Ret.
Maj. Gen. Wilton B. Persons, USA-Ret.
Adm. Arthur W. Radford, USN, Chm., Jt. Chiefs of Staff.
Brig. Gen. Theodore S. Riggs, USA.
Capt. Albert F. Schoepper, USMC.
Col. Robert L. Schulz, USA.
Capt. Lemuel C. Shepherd, III, USMC.
Gen. Lemuel C. Shepherd, Jr., Commandant, USMC.
Gen. Walter Bedell Smith, USA-Ret.
Maj. Gen. Howard McC. Snyder, MC, USA-Ret.
General Carl A. Spaatz, USAF-Ret.
Lt. Col. G. B. Springston, USA.
Adm. Harold R. Stark, USN-Ret.
Gen. Thomas D. White, USAF Vice Chief of Staff.

IT'S HERE—CATERPILLAR ANNOUNCES THE

D9

230 HP (Drawbar)
56,200 LB.

THE D9...PROVEN IN THE FIELD FOR A YEAR!

Though new, the CAT® D9 is already a veteran. After exhaustive proving-ground tests, several D9s have been tested for over 19,128 hours on the toughest jobs in logging, construction, mining and quarry work. These jobs tested every inch of this mighty new machine. The word from the field: "By far the best big tractor ever made."

RUGGED—AND EASY TO SERVICE!

From its one-piece welded steering clutch case-frame assembly, to its track shoes hardened by the "Water Quench" process, the D9 is the toughest crawler built. And, it's designed for easy servicing. Oil clutch, torque converter, transmission case and steering clutches can each be removed individually without disturbing other components. Hydraulic track adjusters make service easier, too.

EASY TO OPERATE!

- The independent "live shaft" drive for cable controls makes operation smoother, easier.
- Hydraulic boosters provide power steering and braking.
- Adjustable seat, all-around visibility, easy access to all controls make operator's job simpler.
- 7-roller track frame improves stability and ride.
- New starting engine has electric starting system and simple single-lever control for easy operation from the seat, and insures fast starts in all weather.

All in all, the new D9 sets a new standard of big, earth-moving performance. Mail the coupon below for the full facts about this rugged yellow giant.

FAST FACTS ON THE D9

FIRST TRACK-TYPE TRACTOR WITH TURBOCHARGER! The D9's new Turbocharger is driven by the engine exhaust, utilizing energy which would otherwise be lost. Packs air into engine according to engine load, not speed; means more working HP—greater performance.

CHOICE OF TORQUE CONVERTER OR DIRECT DRIVE! Two types of drive are available, the exclusive Caterpillar oil clutch with six-speed (forward and reverse) transmission or a three-stage torque converter with 5:1 torque ratio. The transmission used with the torque converter has three speeds forward, two reverse. This option enables you to match the drive you want to your job requirements.

COMPLETELY NEW 286-HP ENGINE! In addition to the Turbocharger, the powerful new D9 Engine features a 6¼" bore and 8" stroke and runs at 1200 r.p.m. Long life and dependability are promoted by stationary oil jet piston cooling; short, rigid valve push rods give smooth, accurate valve action; "Hi-Electro" hardened gear at rear of crankshaft drives timing gears and accessories; other advanced features.

WIDE RANGE OF OPERATING SPEEDS!

Torque converter: 3 speeds forward, 0 to 4.1 m.p.h., 0 to 5.7 m.p.h., 0 to 7.8 m.p.h. • 2 speeds reverse, 0 to 4.1 m.p.h., 0 to 7.8 m.p.h.
Direct drive: 6 speeds forward, 1.6, 2.1, 2.9, 3.9, 5.0, 6.8 m.p.h.
6 speeds reverse, same

CONSTANT-POWER DRIVE FOR REAR-MOUNTED EQUIPMENT! You always have power for cable controls, direct from the engine's rear power take-off. This makes cable control operation completely independent of flywheel clutch or torque converter, boosts operating efficiency.

EQUIPMENT: New Caterpillar-built Dozers for the D9: the No. 95 Bulldozer, modified straight blade; the No. 9A Bulldozer, angling blade. New Caterpillar-built Cable Controls: the No. 29 rear-mounted, double drum; the No. 30 front-mounted, single drum.

SPECIFICATIONS: Length 17' 10¼", width 9' 11¼", height 8' 9", gauge 90", approx. wt. 54,000 lb. dry—56,200 lb. operating.
